2025-2027 Texas Strategic Staffing Grant for Paid, Sustainable Teacher Residency Program

Program Description PS3014 - Program Narrative

Please include complete responses for each question below.

A. Summary of Program

1. Provide an overview of the program to be implemented with grant funds. Include the overall mission and specific instructional, teacher development, and/or teacher recruitment and retention needs of the organization. If your district currently HAS a yearlong teacher residency program, describe its connection to your district's mission and how participating in the Texas Strategic Staffing (TSS) technical assistance service will benefit your residency program. If your district does NOT currently have a yearlong teacher residency program, describe how a paid residency program will benefit your district's mission and needs.

Goodrich ISD plans to implement a year long teacher residency program to assist in meeting our districts mission and board goals. GUSD's Board Goal 4 is to recruit and retain the highest quality of employees. Goals in our Texas Strategic Leadership plan include improving teacher retention rates, streamlining on-boarding processes for new teachers, and building instructional capacity. GUSD will develop a program and strengthen our relationship with SHSU by partnering with them for this residency program. Our number one goal for this partnership is to have highly qualified, and experienced teachers in our classrooms. This one year residency will allow residents to learn our district values along with getting to know our students and staff.

2. If needed, use this space to continue the Summary of Program response. Enter N/A if the additional space is not needed.

B. Qualifications and Experience for Key Personnel

1. Outline the required qualifications and experience for primary project personnel and any external consultants projected to be involved in the implementation and delivery of the program. Include whether the district strategic staffing lead position that would be supported by this grant is existing or proposed. Include at least one role from the LEA and one role from the partner EPP(s).

Qualifications for our LEA Lead are as follows; Master's Degree in Education or Educational Administration. Qualifications of the EPP must include expertise in educator development. Our Associate Principal, Brenda Langley would oversee the program. We will be able to employ an EPP from SHSU to oversee the resident and help to establish support for our program.

C. Goals, Objectives and Strategies

1. Review the objectives of the Texas Strategic Staffing (TSS) service found on our website at <http://tss.tea.texas.gov>. Describe the alignment between TSS goals/objectives and your district's decision to pursue participation in the two-year Texas Strategic Staffing program, including any additional or unique district goals/objectives. What activities/strategies will be implemented to meet TSS and/or district objectives?

TSS Objective 5 aligns with Goodrich ISD's Board Goal 4 which is to recruit and retain the highest quality of employees. TSS Objective 2 pertaining to equitable educational access for all Texas students through high-quality teacher residency programs is also applicable to Board Goal 4. We are looking forward to implementing research based co teaching strategies, RBIS, and further development of mentor teachers. With this grant we will establish a Governance Meeting schedule.

2025-2027 Texas Strategic Staffing Grant for Paid, Sustainable Teacher Residency Program

Program Description PS3014 - Program Narrative

D. Performance and Evaluation Measures

1. Describe the performance measures identified for this program related to student outcomes and consistent with the purpose of the program. Example performance measures may include, but are not limited to: resident recruitment data, teacher certification data, teacher hiring and retention data, perception surveys and student achievement data. Which key performances measures have you identified for the program? What tools do you use to measure and analyze the data to ensure the effectiveness of talent project objectives and strategies?

We will measure our performance according to student achievement goals along with hiring and retention data. We will place the resident teacher with a high quality mentor to help meet these goals. They will support the science of teaching reading, RBIS, and other district initiatives. We will use different measures including perception of satisfaction with principals, mentors and residents which we will learn about in the design year with assistance from Region 6.

E. Budget Narrative

1. Describe how the proposed budget will meet the needs and goals of the program, including contracted services with the EPP, district-level staffing, and supplies and materials. If applicable, include a high-level snapshot of funds currently allocated to similar programs. Please note that this budget should encompass two years (2025 through 2027). Include a short narrative describing how adjustments will be made in the future to meet needs. If your proposed budget includes funding for teacher resident or host teacher stipends/salaries, describe how you will meet the cost-match requirements (at least \$3,000 locally funded per resident or \$1,000 per host teacher). Reminder: The resident/host teacher stipend funds can only be budgeted for residents/host teachers placed in SY 2026-2027 and can make up a maximum of \$40,000 of the proposed budget.

Goodrich ISD hopes to be granted \$80,000 to be spent in the following ways. \$10,000 in contracted services with SHSU, \$30,000 for two years to help fund GUSD program coordinator, \$40,000 for 2 residents at approximately \$20,000 per stipend. In addition, a \$2,000 stipend will be given to the mentor teachers in exchange of mentoring new teachers. It is our goal with the design year to utilize and create sustainability for the resident program.

2025-2027 Texas Strategic Staffing Grant for Paid, Sustainable Teacher Residency Program

Program Description PS3014 - Program Narrative

F. TEA Program Requirements

1. Talent and Instructional Needs: Please answer the following questions about the connection between strategic staffing for paid residency and your LEA's instructional and talent needs and strategies.

1. a. What vacancies have been historically difficult to fill in your district? What other staffing needs (e.g., lack of certified teachers) exist in your district? How could paid residencies help address those needs?

Goodrich ISD has had difficulties filling certified teacher positions in core subjects. This paid residency would allow a full year to gain their certification and be trained in the Goodrich ISD way.

2. b. What other instructional needs exist? How could paid residencies help to address this issue? (e.g., small group support, substitute teaching, etc.) If your district is currently implementing or plans to implement high-quality instructional materials (HQIM), please also include how paid residencies may support your plan for HQIM implementation.

Small Group RTI, high quality materials implementation, The resident would be qualified so that learning would be continued if mentor teacher was absent. Other instructional needs would also include co teaching in high needs classrooms, possible substitute teaching, and release time for possible model lessons in other classrooms.

3. c. How do paid residencies fit into your district's long-term talent strategy this year? The next five years?

This paid residency program will help with teacher retention, growing high quality instruction teacher, and growing mentor teachers. The residency will also provide knowledge in ARDs, 504 meetings, PLC, and LPAC. These strategies mirror our Texas Strategic Leadership plan.

G. TEA Program Requirements Continued

2. Commitment of Local Resources: Please answer the following questions to describe how your LEA, alongside your partner EPP, will commit resources and time to the year-long design process and the implementation year.

1. a. Who from the district/charter will be leading this work? How does their role fit into broader talent management in your district? What additional responsibilities, if any, does or will this person have related to talent in your district?

Mrs. Langley, the Associate Principal, will lead the work along with the district superintendent and be expected to attend all design and implementation year meetings as well as governance meetings with SHSU. She also attends career fair as part of the recruitment process. While she currently serves as the Associate Principal, she also serves as our District Lead on teacher recruitment and retention.

2. b. How will you ensure that the district lead has adequate time to fulfill responsibilities in the design and implementation year of strategic staffing in accordance with program assurances? What are some ways you will ensure that time and effort for these responsibilities are locally funded beyond the life of the grant?

Currently, Mrs. Langley recruits and manages teacher training and coordinates with SHSU. This will continue and improve with the residency program. The district will provide additional support to the campus to balance the additional responsibilities. Structuring this internally ensures sustainability beyond the life of the grant.

3. c. How will district executive leadership, such as the superintendent or CFO, be included in strategic staffing design and implementation?

Due to our size, the superintendent and CFO currently work with principals to implement strategic staffing and will continue to do so. They will also serve as part of the design and implementation team, providing a lens beyond instructional need. We recognize the importance of both funding and staff capacity to sustain beyond the grant.

Program Description PS3014 - Program Narrative

H. TEA Program Requirements Continued

3. Partnership Foundations: Please answer the following questions about your LEA-EPP partnership.

1. a. If this is an existing LEA-EPP partnership: How many years have you been engaged in a residency partnership with the EPP? How many yearlong residents have you placed each year of the partnership? Were these residents paid or unpaid? If residents are already paid, why is the LEA interested in engaging in the strategic staffing design and implementation strategic process for paid residency? b. If this is a new LEA-EPP partnership: How did you decide to partner with this EPP for residency?

Goodrich will have a first time residency partnership with SHSU. Currently, we attend SHSU's career fair and have a long history of hiring from the SHSU Educational Department. We also attend the advisory meetings annually for the SHSU Educational Program.

2. c. What other key features of the partnership will help ensure success throughout the two-year design and implementation process for paid residency?

Utilizing mentor teachers will help guide the resident teachers towards a successful pathway to full time teaching. Goodrich ISD will provide a supportive environment which will build efficacy for all stakeholders. With this partnership we plan to utilize SHSU's expertise and experience placing paid residents, training and supporting mentors and residents, and program design.

I. TEA Program Requirements Continued

4. Communication Elements: Please answer the following questions to describe how you will maintain strong communication with your EPP partners and your technical assistance provider.

1. a. If this is an existing LEA-EPP partnership: What shared processes or norms do the LEA staff and EPP faculty currently have in place in order to address issues with residency (e.g., challenges for residents, host teachers, school sites, etc.)? Provide detailed explanations (e.g., who leads the communication, how are action steps determined, who follows up to make sure steps are complete, etc.). b. If this is a new LEA-EPP partnership: How does the LEA plan to work with the EPP to manage issues that arise with residency (e.g., challenges for residents, host teachers, school sites, etc.)? Provide detailed explanations (e.g., who would lead the communication, at what point do you surface the challenges, how do you follow up on action steps, etc.).

We will attend quarterly meetings and will participate in agreed upon communication structures if issues arise. We plan to partner with the EPP to create those communication structures and share those with mentors, residents, site coordinators, and district administrators.

2. c. Has your LEA partnered with your regional ESC or other external provider for other programs or initiatives? If so, describe how you have maintained strong communication with external service providers in the past.

Goodrich ISD has partnered with our ESC for multiple initiatives including Grow Your Own through the TCLAS grant, Texas Strategic Leadership, Texas Instructional Leadership, and Strong Foundations Planning.

J. TEA Program Requirements Continued

5. Grow Your Own (Optional Response for Priority Points): If your LEA currently maintains a Grow Your Own program or plans to implement a Grow Your Own program through the 2024-2026 Grow Your Own High School Education and Training Program, please respond to the following questions. If you do not have a Grow Your Own program, write N/A.

1. a. Which TEA Grow Your Own grants, if any, has your district received? b. How long has your district maintained a Grow Your Own program? If applicable, how many of your Education and Training students have returned to teach in your district. c. Provide a high-level description of your district's Grow Your Own program.
