INTRODUCTION

The Texas Education Agency (TEA), as the pass-through entity¹, is the grantee² from the U.S. Department of Education (USDE) and TEA awards subgrants to non-federal entities³ such as local educational agencies (LEAs), including school districts, open-enrollment charter schools, and education service centers, and to a lesser degree institutions of higher education (IHEs), and nonprofit organizations (NPOs) who are the agency's subgrantees⁴. These guidelines apply to all subgrantees of TEA, regardless of whether referenced herein as subgrantee or grantee. For purposes of this document, TEA may use the terms grantee and subgrantee synonymously for its subrecipients.

This document MUST be used in conjunction with the [General and Fiscal Guidelines](#) and the specific program instructions. The Adobe Acrobat Standard Application System (SAS) consists of all forms to be completed for the applicant to be eligible for funding. For applicants selected for funding, all guidelines and instructions will be incorporated by reference into the Notice of Grant Award (NOGA).

REFERENCE TO THE GENERAL AND FISCAL GUIDELINES

The Program Guidelines provide information specifically relevant to this grant program. The [General and Fiscal Guidelines](#) provide information relevant to all TEA grant programs. Throughout the Letter of Interest (LOI) Guidelines, cross-references are given to applicable sections of the [General and Fiscal Guidelines](#). **It is critical that you review all referenced sections of the [General and Fiscal Guidelines](#) when preparing your application.**

¹ Pass-through entity is defined as a non-Federal entity that provides a subaward to a subrecipient to carry out part of a federal program. (2 CFR 200.74)

² Grantee is defined as the legal entity to which a grant is awarded and that is accountable to the federal government for the use of the funds provided. The term "grantee" does not include any secondary recipients, such as subgrantees and contractors that may receive funds from a grantee. (34 CFR 77)

³ Non-federal entity is defined as a state, local government, Indian tribe, institution of higher education, or nonprofit organization that carries out a federal award as a recipient or subrecipient. (2 CFR 200.69)

⁴ Subgrantee is defined by TEA to be the same as a subrecipient which is defined as a non-federal entity that receives a subaward from a pass-through entity to carry out part of a federal program; but does not include an individual that is a beneficiary of such program. (2 CFR 200.93) Subgrantee is defined in 34 CFR 77 as the legal entity to which a subgrant is awarded and that is accountable to the grantee for the use of the funds provided.

OVERVIEW OF LOI PROCESS

The following steps provide a high-level overview of the process for responding to a letter of interest (LOI), including submitting an LOI application, and being selected for funding:

1. TEA publishes LOI application and supporting documents on the [TEA Grant Opportunities](#) webpage.
2. Eligible applicants submit LOI application, and any required attachments to TEA by the specified deadline.
3. LOI applications reviewed and scored. Note: The highest scoring applicants may be required to attend an oral interview or respond to questions regarding their LOI application.
4. TEA announces applicants selected for funding on the TEA [Grants Awarded Data](#) webpage.
5. *For LOI applicants selected for funding, the LOI application will serve as the grant application. This eliminates the need for selected applicants to submit a separate grant application.*
6. TEA staff conducts budget negotiations on the LOI application.
7. Notice of Grant Award (NOGA) issued upon successful completion of the negotiation process.

U.S. DEPARTMENT OF EDUCATION AND/OR STATE APPROPRIATIONS

Description of Program

This program will support significant improvements in educational and developmental outcomes for children and youth who live in struggling communities by providing access to great schools and access to a system of high-quality community, academic, and government resources from birth through college and a career.

Selected grantee school districts and communities will be required to complete implementation plans and implementation activities during each year of the grant to demonstrate progress towards outcomes. These implementation plans and implementation activities will be evaluated by TEA, or a TEA approved vendor, prior to the end of each grant year. TEA will work with each district to determine the most appropriate vendor services needed by the district based on needs of the school district and improved readiness levels for implementation planning and implementation execution of the Community Partnerships initiative.

Grantees will contract and work directly with the vendor to outline the statement of work that meets their specific needs. The school district project manager and the vendor representative will report planning and implementation activities progress to TEA every two weeks using a fidelity of implementation tracker. The schools will use this tool to monitor and evaluate the impact of the wrap around services that are provided by the community partners.

For the Planning Grants of the Community Partnerships Initiative, each grantee will be **required to work with the TEA appointed vendor to support the planning and implementation activities**. Planning grantees will have limited discretion over which activities vendors support, based on the specific needs of their community.
