C. Goals, Objectives and Strategies

1. Describe the major goals/objectives of the proposed program. What activities/strategies will be implemented to meet those goals/objectives? Include a description of the talent management strategy including your LEA's approach to recruiting, hiring, and retaining qualified teachers, related to those goals/objectives.

Goals and Objectives:

The primary goal of this program is to increase the number of students selecting the San Marcos CISD Teaching and Training Program of Study by establishing Texas Association of Future Educators (TAFE) chapters at both middle schools. This initiative directly supports the district's commitment to growing its own teacher pipeline by fostering early interest in education careers and providing students with meaningful learning experiences.

Activities and Strategies:

To achieve this goal, SMCISD will implement the following strategies:

1. Establish a TAFE Sponsor at Each Middle School.

Identify and designate a teacher at each middle school to serve as the TAFE sponsor, responsible for recruitment, mentorship, and program coordination. Provide sponsors with training and resources to ensure successful program implementation.

2. Recruit Middle School Students Interested in Education Careers.

Conduct outreach efforts, including presentations, informational sessions, and promotional materials, to engage students interested in teaching, coaching, or educational leadership. Leverage partnerships with high school Teaching and Training students to mentor and inspire middle school participants.

3. Offer Hands-On Experiences and Learning Opportunities.

Provide students with access to field trips, guest speakers, and hands-on teaching experiences through both the middle school TAFE chapters and the high school Teaching and Training Program of Study.

2. Please continue the response here if needed. Please enter N/A if the additional space is not needed.

Facilitate visits to high school education classes and local universities to expose students to future pathways in education.

4. Prepare and Support Competitive TAFE Teams

Develop competitive teams to participate in middle school-level TAFE events, helping students build confidence, leadership skills, and a deeper understanding of the teaching profession. Encourage engagement in local, regional, and state competitions to foster collaboration and showcase student achievements.

Talent Management Strategy: Recruitment, Hiring, and Retention

SMCISD is committed to growing a diverse, skilled educator workforce by developing talent from within the community. Early exposure to teaching careers strengthens the district's pipeline and encourages students to return as future educators.

Recruitment: Expanding the Teaching and Training Program through middle school TAFE increases the number of students pursuing education degrees.

Hiring: Partnerships with colleges and universities help track and support former students, creating clear pathways for them to return as teachers.

Retention: Early engagement fosters a strong connection to the district, increasing long-term teacher retention.

These efforts support a sustainable pipeline of well-prepared educators for SMCISD.

D. Performance and Evaluation Measures

1. Describe the performance measures identified for this program which are related to student outcomes and are consistent with the purpose of the program. Include the tools used to measure performance, as well as the processes that will be used to ensure the effectiveness of project objectives and strategies.

G. Additional TEA Program Requirements

1. Stipend Recipient Recruitment and Selection: Referencing the Program-Specific Assurances in the Program Guidelines, describe the plan to recruit and select (1) Education and Training teachers and (2) field site teachers who are interested and eligible in participating in the program and receiving stipends. The plan must include strategies to equitably recruit diverse individuals and identify individuals with potential criteria including a demonstrated track record of success and/or achievement, involvement in student organizations and/or school activities, strong evaluation ratings, and strong relationships with students.

To recruit Education and Training teachers, the district will conduct targeted outreach to educators involved in student organizations and leadership roles. Priority will be given to those with strong evaluations, instructional success, and mentoring experience. Efforts will also focus on recruiting a diverse group of teachers who reflect the student population. For field site teachers, SMCISD will collaborate with schools and universities to identify mentors with strong student relationships and leadership experience. Teachers who are successful in the classroom will be encouraged to participate, ensuring high-quality guidance for future educators.

2. Program Implementation Support: In addition to receiving the TEA implementation supports and coaching, describe the types of support that will be provided to Education and Training teacher stipend recipients to ensure successful implementation of the curriculum and program. The definition of successful programming should align with the major goals/objectives and performance and evaluation measures of the program. Successful implementation of the curriculum also includes, but is not limited to, the assurance that each high school campus within the participating LEA will implement at least the Instructional Practices and/or Practicum courses in the Education and Training course sequence in 2025-2026, and at least both stated courses in 2026-2027, with the teachers receiving the stipend as teachers of record for both courses or either course.

SMCISD will equip stipend recipients with training, mentorship, and resources to ensure the successful implementation of the Teaching and Training Program of Study. Teachers will receive ongoing professional development, coaching, and collaborative support through mentorship and PLC meetings.

To engage students, educators will be provided TAFE chapter resources, recruitment strategies, and competition support. Training in data tracking will help measure student participation and long-term outcomes.

3. Sustainability Plan: Describe the sustainability plan for the high school Education & Training program beyond the timeline of the grant funding. The plan should address how a high-quality program will be maintained, including clear action steps beginning in the first year of grant funding and a demonstrated ability to leverage and coordinate resources that increase your capacity to strengthen the local educator pipeline and make progress on sustainability. This may include the use of other local, state, and/or federal resources. Consider also how the program may support, integrate into, and be supported by existing LEA or EPP initiatives and/or priorities.
