Introduction to the Program Guidelines

TEA, as the pass-through entity¹, is the grantee² from the U.S. Department of Education (USDE) and TEA awards subgrants to non-federal entities³ such as local educational agencies (LEAs), including school districts, charter schools, and education service centers, and to a lesser degree institutions of higher education (IHEs), and nonprofit organizations (NPOs) who are the agency's subgrantees⁴. These guidelines apply to all subgrantees of TEA, regardless of whether referenced herein as subgrantee or grantee. For purposes of this document, TEA may use the terms grantee and subgrantee synonymously for its subrecipients.

This part of the request for application (RFA), Program Guidelines, is to be used in conjunction with the [General and Fiscal Guidelines](#) and any application instructions. The Standard Application System (SAS) consists of Application Part 1 (PDF – narrative schedules) and Application Part 2 (Excel – budget schedules) to be completed in order for the applicant to be eligible for funding.

For applicants selected for funding, all guidelines and instructions will be incorporated by reference into the Notice of Grant Award (NOGA).

Grant at a Glance

This section provides detailed information about the grant program.

Program Purpose, Goals, and Objectives

TEA's Division of Expanded Learning Models will soon launch the Blended Learning Grant - Strategic Operations cohort. This cohort will support school districts and open-enrollment charter schools in leveraging a blended learning model to make a strategic operational shift to scheduling, staffing and/or budgets. This shift will seek to make robust operational changes to optimize campus staffing models for teachers while maximizing academic impact for students.

A major component of this grant is to provide districts participating in this work tailored support from a pool of Technical Advisors who have expertise and experience in the operational shift approach and blended learning best practices. This work also supports the grants planning process including evaluating districts documents and cohort summit conference in the 2024-2025 school year.
