Certification and Incorporation Statement

I hereby certify that the information contained in this application is, to the best of my knowledge, correct and that the organization named above has authorized me as its representative to obligate this organization in a legally binding contractual agreement. I further certify that any ensuing program and activity will be conducted in accordance with all applicable Federal and State laws and regulations; application guidelines and instructions; the general provisions and assurances, debarment and suspension certification, lobbying certification requirements, special provisions and assurances, and the schedules submitted. It is understood by the applicant that this application constitutes an offer and, if accepted by the Texas Education Agency or renegotiated to acceptance, will form a binding agreement.

2026-2028 Interactive Online Learning Grant, Cycle 3

Program Description PS3013 - Program Plan

A. Statutory/Program Assurances

1. The following assurances apply to this program. In order to meet the requirements of the program, the applicant must comply with these assurances. Selecting all assurances is required.

- The applicant provides assurance that program funds will supplement (increase the level of service), and not supplant (replace) state mandates, State Board of Education rules, and activities previously conducted with state or local funds. The applicant provides assurance that state or local funds may not be decreased or diverted for other purposes merely because of the availability of these funds. The applicant provides assurance that program services and activities to be funded from this IDC will be supplementary to existing services and activities and will not be used for any services or activities required by state law, State Board of Education rules, or local policy.
- The applicant provides assurance that the application does not contain any information that would be protected by the Family Educational Rights and Privacy Act (FERPA) from general release to the public.
- The applicant provides assurances to adhere to all the Statutory and TEA Program requirements as noted in the 2026-2028 Interactive Online Learning Grant, Cycle 3 Program Guidelines.
- The applicant provides assurances to adhere to all the Performance Measures, as noted in the 2026-2028 Interactive Online Learning Grant, Cycle 3 Program Guidelines, and shall provide to TEA, upon request, any performance data necessary to assess the success of the program.
- The applicant assures that any Electronic Information Resources (EIR) produced as part of this agreement will comply with the State of Texas Accessibility requirements as specified in 1 Texas Administrative Code (TAC) 206, 1 TAC Chapter 213, Federal Section 508 standards, and the Web Content Accessibility Guidelines (WCAG) 2.1 level AA.
- The applicant acknowledges that Per Section 22.0834 of the Texas Education Code (TEC), any person offered employment by any entity that contracts with TEA or receives grant funds administered by TEA (i.e., a grantee or subgrantee) is subject to the fingerprinting requirement. TEA is prohibited from awarding grant funds to any entity, including nonprofit organizations, that fails to comply with this requirement. For details, refer to the General and Fiscal Guidelines, Fingerprinting Requirement.
- The applicant provides assurances to select an effective interactive online learning model(s) that meets the statutory requirements listed in General Appropriations Act, House Bill 1, Article III, Rider 72, 89th Legislative Session Regular Session, 2025.
- The applicant provides assurances that program funds will be used to implement with fidelity an effective interactive online learning model(s) in grade 7 Texas history, grade 8 U.S. history and/or high school U.S. history for cross-curricular instruction in English language arts and Texas history and/or U.S. History. The effective interactive online learning model(s) must: a) align with Texas Essential Knowledge and Skills (TEKS) for middle school and/or high school U.S. history, Texas history, and English language arts, as applicable; b) include tools to monitor the progress of each individual student; c) include quarterly benchmark assessments that are automatically scored; d) include both audio narration and video components; and e) be offered for use in both English and Spanish.
- The applicant provides assurances that the implemented interactive online learning model(s) must include cross-curricular instruction in social studies and English language arts aligned to the TEKS.
- The applicant provides assurances that the interactive online learning model(s) has been reviewed and determined to comply with the requirements of TEC §28.002(h) and §28.0022.
- The applicant provides assurances that the teachers implementing the interactive online learning model(s) will receive adequate professional development to ensure successful implementation of the program.
- The applicant provides assurances to support student learning in the interactive online learning model(s) to ensure student success.
- The applicant provides assurances to provide the necessary support to help students accelerate in the learning model(s) if they fall behind or are failing in the cross-curricular learning model(s).
- The applicant provides assurances to make a sustainability plan to ensure that the interactive online learning model(s) can continue to be offered after the grant ends.
- The applicant provides assurances to provide a status report by August 1, 2027, and a final report by February 1, 2028.
- The applicant provides assurances that a process will be in place to ensure the interactive online learning model(s) aligns to the TEKS.

2026-2028 Interactive Online Learning Grant, Cycle 3

Program Description PS3014 - Program Narrative

Please include complete responses for each question below.

A. Summary of Program

1. (a) Provide an overview of the program to be implemented with grant funds. (b) Include the overall mission and specific needs of the organization. (c) Describe how the program will address the mission and needs.

Clear Creek Independent School District (CCISD) will implement an interactive online learning model to enhance instruction in high school U.S. History classrooms using the Newsela platform, serving approximately 3,360 students across 6 campuses. Newsela is a Texas Essential Knowledge and Skills (TEKS) aligned platform that integrates literacy and Social Studies (SS) content while addressing the diverse needs of CCISD's growing student population. Newsela provides differentiated texts at multiple levels, bilingual resources, and real-time analytics enabling teachers to monitor student progress and tailor instruction. This program fosters critical thinking and literacy skills through multimedia features like text-to-speech and Spanish-language options, ensuring accessibility and engagement for all students. Teachers will use Newsela to administer quarterly assessments, monitor performance, and provide targeted interventions. (b) This initiative aligns with CCISD's mission to ensure each student achieves, contributes, and leads with integrity. According to the 2024-2025 Texas Academic Performance Report (TAPR), the district faces a 27% proficiency gap for emergent bilingual (EB) students meeting grade level or above on the US History EOC. Additionally, students struggle with text-evidence-based questions and short-constructed responses, critical skills assessed on EOC assessments. These challenges highlight the need for a program that addresses content gaps and integrates

2. Please continue the response here if needed. Please enter N/A if the additional space is not needed.

literacy skills to strengthen SS comprehension. By embedding strategies such as evidence-based analysis, contextual vocabulary development, and scaffolded reading practices into SS instruction, the program will help students build essential skills that support both literacy and content mastery. As CCISD continues to serve an increasingly diverse student population, integrating cross-curricular instructional tools is critical to fostering equitable access to grade-level content and ensuring long-term academic success. CCISD is strengthening ELPS expectations, increasing the need to support general education teachers in daily instruction, and lesson design across content. (c) To address these challenges, CCISD will implement a comprehensive strategy to integrate Newsela tools into daily instruction. Newsela's bilingual resources, differentiated texts, and multimedia features will enable teachers to support diverse learners, particularly EB students, by providing scaffolded access to grade-level content. Real-time analytics and quarterly assessments will allow teachers to track student progress, identify areas of need, and make informed instructional adjustments. Professional development will equip teachers to design TEKS aligned lessons that integrate critical literacy skills into SS instruction, focusing on evidence-based analysis and writing proficiency. Implementation will be supported by the implementation team, the district coordinator, and an instructional specialist.

B. Goals, Objectives and Strategies

1. (a) Describe the major goals/objectives of the proposed program. (b) Describe the activities/strategies that will be implemented to meet those goals/objectives.

(a) The primary goal of this program is to increase student proficiency in Social Studies (SS) and English Language Arts and Reading (ELAR) by strengthening essential academic skills such as reading comprehension, critical thinking, and performance on text-evidence-based questions and short-constructed responses. CCISD's IOL program is designed to address a 27% proficiency gap in US History (USH) EOC for EB students and achieve a 5% increase in TEKS-aligned assessment performance in USH. Additional objectives include fostering an engaging learning environment for all students and equipping teachers with the tools and strategies to integrate SS and ELAR instruction effectively. Newsela's Teacher Binder will track student engagement through reading analytics, quiz participation, and time on task. Teacher growth will be measured through PD participation, PLC-driven data analysis and peer learning walks to ensure fidelity in implementation, with an increased focus on supporting teachers in incorporating the English Language Proficiency Standards (ELPS). These tools will ensure that instructional strategies increase engagement, improve content mastery, and strengthen long-term instructional effectiveness. (b) CCISD will implement Newsela as the central instructional platform to achieve these goals. This platform will provide TEKS-aligned resources, differentiated texts, bilingual content, and real-time analytics to address the learning needs of students. These resources will be

2. Please continue the response here if needed. Please enter N/A if the additional space is not needed.

integrated into instruction creating a unified approach to building literacy and content mastery. Newsela experts will provide teachers with professional development sessions focusing on equipping educators with the skills to maximize the platform's potential. These sessions will cover strategies for leveraging the platform's features, using real-time analytics to assess student progress, and designing engaging, TEKS aligned lessons that target specific areas of student need. Professional Learning Communities (PLCs) will support ongoing program implementation. These structured collaboration groups will bring together teachers to develop cross-curricular lessons, analyze student performance data, and share best practices for instructional strategies. Through PLCs, teachers will identify trends, refine instructional approaches, and align their efforts to ensure consistent progress toward program goals. Quarterly assessments will measure student progress aligned with TEKS and modeled on EOC formats, including multiple-choice questions, text-evidence-based responses, and short-constructed answers. Teachers will analyze assessment results during PLC meetings, guiding instruction and interventions. The implementation team will include USH teachers implementing the program supported by district SS department staff and will participate in learning walks to 8th grade Cycle 2 classrooms. Struggling learners will receive scaffolded texts, small group instruction, and tailored support.

Organization: CLEAR CREEK ISD

School Year: 2026-2027

SAS#: IOLGAA26

2026-2028 Interactive Online Learning Grant, Cycle 3

Program Description PS3014 - Program Narrative

C. Performance and Evaluation Measures

1. (a) Describe the performance measures identified for this program which are related to student outcomes and are consistent with the purpose of the program. (b) Include the tools used to measure performance, as well as (c) the processes that will be used to ensure the effectiveness of project objectives and strategies.

(a) The program will measure its success by improving student performance on TEKS-aligned quarterly assessments and relevant EOC measures, with a specific focus on high school U.S. History students. Central to this goal is fostering growth in high-priority learning standards, including skills such as answering text-evidence-based questions and producing short-constructed responses. CCISD identifies high-priority learning standards as essential academic competencies for student success, aligned with the TEKS. These standards ensure that instruction focuses on critical areas that promote grade-level mastery and long-term academic growth. Specific program targets include reducing the 27% proficiency gap for emergent bilingual students on US History EOC and demonstrating measurable improvement in text-evidence-based responses for students in high school U.S. History, with targeted attention given to supporting emergent bilingual and economically disadvantaged student populations and strengthening ELPS-aligned language supports within content instruction. (b) To monitor student progress effectively, the program will utilize tools to provide comprehensive data for instructional planning and interventions. Newsela's real-time analytics will track reading comprehension, text engagement, and time on task, providing actionable insights for teachers. Newsela will also support TEKS-aligned quarterly assessments modeled after EOC formats, including automatically scored multiple-choice

2. Please continue the response here if needed. Please enter N/A if the additional space is not needed.

questions and text-evidence-based responses, to measure progress across high-priority learning standards. These tools collectively support data-driven decision-making to ensure instructional adjustments and targeted interventions are aligned with program objectives. (c) The program will employ structured processes to ensure its objectives and strategies remain effective. Quarterly Professional Learning Communities (PLCs), led by Social Studies teacher leaders with support from the implementation team, will facilitate data-driven instructional adjustments. These sessions will analyze Newsela analytics and quarterly assessment data, identifying performance trends and guiding interventions for struggling learners, with a continued focus on supporting general education teachers in implementing ELPS-aligned practices. Monthly leadership updates will provide district and campus leaders with progress reports on growth trends, and intervention outcomes. These insights will inform professional development and coaching ensuring teachers receive the training and support needed to refine instructional strategies and sustain measurable student growth. Implementation will be supported by structured opportunities for cross-campus collaboration, such as vertical learning walks with 8th grade Cycle 2 Newsela classrooms or opportunities to exchange implementation strategies, to strengthen alignment, share best practices, and ensure instructional coherence across participating sites.

D. Qualifications and Experience for Key Personnel

1. Outline the (a) required qualifications and experience for primary project personnel and (b) any external consultants projected to be involved in the implementation and delivery of the program. (c) Include whether the position is existing or proposed.

(a) Robin Sabo, CCISD's Secondary Social Studies Coordinator, will serve as the primary lead for program implementation. With over 25 years of experience in developing curriculum, providing professional learning opportunities, and supporting instruction for Social Studies in grades 6–12, Ms. Sabo brings deep expertise in instructional leadership. She has served as president of state-level Social Studies professional organizations and contributed to multiple TEA workgroups focused on TEKS development and assessment writing. Her background in designing standards-based lessons, leading adult learning, and aligning content with assessment ensures a strategic, equity-centered approach to successful implementation. Teachers selected to implement the program in high school U.S. history must be teachers in the content area and demonstrate a strong understanding of TEKS. Implementation team members will be chosen based on their experience in collaborative planning, use of student data to guide instruction, and ability to support peer learning. Ideal candidates are data-driven, knowledgeable in instructional strategies for diverse learners, and capable of integrating technology tools into classroom practice. Prior experience with curriculum writing or cross-curricular planning is preferred.

(b) To ensure the program's success, CCISD will partner with external consultants from Newsela, who bring specialized expertise in using the platform. These consultants will lead teacher

2. Please continue the response here if needed. Please enter N/A if the additional space is not needed.

professional development sessions, focusing on using the tools effectively to support student learning. Their training will include strategies for analyzing student performance data, customizing lessons to meet individual needs, and creating engaging, cross-curricular lessons that align with district goals and strengthen implementation of ELPS-aligned language supports within content instruction. Both in-person and virtual training sessions will be provided by experts, offering flexibility to accommodate the schedules of teachers and staff while ensuring comprehensive job-embedded support for the program.

(c) All personnel involved in implementing this program are existing CCISD staff, which ensures consistency and collaboration across all project stages. The team will include high school U.S. history teacher leaders implementing the software in their classrooms and will be supported by campus leadership. These include the Secondary Social Studies Coordinator, EB instructional coaches, the district content specialist, and at least one instructional specialist, who will work closely with external consultants to integrate the program effectively into classrooms. Using existing staff alongside expert consultants ensures that the program benefits from local knowledge and specialized training, maximizing its impact on students and teachers.

Organization: CLEAR CREEK ISD
Campus/Site: N/A

SAS#: IOLGAA26

2026-2028 Interactive Online Learning Grant, Cycle 3

Program Description PS3014 - Program Narrative

E. Budget Narrative

1. Describe, in detail, (a) how the proposed budget will meet the needs and goals of the program, including staffing, professional development, supplies and materials, contracts, etc. (b) If applicable, include a high-level snapshot of funds currently allocated to similar programs. Include a short narrative describing how adjustments will be made in the future to meet needs.

The proposed budget is designed to meet the program's goals by addressing three critical components: instructional resources, professional development (PD), and teacher support. Most of the funding will cover a two-year subscription to Newsela for high school U.S. History at six campuses, providing TEKS aligned, interactive resources that integrate ELA into SS classroom instruction. These resources include differentiated texts, bilingual content, and real-time analytics to support targeted instruction and ensure accessibility for diverse learners, with an increased emphasis on supporting EB students and strengthening ELPS aligned language supports within daily instruction. To maximize the impact of these resources, PD sessions will be delivered by consultants from Newsela through a combination of in-person and virtual training, equipping teachers with the knowledge and strategies to integrate the platform effectively, analyze student data, and design impactful cross-curricular lessons. The remaining funds will support the campus-based implementation through substitute coverage for classroom teachers who are implementing the software in their classroom to attend the in-person and virtual Newsela professional learning sessions and conduct learning walks to support fidelity of implementation. The budget also supports extra duty days for six U.S. History educators implementing Newsela to develop shared instructional resources that strengthen implementation fidelity and ensure con

2. Please continue the response here if needed. Please enter N/A if the additional space is not needed.

sistent, ELPS aligned supports across participating campuses. In addition, a small supply allocation will cover materials for in-person professional learning sessions to support collaborative learning and instructional planning. This structure ensures adequate time and resources for program fidelity and continuous improvement, benefiting both students and teachers. (b) District funds are not currently allocated to this initiative. However, during the implementation period, the grant will comprehensively cover the costs associated with the subscription, professional development, and substitute coverage. This comprehensive funding approach ensures that the program can be launched without placing additional financial burdens on the district's budget, providing a sense of financial security and confidence in the program's sustainability. (c) To address evolving needs during and beyond the grant period, adjustments will be made using program data and feedback from teacher leaders. If specific campuses require additional implementation support, the implementation team can deliver targeted support to ensure equity and program fidelity. Long-term sustainability will be achieved by embedding the strategies and resources provided by Newsela into routine instructional practices, reducing reliance on external funding. As teachers gain proficiency with the platform and its integration into the U.S. History curriculum, the district will focus on maintaining these practices.

2026-2028 Interactive Online Learning Grant, Cycle 3

Program Description PS3014 - Program Narrative

F. Request for Grant Funds

List all of the allowable grant-related activities for which you are requesting grant funds. Include the amounts budgeted for each activity. Group similar activities and costs together under the appropriate heading. If awarded, you will be required to budget your planned expenditures in the budget schedules provided by eGrants during negotiations.

1. Payroll Costs-Include a description of the cost(s) and a dollar amount. If you will not be budgeting in this class/object code, please enter "N/A" or "\$0."

PL Sub Days for Learning Walks and Training:
Substitute coverage for implementation team classroom teachers who are implementing the software in their classroom to (1) attend Newsela professional learning sessions and (2) conduct learning walks to support fidelity of implementation.

50 substitute days x \$91.32/day = \$4566

Extra Duty Days
6 US History educators implementing Newsela in their classroom compensated for 4.5 days at \$168.68/day (daily rate plus benefits) to develop instructional support resources to facilitate districtwide implementation of the program .
6 X 4.5 X \$168.68 = \$4554.36

Amount (Payroll 6100): \$9,120.36
2. Professional and Contracted Services-Include a description of the cost(s) and a dollar amount. If you will not be budgeting in this class/object code, please enter "N/A" or "\$0."

Amount: \$0 N/A
3. Supplies and Materials-Include a description of the cost(s) and a dollar amount. If you will not be budgeting in this class/object code, please enter "N/A" or "\$0."

Two-year subscription for Newsela ensuring TEKS-aligned interactive resources for High School US History. Includes costs for professional development (PD) provided by Newsela consultants, including in-person and virtual training sessions focused on data-driven instruction and cross-curricular strategies. Site license for all of the secondary campuses which will be used by approximately 3,359 US History students year 1 and year 2. 2 year subscription. COST = \$178,996

Materials for six in-person PD days, including chart paper, markers, and sticky notes to support collaborative learning and instructional planning.

6 PD Days x \$97.77 supplies and materials = \$586.64
4. Other Operating Costs-Include a description of the cost(s) and a dollar amount. If you will not be budgeting in this class/object code, please enter "N/A" or "\$0."

TEA-approved restricted indirect cost rate to recover allowable administrative expenses necessary for district-wide support of grant implementation.

Amount: \$6297.00
5. Capital Outlay-Include a description of the cost(s) and a dollar amount. If you will not be budgeting in this class/object code, please enter "N/A" or "\$0."

Amount: \$0 N/A
6. Total Grant Award Requested-Be sure to include the sum of the amounts in all class/object codes and any administrative costs in this total. Only a dollar amount will be accepted for this answer. Maximum amount allowed is \$300,000.

\$195,000

2026-2028 Interactive Online Learning Grant, Cycle 3

Program Description PS3014 - Program Narrative

G. Additional TEA Program Requirements

1. Applicants must (a) specify how they will select and support teachers and other support staff to implement the interactive online learning grant. (b) Describe how the LEA will ensure teacher commitment.

CCISD will implement the program in high school U.S. History (USH) classrooms by selecting an implementation team composed of USH teacher leaders implementing the software in their classrooms, supported by the district content specialist, EB instructional coaches, and an instructional specialist with experience in data-driven practices and literacy integration. This team will help provide targeted PD, job-embedded coaching, and PLC support for data analysis and instructional planning, with an increased focus on supporting general education teachers in incorporating the updated ELPS into daily instruction. The implementation team will directly support USH teachers, leading learning walks, modeling best practices, facilitating campus-based training, and, as appropriate, leveraging vertical learning walks to 8th grade Cycle 2 classrooms implementing Newsela to strengthen alignment and implementation coherence. (b) Teacher commitment will be ensured through a structured support system grounded in teacher leadership, collaborative planning, and recognition of success. Implementation team members, selected for their instructional expertise, leadership capacity, and experience supporting peers will provide ongoing, job-embedded support to USH teachers across participating campuses. To promote ownership and sustained engagement, teachers will participate in regular learning walks and collaborative data reviews, enabling them to see peer successes and and share strategies.

2. Describe how the LEA will ensure successful cross-curricular implementation of the program in each of the 2026-2027 and 2027-2028 school years.

In both the 2026–2027 and 2027–2028 school years, the interactive online learning model will be fully implemented across participating high school USH classrooms at six campuses. Instructional practices will include the integration of shared reading passages aligned with USH TEKS, the use of evidence-based strategies to build literacy and content knowledge, and the incorporation of writing prompts to strengthen critical thinking. Newsela’s differentiated resources will be utilized to deliver TEKS-aligned instruction and monitor student growth, with bilingual supports and text-to-speech features used to ensure accessibility for emergent bilingual learners. Teachers will collaborate in PLCs to develop lessons, analyze data, and refine instructional strategies, ensuring that USH content is taught through a cross-curricular, literacy-integrated approach that also strengthens ELPS-aligned language supports within daily instruction. Quarterly assessments modeled after EOC formats will be administered and used to guide interventions and instructional adjustments. Throughout the grant period, leadership updates and administrative walkthroughs will monitor implementation, promote accountability, and support continued alignment with district improvement goals. Sustained collaboration and data-driven planning will ensure fidelity of implementation and lasting impact beyond the grant period.

2026-2028 Interactive Online Learning Grant, Cycle 3

Program Description PS3014 - Program Narrative

H. Statutory Requirements

1. LEAs must select (not develop) and implement an effective interactive online learning model(s) in grade 7 Texas history, grade 8 U.S. history and/or high school U.S. history for cross-curricular instruction in English language arts and Texas history and/or U.S. history that is aligned to the Texas Essential Knowledge and Skills (TEKS). (a) Identify the interactive online learning application(s) that will be implemented and (b) provide a description of the program(s).

(a) The interactive online learning application to be implemented is Newsela.

(b) Newsela provides a curated selection of articles, primary sources, and multimedia resources aligned to the TEKS standards for U.S. history and ELA. Each resource is leveled for differentiated learning and includes embedded quizzes and performance tasks to enhance content understanding and literacy skills. Newsela also includes bilingual resources and text-to-speech functionality, supporting emergent bilingual students' access to grade-level content while strengthening reading comprehension and academic vocabulary. Through TEKS-aligned, learner-centered lessons, teachers will use Newsela to deliver cross-curricular instruction that builds historical thinking skills alongside evidence-based reading and writing expectations in high school U.S. History classrooms.

2. LEAs must implement the interactive online learning model(s) in grade 7 Texas history, grade 8 U.S. history and/or high school U.S. history. What three history classes or combination of these history classes are identified for the implementation of the interactive online learning model(s)?

The program will be implemented in high school U.S. History classrooms.

3. LEAs must select and implement an interactive online learning model(s) that includes tools to effectively monitor the progress of each individual student. (a) Describe the progress monitoring tool(s) included with the interactive online learning model(s) and how the LEA will use the monitoring tool(s) to ensure satisfactory student progress. (b) Include how the LEA will use the progress monitoring tool(s) to support struggling learners and students who may be off track. (c) Describe the interventions that will be implemented to help struggling learners.

(a) Progress monitoring tools include Newsela's real-time analytics for tracking individual student performance on reading comprehension, writing tasks, and USH content mastery. Progress monitoring tools embedded in Newsela provide comprehensive, real-time data tracking across multiple student learning indicators. Newsela's Teacher Binder offers analytics on reading comprehension, time spent on texts, assessment performance, and engagement with key TEKS aligned reading skills. Teachers can monitor individual student growth in areas such as identifying main ideas, interpreting vocabulary, and citing text evidence. (b) The LEA will use these tools to analyze trends, identify struggling learners and students who may be off track, and tailor instruction to address specific gaps. PLCs will regularly review Newsela data to adjust instructional strategies and provide targeted support, with an emphasis on strengthening ELPS aligned language supports within content instruction. Teachers will use Newsela analytics to identify students who are not demonstrating adequate progress and adjust supports through differentiated assignments, targeted skill practice, and intentional scaffolds aligned to language proficiency needs. (c) Interventions for struggling learners will include scaffolded texts at appropriate reading levels, small group instruction, text-to-speech options, bilingual supports, and individualized teacher feedback based on analytics and results.

4. LEAs must select and implement an interactive online learning model(s) that includes quarterly benchmarks that are automatically scored. (a) Describe the quarterly benchmarks included in the interactive online learning model(s). (b) Include how the school(s) will use this data to support student learning and to evaluate the effectiveness of the interactive online learning model(s) that was implemented.

The quarterly assessments included in this program will leverage Newsela's embedded assessment tools to provide comprehensive evaluations aligned with the TEKS standards for USH and ELAR. These quarterly assessments will include automatically scored question sets embedded within Newsela assignments, including multiple-choice items and skills-based checks tied to text-evidence, vocabulary, and comprehension expectations. Newsela successfully integrates historical content to challenge students to synthesize information and articulate their ideas while providing real-time analytics that allow teachers to monitor performance at the student, class, and subgroup level. Schools will use data from quarterly assessments to identify trends in student performance, monitor growth, and evaluate mastery of TEKS standards. Teachers will analyze quarterly assessment results during PLCs to identify strengths, address gaps, and refine instructional strategies. This data will guide targeted interventions, such as assigning scaffolded texts at appropriate reading levels, differentiated supports for emergent bilingual learners, and small group instruction to support struggling learners. Quarterly assessment data will also provide leadership teams with insights to evaluate the program's effectiveness, ensuring that instructional adjustments align with district and campus improvement goals and strengthen ELPS-aligned supports within daily USH instruction.

5. LEAs must select and implement an interactive online learning model(s) that includes both audio narration and video components. (a) Describe the audio and video components included in the interactive online learning model(s). (b) Explain how the school(s) will use these tools to engage students in the effective interactive online learning model(s).

Newsela integrates audio narration and video components across its platform to support student engagement and accessibility. All articles feature text-to-speech functionality available in both English and Spanish, allowing students to listen while reading, which supports auditory learners and emergent bilinguals. Additionally, the platform includes instructional videos that provide visual context for historical events and concepts. Videos are accompanied by interactive prompts, transcripts, and quizzes to enhance comprehension and encourage active participation. CCISD will use audio narration to support diverse learners, including students with disabilities, auditory learners, and emergent bilinguals. This feature allows all students to access grade-level content regardless of their reading proficiency. Instructional videos will bring high school U.S. History topics to life, providing visual and contextual reinforcement that deepens comprehension. Teachers will pair video content with writing tasks and text-evidence-based prompts to engage students in analyzing and synthesizing information from multiple sources, promoting active learning and critical thinking. By integrating these multimedia tools into daily instruction, schools will create dynamic and inclusive learning environments that cater to diverse needs and learning styles while supporting ELPS-aligned language development within content instruction.

2026-2028 Interactive Online Learning Grant, Cycle 3

Program Description PS3014 - Program Narrative

6. LEAs must select and implement an interactive online learning model(s) that is offered in both English and Spanish. (a) Describe the components of the interactive online learning model(s) that are provided in Spanish. (b) Explain how your LEA will use the interactive online learning model(s) with English- and Spanish-speaking students.

Newsela provides a wide range of resources in Spanish, including leveled articles, quizzes, writing prompts, and text-to-speech functionality. Human translators meticulously translate Spanish-language versions of articles to ensure academic rigor and accuracy. Each Spanish-language article is available at five differentiated reading levels, accompanied by TEKS aligned quizzes and writing tasks. Additionally, Spanish audio narration supports emergent bilingual students by offering scaffolded access to content. The Spanish section of Newsela facilitates easy navigation for students and teachers seeking Spanish language resources. CCISD will use Newsela's bilingual resources to support instruction in high school USH and ensure equitable access for English and Spanish-speaking students. Spanish-speaking learners will use Spanish-language articles to build content knowledge while developing English proficiency. Teachers will assign Spanish language content strategically, transitioning students to English materials as their language skills improve and as students are ready to engage with grade-level academic language expectations. Newsela assignments in both languages will enable students to develop critical thinking while demonstrating their understanding of USH content and ELAR aligned skills. Furthermore, the availability of Spanish language materials will encourage family engagement, as parents can access and discuss assignments in their native language.

2026-2028 Interactive Online Learning Grant, Cycle 3

**Program Budget
 BS6001 - Program Budget Summary and Support**

Statutory Authority: General Appropriations Act, Article III, Rider 72, 89th Texas Legislature

Part 1: Available Funding

Available Funding	
Description	26-28 Interactive Online
1. Fund/SSA Code	429
2. Planning Amount	
3. Final Amount	
4. Carryover	
5. Reallocation	
Total Funds Available	

Part 2: Budget Summary

A. Budgeted Costs		
Description	Class/ Object Code	26-28 Interactive Online
1. Consolidated Administrative Funds		<input type="radio"/> Yes <input type="radio"/> No
2. Payroll Costs	6100	
3. Professional and Contracted Services	6200	
4. Supplies and Material	6300	
5. Other Operating Costs	6400	
6. Debt Services	6500	
7. Capital Outlay	6600	
8. Operating Transfers Out	8911	
Total Direct Costs		
9. Indirect Costs		
Total Budgeted Costs		
Total Funds Available Minus Total Costs		
10. Payments to Member Districts of SSA	6493	

B. Pre-Award Costs
Part 2B Pre-Award Costs is hidden because it does not apply to the funding source(s) for this grant application.

C. Breakout of Direct Admin Costs
Part 2C Breakout of Direct Admin Costs is hidden because it does not apply to the funding source(s) for this grant application.

2026-2028 Interactive Online Learning Grant, Cycle 3

Program Budget BS6101 - Payroll Costs

Part 1: Total Payroll Costs

Payroll costs entered on BS6001	
Total Payroll Costs	26-28 Interactive Online

Part 2: Number and Type of Positions

A. Administrative Support or Clerical Staff	
Position Type	26-28 Interactive Online
1. Administrative support or clerical staff (integral to program)	

B. LEA Positions	
Position Type	26-28 Interactive Online
1. Professional staff	<input type="checkbox"/>
2. Paraprofessionals	<input type="checkbox"/>
3. Administrative support or clerical staff (paid by LEA indirect cost)	<input type="checkbox"/>

C. Campus Positions	
Position Type	26-28 Interactive Online
1. Professional staff	<input type="checkbox"/>
2. Paraprofessionals	<input type="checkbox"/>
3. Administrative support or clerical staff (paid by LEA indirect cost)	<input type="checkbox"/>

Part 3: Substitute, Extra-Duty, Benefits

Substitute, Extra-Duty, Benefits	
1. For schoolwide personnel (includes staff salary, extra-duty pay/beyond normal hours, and substitutes for staff positions at schoolwide campuses)	<input type="checkbox"/>
2. Extra duty pay/beyond normal hours for positions not indicated above	<input type="checkbox"/>
3. Substitutes for public and charter school teachers not indicated above	<input type="checkbox"/>
4. Stipends for positions not indicated above	<input type="checkbox"/>

Part 4: Confirmation of Payroll Requirements

Confirmation of Payroll Requirements
1. <input type="checkbox"/> The grantee certifies the federally funded portion of this position and duties are reasonable, necessary, allowable and allocable under the applicable federal fund source. The grantee further certifies that it is in compliance with the federal supplement, not supplant provision applicable to each federal fund source. The grantee assures the grant-funded portion of this position and duties meet the purpose, goals, and objectives of the federal fund source. Documentation must be maintained locally by the grantee that clearly demonstrates the allowable and supplemental nature of the position, as required by each federal fund source, and will provide such documentation to TEA upon request.
