# 3. Shared Services Arrangements

Shared services arrangements (SSAs) are/are not permitted for this grant.

# 4. Identify/Address Needs

List up to three quantifiable needs, as identified in your needs assessment, that these program funds will address. Describe your plan for addressing each need.

Quantifiable Need	Plan for Addressing Need
In SY 2021-22, Parnell ES scored low on TEA's accountability metrics to earn an overall rating of F (59 out of 100 points). If Parnell does not score higher than an F this year, TEA will issue sanctions.	·
extended and in-depth professional development, resulting in inconsistent quality of instruction.	In implementing the TFS model, Parnell will receive extensive professional development (both before the start of the school year and during) to master and implement the rigorous instructional model, even in remote or on line settings, ensuring students receive a minimum of 185 days of high quality instruction.
accountability systems "Closing the Gaps" domain and 52 out of 100 in the "Student Achievement" domain.	Expanding capacity and ensuring access to high quality instruction daily, will enable Parnell to implement all aspects of the TFS personalized learning model with fidelity to increase student achievement for more students, especially in targeted subgroups.

### 5. SMART Goals

1. Describe the summative SMART goal (a goal that is Specific, Measurable, Achievable, Relevant, and Timely) you have identified for this program related to student outcomes.

By June 1, 2025 Parnell ES in Jasper ISD will achieve an overall score of over 80 on the 2024-25 School Report Card of the Texas Accountability System.

2. Describe 3-5 SMART goals related to project implementation. Ensure that these goals are aligned to the purpose of the grant.

#	Implementation SMART Goal	Progress Measure
1.	By June 1, 2025 Parnell students will grow at least 1.6 times the national average for reading, math, science in grades 3-5	NWEA MAP beginning of year (BoY) compared to middle of year (MoY) data results compared to end of year (EoY)
2.	By the end of the first quarter at least 50% of the students will have progressed on average a full level on differentiated scale	Teachers will use daily demonstrations of learning [DoL] to assess progress and refine lessons and interventions at PLCs.
3.	By the end of the first quarter, 65% of the spot observations conducted by the end of Oct will be proficient or higher	Spot observation data and System Review Team (SRT) classroom observation data
4.	By the end of December, the percentage of proficiency will increase to 70% and 85% by the end of May	Spot observation data and System Review Team (SRT) classroom observation data
5.	-

Amendment #	
Amendment #1	
/ tillollalliolit //	

# 6. Measurable Progress

Describe 3-5 quarterly benchmarks you will use throughout the grant period to measure progress toward your student outcome SMART goal. For this grant the quarters are as follows: 1st Quarter = Beginning of Grant to 9/31/2024, 2nd Quarter = 10/01/2024 to 1/31/2025; 3rd Quarter = 2/01/2025 to 5/31/2025 and 4th Quarter = 6/01/2025 to 9/30/2025.

#	Benchmark Used	Goal
1.	First Quarter - BoY NWEA assessments in reading, math, and science to establish a baseline. Results of DoLs to access and refine lessons and interventions at PLCs. Spot observation data .	By the end of the First Quarter at least 50% of the students will have progressed on average a full level on our differentiated instruction scale [L, S1, S2, A].
2.	Second Quarter - NWEA MAP assessments BoY to MoY comparison data	All Parnell students will take the MoY NWEA assessments in reading, math, and science in Dec 2024.The goal is for students to demonstrate at least .9 times the ave yearly growth in U.S.
3.	Second Quarter - TFS spot observation and Systems Review Team (SRT) classroom observation data	By the end of the Second Quarter, 70% of the spot observations conducted by the end of Dec by an independent review team will be proficient or higher. [Increasing to 85% by end of May]
4.	Third Quarter - TFS spot observation and Systems Review Team (SRT) classroom observation data	By the end of the Third Quarter, 80% of the spot observations conducted by the end of Oct by an independent review team will be proficient or higher.[Increasing to 85% by end of May]
5.		

# 7. Project Evaluation and Modification

Describe how you will use project evaluation data to determine when and how to modify your program. If your benchmarks or summative SMART goals do not show progress, describe how you will use evaluation data to modify your program for sustainability.

The Third Future Schools model to be implemented at Parnell is one of continuous improvement and uses data to adjust frequently. Within the first two weeks, after the assessments described above are administered, and after the teachers have been instructing the students and analyzing their daily demonstrations of learning, Parnell will modify the "individual learning plans" and provide additional supports where needed. That support might be one-on-one literacy instruction, a reading intervention group, or remote home support. The program is already highly differentiated, and Parnell will be able to provide more targeted support for the students who need it.

Equally important is the assessment of the instruction and the fidelity with which the highly-differentiated and rigorous instruction is being implemented. The skilled school leaders and instructional coaches will be assessing the quality of instruction every day and providing feedback continuously. Parnell will be making modifications in instructional delivery from day one. If quarterly benchmarks do not show progress toward meeting the summative SMART goal, staff will look first at the quality of instruction. Staff will make targeted adjustments to professional development and provide more training for specific teachers. Leadership will also look at how the teacher is using the research-based resources provided and provided appropriate supports.

Also, if Parnell is not making sufficient progress, Parnell will provide more relevant, instructional time for the students who need it. This may require after-school tutoring or additional online learning at home. Parnell has already lengthened the school year and will require students who are behind to attend the "Fifth Quarter" that runs from the forth week in June (2025) through the end of July.

# 8. Statutory/Program Assurances

The following assurances apply to this grant program. In order to meet the requirements of the grant, the grantee must comply with these assurances. Check each of the following boxes to indicate your compliance.

- 1. The applicant provides assurance that program funds will supplement (increase the level of service), and not supplant (replace) state mandates, State Board of Education rules, and activities previously conducted with state or local funds. The applicant provides assurance that state or local funds may not be decreased or diverted for other purposes merely because of the availability of these funds. The applicant provides assurance that program services and activities to be funded from this grant will be supplementary to existing services and activities and will not be used for any services or activities required by state law, State Board of Education rules, or local policy.
- $\boxed{\times}$  2. The applicant provides assurance that the application does not contain any information that would be protected by the Family Educational Rights and Privacy Act (FERPA) from general release to the public.
- ヌ 3. The applicant provides assurance to adhere to all assurances, Statutory Requirements, TEA Program Requirements, and

   1. The applicant provides assurance to adhere to all assurances.

   2. The applicant provides assurance to adhere to all assurances.

   3. The applicant provides assurance to adhere to all assurances.

   3. The applicant provides assurance to adhere to all assurances.

   3. The applicant provides assurance to adhere to all assurances.

   3. The applicant provides assurance to adhere to all assurances.

   3. The applicant provides assurance to adhere to all assurances.

   4. The applicant provides assurance to adhere to all assurances.

   4. The applicant provides assurance to adhere to all assurances.

   4. The applicant provides assurance to adhere to all assurances.

   5. The applicant provides assurance to adhere to all assurances.

   5. The applicant provides assurance to adhere to all assurances.

   6. The applicant provides assurance to adhere to all assurances.

   6. The applicant provides assurances.

   6. The applicant provides assurance to adhere to all assurances.

   6. The applicant provides assurance to adhere to all assurances.

   6. The applicant provides assurances.

   7. The applicant provides assurance Performance Measures, as noted in the 2024–2025 Charter School Program Grant (Subchapter C & D) Program Guidelines, and shall provide the Texas Education Agency, upon request, any performance data necessary to assess the success of the grant program.
- X 4. The applicant provides assurance that they accept and will comply with Every Student Succeeds Act Provisions and Assurances requirements.
- with the State of Texas Accessibility requirements as specified in 1 TAC 206, 1 TAC Chapter 213, Federal Section 508 standards, and the WCAG 2.0 AA Accessibility Guidelines.

# 9. Statutory Requirements

1. Describe the roles and responsibilities of the eligible applicant, any partner organizations, and charter management organizations, as applicable, including the administrative and contractual roles and responsibilities of such partners.

Third Future Schools and Jasper ISD entered into a partnership agreement in December 2023 in accordance with SB 1882 (performance agreement attached). In accordance with the agreement, Jasper ISD granted Third Future Schools a subchapter C charter to operate a district campus. Jasper ISD's Board of Trustees is the authorizing agency, and the board of TFS-TX holds the charter. The primary purpose of this agreement is to improve student outcomes by authorizing Third Future Schools-Texas to operate Parnell as an independent campus subject to transparent accountability requirements, which are primarily based on the performance standards established under TEC Chapters 39 and 39A. Thus the main role and responsibility of TFS-TX is to improve student outcomes at the school by implementing TFSs' model. Third Future has has full operational control over the program, budget, staff, curriculum, calendar, and instruction. Jasper ISD's role is of an authorizer and monitors the progress of the charter operator and holds it accountable for meeting the terms of the contract and meeting established achievement and performance goals. As specified in the performance agreement, TFS-TX buys back certain services such as maintenance and nutritional services. TFS-TX has a Board of Directors that governs the organization. It has hired the Superintendent of Schools, Zach Craddock, to oversee the operations of the school and to coach the school's leadership team.

2. Describe the quality controls agreed to between the eligible applicant and the authorized public chartering agency involved (TEA or the school district authorizer), such as a contract or performance agreement, how a school's performance in the state's accountability system and impact on student achievement (which may include student academic growth) will be one of the most important factors for renewal or revocation of the school's charter, and how the authorized public chartering agency involved (TEA or the school district authorizer) will reserve the right to revoke or not renew a school's charter based on financial, structural, or operational factors involving the management of the school.

Third Future and Jasper ISD signed a contract in December 2023. Most significantly, the contract outlines key performance goals that TFS has agreed to meet. Included in the performance expectations are eight goals such as the schools' overall state accountability score, student progress domain, closing the gaps domain, and more. The contract allows Jasper ISD to terminate the agreement if TFS-TX fails to achieve five out of eight of the target goals for three consecutive years. The District may terminate the agreement on the basis of academic performance if the school receives a state academic performance rating of D or F for 3 or more consecutive years of fails to achieve academic outcomes for three or more consecutive years. There are also annual financial goals that Third Future is required to meet. Jasper ISD's authorizing policy allows further provisions for probation and revocation. Additionally, TFS shares the Student Information System with JISD and has given JISD access to all student data. TFS will also provide JISD with a quarterly report on its progress.

3. Describe how the autonomy and flexibility granted to the proposed charter school or high-quality charter school campus is consistent with the definition of a charter school in Section 4310, including how the proposed charter school campus will have a high degree of autonomy over budget and operations and personnel decisions. Include a detailed description of the ways in which the proposed charter school or high-quality charter school campus will be permitted to govern autonomously, as evidenced by the day-to-day decision makers at the campus and their input with regard to the school's curriculum, calendar, budget, and daily operations. For a charter school campus authorized by the local board of trustees pursuant to TEC, Chapter 12, Subchapter C, describe how this autonomy is above and beyond the degree of flexibility and autonomy afforded to traditional campuses within the school district.

Article V (Relationship of the parties) of the performance agreement specifies that TFS shall operate as an independent contractor and that its governing body shall remain independent of the District. Detailed areas of autonomy are outlined in Articles IX (Responsibilities) and X (School Operations) of the contract. Third Future Schools - Texas has the sole authority over matters involving academic curriculum and the instructional program; to hire employees; to compensate and establish other terms of employment for employees; to select, supervise, evaluate, to compensate and establish other terms of employment for employees; to determine the staffing plan and positions at the school; to approve or amend the budget for the School's day-to-day operations; to determine the school day, school year, and bell schedule; among others. These authorities cannot be revoked during the term of the charter contract. The autonomy granted to Third Future Schools-Texas is far above and beyond the degree of flexibility that is awarded to the other schools in Jasper ISD who do not have a charter contract.

# 9. Statutory Requirements (Cont.)

4. Describe how the planned academic program will support improved academic outcomes for educationally disadvantaged students.

Third Future Schools model that will be implemented at Parnell ES in June 2024 uses data daily to continuously improve instruction and assess academic progress. Within the first two weeks, after the assessments previously described are administered, and after the teachers have been instructing the students and analyzing their previously described are administered and after the teachers have been instruction the students and analyzing their daily demonstrations of learning, Parnell ES will modify the "individual learning plans" [ILPs] and provide additional supports where needed. That support may be one-on-one literacy support with their teacher, a reading intervention group, or remote home support. Students in every core content area take a daily "demonstration of learning" [DoL], allowing the teachers to provide more targeted, direct support for students and to engage in focused discussions during the professional learning communities [PLCs]. The NWEA assessments also provide information on the success of our instructional model. Should we not see more than average growth on any specific NWEA exam, we will evaluate whether the teacher needs additional supports of training. Additional real time assessment of instruction and fidelity with which the highly-differentiated and rigorous instruction is being implemented. The skilled school leaders and instructional coaches will be assessing the quality of instruction daily and providing feedback. This model has resulted in 100% of all TFS turnaround schools going from F to B.

5. Describe how the eligible applicant will solicit and consider input from parents and other members of the community on the implementation and operation of the proposed charter school campus.

Parent input is incredibly important to Third Future Schools-Texas. Parnell leadership has already been regularly
communicating with families using various methods of communication and will regularly seek parent input on the
operation of Parnell through monthly Parent Advisory Group meetings. There will be additional opportunities for parents to
connect with teachers due to the extended hours and the school's social media page will be a readily accessible platform
for parents and the community. Parnell ES leadership will communicate regularly with community and families through
various mediums both in person, virtually, via phone calls, and social media. Third Future Schools - Texas board meetings are another avenue for the community to provide input into the implementation and operation of Parnell.
are another avenue for the community to provide input into the implementation and operation of Fameli.

6. Describe the eligible applicant's plans for ongoing, effective parent and community engagement.

Third Future Schools-Texas' first strategy is to extend Parnell's hours to be open and available for parents to visit the school or drop off their children. The campus is open from 6:30 AM - 5:30 PM, providing parents more opportunity to engage with the school. Frequent communications from school leaders (principal and assistant principals) keep parents and families in the know and more involved. Already, before the start of schools, families receive a weekly note from the Principal and a weekly Constant Contact from the Network. The Principal of Parnell will invite parents to participate in morning convocation, literacy nights, PTA participation, student performances, and many other activities to maintain high engagement.

If more students apply than the campus is able to accommodate, TFS-TX would implement a fair and open lottery procedure in collaboration with the district. A wait list would be developed for open enrollment.  Wait Lists Once students have been selected by lottery for a particular grade, the remaining eligible students will be placed on a wait lists by order in which their names were drawn during the lottery. As spots open up, students will be selected from the wait lists by order in which their names were drawn during the lottery. As spots open up, students will be selected from the wait lists of space at their grade level will be selected from the wait lists. Siblings of enrolled students who were not given a seat due to lack of space at their grade level will be selected from the wait lists. Siblings of enrolled students who were not given a seat due to lack of space at their grade level will be selected from the wait lists in the order in which they were drawn.  Value of the wait lists. Siblings of enrolled students who were wait listed in the lottery will be selected from the wait list in the order in which they were drawn.  Wait lists will be maintained and will apply for the duration of one school year. New families who want to enroll in the school the following year must apply and enter a lottery for the following year.  10. Equitable Access and Participation  Check the appropriate box below to indicate whether any barriers exist to equitable access and participation for any groups that receive services funded by this grant.  Barriers exist to equitable access and participation for the following groups receiving services funded by this grant, as described below. If more students apply than the campus is able to accommodate, TFS-TX would implement a fair and open lottery procedure in collaboration with the district. A wait list would be developed for open enrollment.  Wait Lists Once students have been selected by lottery for a particular grade, the remaining eligible students will be placed on a wait lists to order in which their names were drawn during the lottery. As spots open up, students will be selected from the wait lists in the following order:  1. Sibling wait list. Siblings of enrolled students who were not given a seat due to lack of space at their grade level will be selected from the wait list fix.  2. Enrollment wait list. Students who were wait listed in the lottery will be selected from the wait list in the order in which they were drawn.  Wait lists will be maintained and will apply for the duration of one school year. New families who want to enroll in the school the following year must apply and enter a lottery for the following year.  10. <b>Appendix I: Negotiation and Amendment</b>	S
Leave this section blank when completing the	initial application for funding.
	ogram plan or budget is altered for the reasons described in the "When to e Administering a Grant page of the TEA website and may be emailed to

An amendment must be submitted when the program plan or budget is altered for the reasons described in the "When to Amend the Application" document posted on the <u>Administering a Grant</u> page of the TEA website and may be emailed to <u>competitivegrants@tea.texas.gov</u> Include all sections pertinent to the amendment (including budget attachments), along with a completed and signed copy of page 1 of the application. More detailed amendment instructions can be found on the last page of the budget template.

## You may duplicate this page.

For amendments, choose the section you wish to amend from the drop down menu on the left. In the text box on the right, describe the changes you are making and the reason for them.

Always work with the most recent negotiated or amended application. If you are requesting a revised budget, please include the budget attachments with your amendment.
