2024-2026 SSI Community Partnerships Grant Cohort 4

Program Description PS3013 - Program Plan

A. Statutory/Program Assurances

1. The following assurances apply to this program. In order to meet the requirements of the program, the applicant must comply with these assurances. Selecting all assurances is required.

- The applicant provides assurance that program funds will supplement (increase the level of service), and not supplant (replace) state mandates, State Board of Education rules, and activities previously conducted with state or local funds. The applicant provides assurance that state or local funds may not be decreased or diverted for other purposes merely because of the availability of these funds. The applicant provides assurance that program services and activities to be funded from this IDC will be supplementary to existing services and activities and will not be used for any services or activities required by state law, State Board of Education rules, or local policy.
- The applicant provides assurance that the application does not contain any information that would be protected by the Family Educational Rights and Privacy Act (FERPA) from general release to the public.
- The applicant provides assurance to adhere to all the Statutory and TEA Program requirements as noted in the 2024-2026 SSI Community Partnerships Cohort 4 Program Guidelines.
- The applicant provides assurance to adhere to all the Performance Measures, as noted in the 2024-2026 SSI Community Partnerships Cohort 4 Program Guidelines, and shall provide to TEA, upon request, any performance data necessary to assess the success of the program.
- The applicant assures that any Electronic Information Resources (EIR) produced as part of this agreement will comply with the State of Texas Accessibility requirements as specified in 1 Texas Administrative Code (TAC) 206, 1 TAC Chapter 213, Federal Section 508 standards, and the Web Content Accessibility Guidelines (WCAG) 2.0 level AA.
- The applicant acknowledges that Per Section 22.0834 of the Texas Education Code (TEC), any person offered employment by any entity that contracts with TEA or receives grant funds administered by TEA (i.e., a grantee or subgrantee) is subject to the fingerprinting requirement. TEA is prohibited from awarding grant funds to any entity, including nonprofit organizations, that fails to comply with this requirement. For details, refer to the General and Fiscal Guidelines, Fingerprinting Requirement.
- The applicant provides assurance these grant funds will be used to implement the Community Partnerships (CP) project on the qualifying campus(es) to develop services and supports, continuously evaluate the success of the program, and adjust and improve the program based on specific data and grant outcome.
- The applicant assures the grant funds will be used to develop wraparound support services for students and actively engage parents and families in a collaborative partnership.
- The applicant assures they will have at least one state or regional governmental partnership and two or more local community partnerships to successfully implement the program, including MOUs for all partnerships.
- The applicant assures the LEA team will be composed of at least one program manager to facilitate the development and implementation of the project (a 2-year position to manage the program and \$50k/year of grant funds dedicated to this position's salary), a member of campus leadership or their designee, and the district representative responsible for parent engagement. Each team member will attend the grant workshops held in various locations throughout Texas.
- The applicant assures the LEA team listed above will be incorporated into the campus or district improvement committee to ensure project decisions are district driven.
- The applicant assures the LEA will develop a Parent Advisory Committee to identify needs and assist in the development of solutions.
- The applicant assures the program manager, and a member of district leadership will attend and participate in virtual quarterly summit meetings with other grantee teams and the TEA Community Partnerships specialist.
- The applicant assures they will develop a project plan with measurable benchmarks and outcomes that address all program requirements listed in the previous section.
- The applicant assures they will keep project management tools provided by TEA, including budget and activity trackers, updated on a monthly basis.
- The applicant assures they will provide timely responses for information to TEA.
- The applicant assures they will not use CP funds to carry out the following activities: Utilize assessments that provide rewards or sanctions for individual children or teachers; Use a single assessment that is used as the primary or sole method for assessing program effectiveness; Evaluate children other than to improve instruction, classroom environment, professional development, wrap-around services, or parent and family engagement.

2024-2026 SSI Community Partnerships Grant Cohort 4

Program Description PS3014 - Program Narrative

Please include complete responses for each question below.

A. Summary of Program

1. Part 1: Provide an overview of the program to be implemented with grant funds. Include the overall mission and specific needs of the organization. Describe what needs the SSI Community Partnerships Grant will address for the LEA. Describe how the grant project aligns with the campus vision and improvement plan and the district mission and vision. Describe how the LEA will address wrap-around supports and family engagement.

Somerset ISD is a rural district that serves over 80% of economically disadvantaged families and community hub for Somerset Texas. As the established system of support, we must ensure students have access to the critical services and support needed for physical, emotional, and academic outcomes. Site-based mental wellness provides support for students and stakeholders - those responsible for raising them and those responsible for educating them. Our Somerset ISD THRIVE Center is a school-based mental health center supporting overall well-being of students districtwide. In the fourth year, we have since identified the need for expanded support for families, staff, and the community as a resilient, comprehensive system of support that meets everyone's needs. The THRIVE Vision: "To be the central hub for supporting physical, socio-emotional and economical needs by providing comprehensive wrap-around services that foster the community's success" is in direct alignment with grant project outcomes "significant improvements in educational and developmental outcomes for children and youth who live in distressed communities by providing access to great schools and creating strong partnerships to increase family and community support..." The grant allows us to expand wrap-around services to families and all key stakeholders through workshops and sessions that support mental health and the prevention of substance-use, child abuse, and violence, along with other high priority needs.

2. Part 2: Describe how addressing wraparound supports and family engagement will improve outcomes. Describe the system of resources and activities that will be developed to identify partners to create and operationalize a shared vision of achievement and student supports.

The overall outcome for this partnership grant is to build robust relationships and partnerships throughout the broader community that result in 1) positive student outcomes where they are college, career, military, and citizenship ready, and 2) a supportive community system inclusive of wrap-around services that are available within the community. Due to the rural nature of the district, no public transportation, and the high economically disadvantaged rates, the THRIVE Center will serve as a central hub for coordinated services provided by THRIVE staff and through expanded partnerships with other entities that specialize in physical and social-emotional outreach services at no cost. The expansion will also allow for mental health needs; food bank, pantry, and other weekly food distribution initiatives; clothing and school supply initiatives; housing and utility needs; health and wellness needs, e.g., mammograms, vaccinations, glasses, etc. Family needs will be prioritized to ensure that indirect and direct educational needs are addressed. Students with chronic attendance and low performance will be case managed to ensure that services are positively impacting both issues. Systematic processes will be established to operationalize and communicate service options throughout the area and ensure sustainability over time.

B. Qualifications and Experience for Key Personnel

1. Describe the qualifications and experience of the existing or future staff members and indicate if they are existing or will be hired.

Maintenance of existing staff members and the expansion of future positions would include: 1) Licensed Professional Counselor - counseling and crisis support for students, staff and families. This includes strategic planning for additional services such as wrap-around support through case-management services. There is currently one LPC, with one additional position requested. 2) Expand with a new position of a THRIVE Center Parent Liaison focusing on parent communication and identifying support areas of need as foundational case management for the Center. Qualifications would include a strong background in community relations. 3) Licensed Master Social Worker - counseling and support through case management and wrap-around services to include a community clothing closet and food pantry plus connection to financial resources and assistance. There is currently one staff member and one additional position would be allocated. The district is divided in two areas. Adding positions would allow for two pipelines within the overarching THRIVE Center. Additional support systems would be addressed and prioritized through partnership organizations.

2. Please continue the response here if needed. Please enter N/A if the additional space is not needed.

2024-2026 SSI Community Partnerships Grant Cohort 4

Program Description PS3014 - Program Narrative

C. Goals, Objectives and Strategies

1. Describe how families and the community will be actively engaged to partner in improving academic outcomes and supports for students. Describe how partnership agencies that provide wrap-around and holistic services to children and families will be coordinated. Describe how existing programs and resources will be coordinated with the new program to implement wrap-around services and parent and family engagement.

With a Mission to "create, coordinate and integrate services to maximize student engagement and community success through on-campus programming and community-based partnerships", Somerset ISD's THRIVE Center will build on relationships with students, staff and families that are based on quality, reliable, and equitable services provided by highly-skilled professionals. The overall outcome is to create the culture and conditions where students and families are highly functional, leading to overall positive academic outcomes for students. The district director who oversees the THRIVE Center will work with all staff to coordinate internal and external resources, ensuring that a comprehensive and reliable system of support is available with an array of wrap-around service that are comprehensive, integrated, and connected to family, community, and student needs. The director will work with staff to consistently assess emerging needs and identify new partners to fulfill current and future programming options. Staff will consistently collect data regarding high quality practices, and the implementation and impact of services to inform future decision-making. This will ensure that effective, relevant, and coordinated resources remain in place as an operating norm.

2. Please continue the response here if needed. Please enter N/A if the additional space is not needed.

N/A

D. Performance and Evaluation Measures

1. Describe robust data systems and performance management routines that will be developed to ensure progress monitoring will drive the achievement of predetermined grant outcomes. Describe how partners will be engaged to monitor and measure school progress data and how community outreach will be conducted.

The THRIVE Center has established, reviewed and continually assesses its targeted populations, methods of referral, and degree of improvement/impact. Our data systems begin with campus-level referrals through online request. The THRIVE Center staff then reviews the referral, demographics, purpose of referral, and current academic performance/attendance/discipline. We utilize this data to identify the targeted needs and assign the appropriate THRIVE Center clinician. Student services are documented and tracked using a case management approach to assess evidence of impact, including the impact on grades/attendance/discipline/graduation projections. THRIVE Center staff will utilize the Center's referral system in the same manner for staff or community members. Through this collection of data, we can create monthly and annual reports of services that reflect demographics, areas of concerns, areas of needs, wrap-around services needed and the manner to which each of these are addressed while keeping clinician sessions confidential. Partner services will be captured using the same data entry system. The correlation between students and their family/community services will be evaluated to assess correlated needs and impact, thus maximizing resources. Using this information, an annual review of MOUs and/or Service Delivery Agreements will inform continued/modified partnerships. Bi-weekly team meetings will capture the number/percentage of family/community engagement activities.

E. Budget Narrative

1. Describe the proposed budget and how it will meet the needs and goals of the program, including staffing, project design, and resources needed to support the implementation of the grant.

Reflecting on the Somerset ISD, the Thrive Center Vision & Mission, and the rural locale of the community, the proposed budget will secure additional staff and partners needed to implement a comprehensive system of support that fully addresses the physical, socio-emotional, individual/group counseling, and other needs necessary to leverage the scope of resources via community partnerships. The current small scale of the THRIVE Center and the systems and processes have proven to meet students' needs. The District's goal for this grant is to expand the project's design and footprint to include families and community members knowing that there is a direct correlation between family dynamics and student successes. The expansion includes identifying other partner resources that address the family/community needs when they differ from student needs - a 360 service model approach. Through our defined program goals and strategic actions, we will provide our families and community with quality, equitable resources that will result in life-changing, life-saving, family-, community-, and student-linked successes.

2024-2026 SSI Community Partnerships Grant Cohort 4

Program Description PS3014 - Program Narrative

F. Request for Grant Funds

List all of the allowable grant-related activities for which you are requesting grant funds. Include the amounts budgeted for each activity. Group similar activities and costs together under the appropriate heading. If awarded, you will be required to budget your planned expenditures in the budget schedules provided by eGrants during negotiations.

1. Payroll Costs-Include a description of the cost(s) and a dollar amount. If you will not be budgeting in this class/object code, please enter "N/A" or "\$0."

2024-2025 & 2025-2026 - Salary, Wages & Benefits - Licensed Professional Counselor (1), Parent/Community Liaison (1), Licensed Master Social Worker (1)
\$195,000/Year x Two Years = \$390,000

\$390,000 for 6100's

2. Professional and Contracted Services-Include a description of the cost(s) and a dollar amount. If you will not be budgeting in this class/object code, please enter "N/A" or "\$0."

The costs will include securing additional service providers for services needed beyond the scope of work for internal personnel.
\$42,000 for the two year span.

\$42,000 for 6200's

3. Supplies and Materials-Include a description of the cost(s) and a dollar amount. If you will not be budgeting in this class/object code, please enter "N/A" or "\$0."

THRIVE Center furniture & equipment, session rooms at center & campuses, expansion of food pantry with racks and shelving, expansion of clothing closet with racks and shelving.
\$18,000 total for the two-year grant period.

\$18,000 - 6300's

4. Other Operating Costs-Include a description of the cost(s) and a dollar amount. If you will not be budgeting in this class/object code, please enter "N/A" or "\$0."

Professional training courses and conferences, staff and community training support, parent engagement sessions.
\$10,000 total for the two-year grant period.
Counseling session, meeting and training snacks and refreshments, program transportation costs
\$3,000 total for the two-year grant period.

\$13,000 - 6400's

5. Capital Outlay-Include a description of the cost(s) and a dollar amount. If you will not be budgeting in this class/object code, please enter "N/A" or "\$0."

N/A

6. Total Grant Award Requested- Be sure to include the sum of the amounts in all class/object codes and any administrative costs in this total. Only a dollar amount will be accepted for this answer.

463,000

2024-2026 SSI Community Partnerships Grant Cohort 4

Program Description PS3014 - Program Narrative

G. Additional TEA Program Requirements

1. Describe how the Community Partnerships program will be sustained beyond the life of the grant.

Because our current student support systems have been vetted, aligned, and proven to work based on data trends and patterns, these systems and processes will be transferred and applied to family and community support systems as expanded community partnership work. The overall goal during the two years of the grant period is to mitigate the high need, prevalent issues, resulting in significant improvements in educational and developmental outcomes for our students who live in persistently distressed environments. The two years will allow for families and community members to establish strong relationships with partners which will lead to sustained support beyond the expectations of the district. The long-term outcome is to continue operating the THRIVE Center at a smaller scale based on the positive results and strong partnerships created over the grant period. Funding options, if needed, will be levied through the Education Foundation, business partners, and federal and state funding options.
