Certification and Incorporation Statement (Only the legally responsible party may submit this Application.)

I hereby certify that the information contained in this application is, to the best of my knowledge, correct and that the organization named above has authorized me as its representative to obligate this organization in a legally binding contractual agreement. I further certify that any ensuing program and activity will be conducted in accordance with all applicable Federal and State laws and regulations; application guidelines and instructions; the general provisions and assurances, debarment and suspension certification, lobbying certification requirements, special provisions and assurances, and the schedules submitted. It is understood by the applicant that this application constitutes an offer and, if accepted by the Texas Education Agency or renegotiated to acceptance, will form a binding agreement.

2022-2024 Silent Panic Alert Technology (SPAT) Grant

Program Description PS3013 - Program Plan

A. Required Assurances

1. Select the following checkboxes to indicate your compliance with the required assurances.

- The applicant provides assurance that the application does not contain any information that would be protected by the Family Educational Rights and Privacy Act (FERPA) from general release to the public.
- Applicant provides assurance to adhere to all Performance Measures, as noted in the 2022-2024 Silent Panic Alert Technology (SPAT) Grant Program Guidelines, and shall provide the Texas Education Agency, upon request, any performance data necessary to assess the success of the program.
- Applicant provides assurance that all funds will be used for allowed purposes.
 - Purchase and installation of silent panic alert technology.
 - Maintenance/service contracts for silent panic alert technology systems.
 - Either solely or in combination with other funds, to purchase comprehensive school safety software systems that include, but are not limited to, visitor screening, safety drills, response to emergencies, and reunification but only if the silent panic alert technology is a primary component of the comprehensive system.
 - LEA personnel costs only associated with the installation of silent panic alert technologies.
 - Lease purchase of silent panic alert technologies if completely paid within the grant period.
- Applicant provides assurance that no administrative costs will be charged to this grant.
- Applicant provides assurance that any reporting information requested by TEA will be provided in the timeline and format requested by the agency.
- Applicant provides assurance that technology purchased under this grant will be compliant with any future Commissioner's Rules Concerning School Facilities related to panic alert technology requirement.
- Applicant provides assurance it will implement a communications infrastructure, which shall include a panic alert button, duress, or equivalent alarm system, via standalone hardware or integrated into other telecommunications devices, that includes the following functionality:
 - an alert capable of being triggered manually by campus staff;
 - an alert is triggered automatically in the event a district employee calls 911 from any location within the school system;
 - with any alert generated, the location of where the alert originated shall be included;
- Applicant provides assurance it will implement a communications infrastructure, which shall include a panic alert button, duress, or equivalent alarm system, via standalone hardware or integrated into other telecommunications devices, that includes the following functionality:
 - the alert notifies a set of designated school administrators as needed to provide confirmation of response, and if confirmed, notice is issued to law enforcement and emergency responder agencies of an emergency situation requiring a law enforcement and/or emergency response, and a notice can simultaneously be issued to all school staff of the need to follow appropriate emergency procedures; and
 - for any exterior doors that features electronic locking mechanisms that allow for remote locking, the alert system will trigger those doors to automatically lock and to automatically notify relevant campus staff of any door where the lock cannot engage.
