2024-2026 SSI Community Partnerships Grant Cohort 4

Program Description PS3014 - Program Narrative

Please include complete responses for each question below.

A. Summary of Program

1. Part 1: Provide an overview of the program to be implemented with grant funds. Include the overall mission and specific needs of the organization. Describe what needs the SSI Community Partnerships Grant will address for the LEA. Describe how the grant project aligns with the campus vision and improvement plan and the district mission and vision. Describe how the LEA will address wrap-around supports and family engagement.

OVERVIEW: If funded, we will 1) Hire a Program Manager to oversee grant implementation; 2) Expand our partnership with Communities in Schools (CIS) to offer a program that enhances academics, emotional health, and family engagement; and 3) Provide training to improve teacher effectiveness.

These activities will help us be better positioned to achieve our MISSION to "provide a supportive and rigorous learning environment that inspires students", which has been difficult when considering we are in a distressed community that faces the following SPECIFIC NEEDS: Only 9% of students master all subjects (State Avg.: 20%); 50.8% suffer from chronic absenteeism (State Avg.: 25.7%); and 27.4% of the community live in poverty (State Avg.: of 13.7%).

These COMMUNITY and STUDENT NEEDS will be addressed through a partnership with CIS, which will aid us in delivering WRAP-AROUND support/promoting FAMILY ENGAGEMENT. This collaboration includes a case manager to connect families with essential resources (e.g., housing), implement strategies to reduce absenteeism, and provide tailored tutoring for struggling students.

As shown, there is a clear need for this program. With the grant, we will be on track to achieving our MISSION (above) and VISION of "empowering students with the skills to succeed globally". These align with our campus goals and IMPROVEMENT PLAN, which focuses on improving academics.

2. Part 2: Describe how addressing wraparound supports and family engagement will improve outcomes. Describe the system of resources and activities that will be developed to identify partners to create and operationalize a shared vision of achievement and student supports.

If funded, we will collaborate with CIS to deliver WRAP-AROUND SUPPORT and FAMILY ENGAGEMENT that will IMPROVE OUTCOMES through: 1) connecting families to essential resources like food and healthcare for a more stable home environment, conducive to learning; 2) providing tailored academic assistance with tutoring to boost academics; and 3) promoting social-emotional learning and family engagement to create a supportive environment that boost student success.

While CIS will be a key partner, we will also identify additional organizations (e.g., Region One ESC) that can provide services to ensure a comprehensive SYSTEM OF RESOURCES and ACTIVITIES can be delivered. During this process, we will conduct a needs assessment to determine specific resources students and families need, guiding outreach to local organizations, businesses, and community leaders for support. A database of potential partners and their services will facilitate and be maintained throughout the grant period.

To foster a SHARED VISION of ACHIEVEMENT and STUDENT SUPPORT, we will establish a leadership team comprising numerous individuals, some of them being the program manager, a campus leader familiar with district needs, a parent engagement representative, and a representative from each partner. Our Parent Advisory Committee (PAC) will include parents from diverse student populations (e.g., SPED, ELL) to ensure their voices are heard. Regular meetings will provide updates and strengthen this shared vision.

B. Qualifications and Experience for Key Personnel

1. Describe the qualifications and experience of the existing or future staff members and indicate if they are existing or will be hired.

While not all individuals who will aid in implementation can be inputted due to space constraints, some of the qualifications and experience of key personnel to this program will include:

- Program Manager (to be hired): Will oversee grant implementation and ensure grant aligns with district goals. This individual's QUALIFICATIONS will include: possessing a master's degree in education or a related field, with at least five years of EXPERIENCE in community engagement within an educational setting.
- District Superintendent (Existing): Will provide strategic leadership and oversight for the grant implementation, ensuring alignment with the district's overall vision and goals. This individual's QUALIFICATIONS will include: holding a master's degree in education administration or a related field, with at least five years of EXPERIENCE in educational leadership.
- Social Emotional Learning Supervisor (Existing): Will oversee integrating Social-Emotional Learning (SEL) strategies within the grant framework, ensuring that academic improvements are complemented by strong emotional support for students. This individual's QUALIFICATIONS will include: holding a master's degree in psychology, counseling, or a related field, with at least five years of EXPERIENCE in implementing SEL programs in educational settings.

2. Please continue the response here if needed. Please enter N/A if the additional space is not needed.

- Chief of Police (Existing): Will ensure a safe and secure environment for students and families involved in the grant activities, facilitating positive community engagement and trust. This individual's QUALIFICATIONS will include: holding at minimum a high school diploma, with at least five years of EXPERIENCE in law enforcement and community relations.

C. Goals, Objectives and Strategies

1. Describe how families and the community will be actively engaged to partner in improving academic outcomes and supports for students. Describe how partnership agencies that provide wrap-around and holistic services to children and families will be coordinated. Describe how existing programs and resources will be coordinated with the new program to implement wrap-around services and parent and family engagement.

To engage the COMMUNITY and FAMILY in IMPROVING ACADEMIC OUTCOMES, we will:

- 1) Promote the program through social media, the district's website, student notices, and informational meetings to encourage participation;
- 2) Include the Parent Advisory Committee (PAC) in overseeing grant implementation and providing input on effective use of funds.
- 3) Survey parents and community members for feedback on activities that would benefit students and the community.
- 4) Host engagement events like family literacy nights to involve families in learning.

While engagement is important, providing both academic intervention and WRAP-AROUND and HOLISTIC SERVICES is the intent of the grant. Therefore, if funded, we will work with CIS coordinators to address students' and parents' social and emotional needs. CIS will do this by connecting students and families with essential resources like counseling, health services, and basic necessities, while coordinating with local organizations, such as mental health providers, for additional support. This holistic approach ensures that both students and families receive the comprehensive help they need to overcome barriers and succeed.

2. Please continue the response here if needed. Please enter N/A if the additional space is not needed.

Currently, CIS operates on seven campuses. While the district-wide rollout began during COVID-19, the loss of ESSER funds limited further implementation. Seeing its necessity, the school board chose to continue CIS in 7 schools with local funds. If funded, we will COORDINATE services with EXISTING PROGRAMMING at more campuses. Additionally, we will collaborate with partners such as Region One ESC, which supports parents and community members in obtaining various work-based certifications (e.g., CDL), South Texas Health Systems, which provides LPCs to five campuses, and Tropical Texas, which assigns case managers to Donna High and Donna North for students in crisis. By coordinating these efforts with current RESOURCES, we will reduce the strain on the grant, maximize its utilization, and improve outcomes for both the community and the student body.

D. Performance and Evaluation Measures

1. Describe robust data systems and performance management routines that will be developed to ensure progress monitoring will drive the achievement of predetermined grant outcomes. Describe how partners will be engaged to monitor and measure school progress data and how community outreach will be conducted.

ROBUST DATA SYSTEMS with clear benchmarks will be developed to ensure monitoring drives the achievement of PREDETERMINED GRANT OUTCOMES. The following expected outcomes and tracking tools will be utilized: 1) An MOU will be signed by a partner organization (Tool: Signed MOU document); 2) 10% annual increase in family engagement (Tool: Sign-in sheets); 3) 10% annual increase in students referred for and receiving services (e.g. behavioral, physical, etc.) (Tool: Surveys administered to partner agencies, students, and parents); 4) 10% annual decrease in chronic absenteeism (Tools: PEIMS Report); and 5) 10% increase in students meeting or exceeding growth expectations for STAAR or EOC math and reading (Tool: PEIMS Report). PARTNER ENGAGEMENT: While these data tracking methods are straightforward for the district, they can be challenging for external partners. Fortunately, CIS will be provided with Donna ISD credentials to access the Student Information System (SIS), enabling them to track student data such as attendance, grades, and discipline issues. COMMUNITY OUTREACH: We will host informational workshops and community forums to deliver progress data and inform community members of services. Additionally, we will provide regular updates to the leadership team, which will keep stakeholders informed about grant progress.

E. Budget Narrative

1. Describe the proposed budget and how it will meet the needs and goals of the program, including staffing, project design, and resources needed to support the implementation of the grant.

The proposed budget will effectively meet the needs and goals of the grant program by covering STAFFING, SUPPLIES, CONTRACTED SERVICES, TRAVEL, and supplemental resources. The requested amount of \$550,000 for the grant is reasonable, given the current needs outlined in the summary and our student enrollment of 13,157. If funded, the proposed budget breakdown is as follows: 1) 6100 (\$166,130): Funding for a Program Manager and extra-duty pay for individuals assisting with grant oversight; 2) 6200 (\$343,813): For a partnership with Communities in Schools to deliver academic support and wrap-around services and contract consultants to offer professional development; 3) 6300 (\$15,870): To purchase devices such as laptops, Chromebooks, and flat panels to facilitate learning for students; 4) 6400 (\$2,000): Costs for each member of the leadership team to attend the grant workshop in Huntsville, Texas; and 5) Indirect Costs (\$22,187): Funds allocated to ensure staff and consultants can oversee grant implementation and ensure compliance.

G. Additional TEA Program Requirements

1. Describe how the Community Partnerships program will be sustained beyond the life of the grant.

To ensure lasting benefits BEYOND the LIFE OF THE GRANT , we will employ several strategies: 1) Building Strong Partnerships: We will cultivate long-term relationships with Communities in Schools (CIS), local businesses, nonprofit organizations, and higher education institutions to leverage resources and expertise; 2) Capacity Building: Professional development will increase effectiveness for current staff, who will utilize a "train-the-trainer" model to ensure that strategies and practices learned during the grant period can be sustained for years to come; 3) Diversifying Funding Sources: We will seek alternative funding opportunities such as local grants, business sponsorships, and community contributions to reduce reliance on a single grant; 4) Ongoing Evaluation and Improvement: Regular evaluations will assess the program's effectiveness and guide necessary adjustments, with demonstrations of our impact presented to the school board to assist in reallocating local and Title funding to sustain the initiative; and 5) Community Engagement: We will implement strategies to keep families and community members engaged through newsletters, meetings, and events that celebrate student achievements. Through these approaches, the Community Partnerships program will create a sustainable model that empowers families and strengthens community ties, ensuring lasting support.
