Dear Superintendent Rogers,

Freer ISD will partner with Brooks County ISD as part of the 2024-2025 Summer Career and Technical Education Grant. We are looking forward to this grant opportunity, which will allow students from all RSIZ districts to take the General Employability Skills course over the summer months. By taking a course over the summer, our students will free up time in their schedules during the school year to take more advanced health science courses.

Since Brooks County ISD will be serving as the fiscal agent, our school district will work with your staff to finalize logistics to allow students to access the program.

Dear Superintendent Rogers,

On behalf of Freer ISD, we are pleased to submit this letter to express our continued support for the work of the Rural Schools Innovation Zone and Brooks County ISD. Our community needs to develop a talent pipeline of future skilled trades workers and the Ignite Technical Institute located at Falfurrias High School is an excellent regional strategy to produce future tradesmen/tradeswomen. With that in mind, we'd like to offer students from the Ignite Technical Institute to serve as interns this summer to work alongside our maintenance staff to perform summer maintenance and repair projects across our various campuses and buildings.

Please accept this letter of support to show our commitment to this career learning opportunity. We look forward to partnering with you, your faculty, and your students to execute a successful summer learning experience.

Sincerely,
