Certification and Incorporation Statement

I hereby certify that the information contained in this application is, to the best of my knowledge, correct and that the organization named above has authorized me as its representative to obligate this organization in a legally binding contractual agreement. I further certify that any ensuing program and activity will be conducted in accordance with all applicable Federal and State laws and regulations; application guidelines and instructions; the general provisions and assurances, debarment and suspension certification, lobbying certification requirements, special provisions and assurances, and the schedules submitted. It is understood by the applicant that this application constitutes an offer and, if accepted by the Texas Education Agency or renegotiated to acceptance, will form a binding agreement.

2026-2028 Interactive Online Learning Grant, Cycle 3

Program Description PS3013 - Program Plan

A. Statutory/Program Assurances

1. The following assurances apply to this program. In order to meet the requirements of the program, the applicant must comply with these assurances. Selecting all assurances is required.

- The applicant provides assurance that program funds will supplement (increase the level of service), and not supplant (replace) state mandates, State Board of Education rules, and activities previously conducted with state or local funds. The applicant provides assurance that state or local funds may not be decreased or diverted for other purposes merely because of the availability of these funds. The applicant provides assurance that program services and activities to be funded from this IDC will be supplementary to existing services and activities and will not be used for any services or activities required by state law, State Board of Education rules, or local policy.
- The applicant provides assurance that the application does not contain any information that would be protected by the Family Educational Rights and Privacy Act (FERPA) from general release to the public.
- The applicant provides assurances to adhere to all the Statutory and TEA Program requirements as noted in the 2026-2028 Interactive Online Learning Grant, Cycle 3 Program Guidelines.
- The applicant provides assurances to adhere to all the Performance Measures, as noted in the 2026-2028 Interactive Online Learning Grant, Cycle 3 Program Guidelines, and shall provide to TEA, upon request, any performance data necessary to assess the success of the program.
- The applicant assures that any Electronic Information Resources (EIR) produced as part of this agreement will comply with the State of Texas Accessibility requirements as specified in 1 Texas Administrative Code (TAC) 206, 1 TAC Chapter 213, Federal Section 508 standards, and the Web Content Accessibility Guidelines (WCAG) 2.1 level AA.
- The applicant acknowledges that Per Section 22.0834 of the Texas Education Code (TEC), any person offered employment by any entity that contracts with TEA or receives grant funds administered by TEA (i.e., a grantee or subgrantee) is subject to the fingerprinting requirement. TEA is prohibited from awarding grant funds to any entity, including nonprofit organizations, that fails to comply with this requirement. For details, refer to the General and Fiscal Guidelines, Fingerprinting Requirement.
- The applicant provides assurances to select an effective interactive online learning model(s) that meets the statutory requirements listed in General Appropriations Act, House Bill 1, Article III, Rider 72, 89th Legislative Session Regular Session, 2025.
- The applicant provides assurances that program funds will be used to implement with fidelity an effective interactive online learning model(s) in grade 7 Texas history, grade 8 U.S. history and/or high school U.S. history for cross-curricular instruction in English language arts and Texas history and/or U.S. History. The effective interactive online learning model(s) must: a) align with Texas Essential Knowledge and Skills (TEKS) for middle school and/or high school U.S. history, Texas history, and English language arts, as applicable; b) include tools to monitor the progress of each individual student; c) include quarterly benchmark assessments that are automatically scored; d) include both audio narration and video components; and e) be offered for use in both English and Spanish.
- The applicant provides assurances that the implemented interactive online learning model(s) must include cross-curricular instruction in social studies and English language arts aligned to the TEKS.
- The applicant provides assurances that the interactive online learning model(s) has been reviewed and determined to comply with the requirements of TEC §28.002(h) and §28.0022.
- The applicant provides assurances that the teachers implementing the interactive online learning model(s) will receive adequate professional development to ensure successful implementation of the program.
- The applicant provides assurances to support student learning in the interactive online learning model(s) to ensure student success.
- The applicant provides assurances to provide the necessary support to help students accelerate in the learning model(s) if they fall behind or are failing in the cross-curricular learning model(s).
- The applicant provides assurances to make a sustainability plan to ensure that the interactive online learning model(s) can continue to be offered after the grant ends.
- The applicant provides assurances to provide a status report by August 1, 2027, and a final report by February 1, 2028.
- The applicant provides assurances that a process will be in place to ensure the interactive online learning model(s) aligns to the TEKS.

2026-2028 Interactive Online Learning Grant, Cycle 3

Program Description PS3014 - Program Narrative

Please include complete responses for each question below.

A. Summary of Program

1. (a) Provide an overview of the program to be implemented with grant funds. (b) Include the overall mission and specific needs of the organization. (c) Describe how the program will address the mission and needs.

(a) La Vega Independent School District (LVISD) will implement an interactive online learning model to enhance instruction in 7th–8th grade Social Studies and English Language Arts (ELAR) classrooms using the Newsela platform with the Formative add-on. Newsela is a Texas Essential Knowledge and Skills (TEKS)-aligned platform that integrates literacy and Social Studies content while addressing the diverse needs of LVISD’s growing student population. Newsela provides differentiated texts at multiple reading levels, bilingual resources, and real-time analytics, enabling teachers to monitor student progress and tailor instruction. This program fosters critical thinking and literacy skills through multimedia features like text-to-speech and Spanish-language options, ensuring accessibility and engagement for all students. The Formative add-on complements these tools by offering customizable assessments, real-time performance tracking, and targeted interventions. The Formative add-on also complements the district’s Blended Learning Plan and supports its personalized instruction component. (b) This initiative aligns with LVISD’s mission to provide a needs-satisfying environment where everyone can produce successfully, with the understanding that learning adds quality to life. According to the 2024 Texas Academic Performance Report (TAPR), the district faces an 11% overall passing-rate gap in Grade 8 Social Studies STAAR scores for emergent bilingual (EB) students and a 24% gap in

2. Please continue the response here if needed. Please enter N/A if the additional space is not needed.

Grade 8 Social Studies STAAR scores for Special Education (SPED) students. Additionally, students across grade levels struggle with text-evidence-based questions and short-constructed responses, which are critical skills assessed on the STAAR test. These challenges highlight the need for a program that addresses content gaps and integrates English Language Arts (ELAR) literacy skills to strengthen Social Studies comprehension. By embedding strategies such as evidence-based analysis, contextual vocabulary development, and scaffolded reading practices into Social Studies instruction, the program will help students build essential skills that support both literacy and content mastery. As LVISD continues to serve an increasingly diverse student population, integrating cross-curricular instructional tools is critical to fostering equitable access to grade-level content and ensuring long-term academic success. (c) To address these challenges, LVISD will implement a comprehensive strategy to integrate Newsela and Formative tools into daily instruction. Newsela’s bilingual resources, differentiated texts, and multimedia features will enable teachers to support diverse learners, including both SPED and EB students, by providing scaffolded access to grade-level content. Real-time analytics and formative assessments will allow teachers to track student progress, identify areas of need, and make informed instructional adjustments. PD will equip teachers to design TEKS-aligned lessons.

B. Goals, Objectives and Strategies

1. (a) Describe the major goals/objectives of the proposed program. (b) Describe the activities/strategies that will be implemented to meet those goals/objectives.

(a) The primary goal of this program is to increase student proficiency in Social Studies (SS) and ELAR by strengthening essential academic skills such as reading comprehension, critical thinking, and performance on text-evidence-based questions and short-constructed responses. LVISD’s IOL program is designed to address a 11% proficiency gap in Grade 8 SS STAAR scores for emergent bilingual students and a 24% proficiency gap in Grade 8 SS STAAR scores for Special Education students and achieve a 5% increase in TEKS-aligned benchmark performance across Grades 7–8. Additional objectives include fostering a more engaging and equitable learning environment for all students and equipping teachers with the tools and strategies to effectively integrate SS and ELAR instruction. Newsela’s Teacher Binder will track student engagement through reading analytics, quiz participation, and time on task, while Formative will provide assessment data to monitor instructional impact. Teacher growth will be measured through PD participation, PLC-driven data analysis, and district- and campus-level learning walks to ensure fidelity of implementation. These tools will ensure that instructional strategies increase engagement, improve content mastery, and strengthen long-term instructional effectiveness. (b) LVISD will implement Newsela with the Formative add-on as the central instructional platform to achieve these goals. This platform will provide TEKS-aligned resources, differentiated texts,

2. Please continue the response here if needed. Please enter N/A if the additional space is not needed.

bilingual content, and real-time analytics to address the diverse learning needs of students in 7–8th-grade SS and ELAR classrooms. These resources will be integrated into daily instruction to create a unified approach to building literacy and content mastery. Newsela and Formative experts will provide PD sessions to equip educators with the skills to maximize the platform’s potential. These sessions will cover strategies for leveraging the platform’s features, such as accessing differentiated texts and bilingual resources using real-time analytics to assess student progress, and designing engaging, TEKS-aligned lessons that target specific areas of student need. This will complement the district’s Blended Learning Plan that focuses on these specific aspects of teaching and learning and student growth. CTMs will support ongoing program implementation. These structured collaboration groups will bring SS and ELAR teachers together to co-develop cross-curricular lessons, analyze student performance data, and share best practices for instructional strategies. CTMs will give teachers the opportunity to identify trends, refine instructional approaches, and align their efforts to ensure consistent progress toward program goals. Quarterly benchmarks will assess student progress through structured assessments aligned with TEKS and modeled on STAAR formats and complement our Blended Learning. Teachers will analyze benchmark results during CTM meetings to guide instruction/interventions.

Organization: LA VEGA ISD
Campus/Site: N/A

SAS#: IOLGAA26

2026-2028 Interactive Online Learning Grant, Cycle 3

Program Description PS3014 - Program Narrative

C. Performance and Evaluation Measures

1. (a) Describe the performance measures identified for this program which are related to student outcomes and are consistent with the purpose of the program. (b) Include the tools used to measure performance, as well as (c) the processes that will be used to ensure the effectiveness of project objectives and strategies.

(a) The program will measure its success by improving student performance on TEKS-aligned unit tests, state Interim tests, and STAAR/EOC assessments in both Social Studies and RLA. Central to this goal is fostering growth in high-priority learning standards, including skills such as answering text-based questions and producing short, well-constructed responses. LVISD identifies essential standards for each academic competency to support student success, aligned with TEKS. These standards ensure that instruction focuses on critical areas that promote grade-level mastery and long-term academic growth. Specific program targets include: increasing the performance rate of 8th grade Social Studies by 15%, reducing 11% proficiency gap for emergent bilingual students and the 24% proficiency gap for Special Education students in Grade 8 Social Studies STAAR performance, and demonstrating measurable improvement in short-constructed responses in students across Grades 7–8, with targeted attention given to supporting emergent bilingual and Special Education student populations. (b) To monitor student progress effectively, the program will utilize tools to provide comprehensive data for instructional planning and interventions. Newsela's real-time analytics will track reading comprehension, text engagement, and time on task, providing actionable insights for teachers. Formative's benchmark platform will generate quarterly assessments aligned with STAAR item formats, including multiple-

2. Please continue the response here if needed. Please enter N/A if the additional space is not needed.

choice and short-constructed responses. Additionally, the district will test students on the iReady platform and use HQIM assessments to ensure that student growth is occurring at an appropriate rate. The identified programs will collectively provide the district/campus with a way to evaluate mastery of Social Studies and ELAR TEKS. The district will use real-time assessment data to monitor progress on key learning standards and identify performance trends across student groups. These tools collectively support data-driven decision-making to ensure instructional adjustments, blended learning plans, and targeted interventions are aligned with program objectives. (c) The program will employ structured processes to ensure its objectives and strategies remain effective. Quarterly district-provided planning days will allow CTMs to meet and will be led by Social Studies and ELAR teacher leaders, with district support, and by ELAR Multi-Classroom Leaders and Master Team Reach Teachers, who will facilitate data-driven instructional adjustments. These sessions will analyze all data to identify performance trends and guide interventions for struggling learners. District/Campus data trackers will provide real-time assessment data to track progress on key learning standards, ensuring instructional adjustments are targeted and timely. Monthly leadership updates will provide district and campus leaders with progress reports on benchmark performance, growth trends, and intervention outcomes

D. Qualifications and Experience for Key Personnel

1. Outline the (a) required qualifications and experience for primary project personnel and (b) any external consultants projected to be involved in the implementation and delivery of the program. (c) Include whether the position is existing or proposed.

(a) Sandra Gibson, LVISD's Assistant Superintendent for Curriculum and Instruction, will serve as the primary lead for the program implementation. With over 30 years of experience in developing curriculum, providing professional learning opportunities, and supporting instruction 6–12, Ms. Gibson has consistently enhanced student achievement and fostered teacher growth. Her extensive expertise includes integrating technology into the classroom and designing professional development tailored to educators' needs. Her extensive leadership experience and curriculum expertise ensure a systematic, strategic, and informed approach to program implementation, thereby improving instruction and student outcomes. (b) To ensure the program's success, LVISD will also partner with external consultants from Newsela and Formative, who bring specialized expertise in using their platforms. These consultants will lead teacher professional development sessions, focusing on using the tools effectively to support student learning.

2. Please continue the response here if needed. Please enter N/A if the additional space is not needed.

Their training will include strategies for analyzing student performance data, customizing lessons to meet individual needs, and creating engaging, cross-curricular lessons that align with district goals. The training will also enhance all personnel's ability to incorporate all items into the district's Blended Learning Plan. Both in-person and virtual training sessions will be provided by experts, offering flexibility to accommodate the schedules of teachers and staff while ensuring comprehensive job-embedded support for the program. (c) All personnel involved in implementing this program are existing LVISD staff, which ensures consistency and collaboration across all project stages. These include the MCLs, MTRTs for ELAR and EB district coordinators, Social Studies and ELAR teacher leaders, and dual language specialists, who will work closely with Ms. Gibson and the external consultants to integrate the program effectively into classrooms. Using existing staff alongside expert consultants ensures that the program benefits from local knowledge and specialized training, maximizing its impact on students and teachers.

2026-2028 Interactive Online Learning Grant, Cycle 3

Program Description PS3014 - Program Narrative

E. Budget Narrative

1. Describe, in detail, (a) how the proposed budget will meet the needs and goals of the program, including staffing, professional development, supplies and materials, contracts, etc. (b) If applicable, include a high-level snapshot of funds currently allocated to similar programs. Include a short narrative describing how adjustments will be made in the future to meet needs.

(a) The proposed budget is designed to meet the program's goals by addressing three critical components: instructional resources, professional development, and teacher support. Most of the funding will cover a two-year district-wide subscription across grades 7-8 to Newsela with the Formative add-on, providing TEKS-aligned, interactive resources that integrate Social Studies (SS) and English Language Arts (ELAR) instruction. These resources include differentiated texts, bilingual content, and real-time analytics to support targeted instruction and ensure accessibility for diverse learners. To maximize the impact of these resources, professional development sessions will initially be delivered by consultants from Newsela and Formative, with additional sessions from the implementation team, fostering a collaborative environment where teachers can learn from one another and share best practices. Sessions will include in-person and virtual training, equipping teachers with the knowledge and strategies to integrate the platform effectively, analyze student data, and design impactful cross-curricular lessons. The remaining funds will support the campus-based implementation team members by covering the cost of extra-duty days to complete additional tasks. Fourteen implementation team members will receive six extra duty days to plan, collaborate, and oversee the program rollout. Additional funds will cover substitute days for learning walks, during which team members will observe

2. Please continue the response here if needed. Please enter N/A if the additional space is not needed.

program implementation across campuses, and extra-duty days for Social Studies educators to develop TEKS-aligned benchmarks. This structure ensures sufficient time and resources to maintain program fidelity and support continuous improvement, benefiting both students and teachers.

(b) District funds are not currently allocated to this initiative. However, during the implementation period, the grant will fully cover the costs of the subscription, professional development, and extra-duty pay. This comprehensive funding approach ensures the program can be launched without placing additional financial burdens on the district's budget, providing financial security and confidence in the program's sustainability.

(c) To address evolving needs during and beyond the grant period, adjustments will be made using program data and feedback from teacher leaders. If specific campuses require additional implementation support, the implementation team can deliver targeted support to ensure equity and program fidelity. Long-term sustainability will be achieved by embedding Newsela and Formative strategies and resources into routine instructional practices, thereby reducing reliance on external funding. As teachers gain proficiency with the platform and its integration into SS and ELAR curricula, the district will focus on maintaining these practices through ongoing collaboration in CTMs and leadership updates, ensuring a sustained impact on student outcomes.

2026-2028 Interactive Online Learning Grant, Cycle 3

Program Description PS3014 - Program Narrative

F. Request for Grant Funds

List all of the allowable grant-related activities for which you are requesting grant funds. Include the amounts budgeted for each activity. Group similar activities and costs together under the appropriate heading. If awarded, you will be required to budget your planned expenditures in the budget schedules provided by eGrants during negotiations.

1. Payroll Costs-Include a description of the cost(s) and a dollar amount. If you will not be budgeting in this class/object code, please enter "N/A" or "\$0."

Implementation Team Extra Days: 14 team members compensated for 6 extra days at \$100.00/day to facilitate planning, collaboration, and program oversight.
14 team members x 6 days x \$100.00 = \$8,400.00
Amount: \$8,400.00
PL Sub Days for Learning Walks and Training: 10 team members who are classroom teachers provided substitute days (4 days at \$125.00/day) to conduct learning walks and participating in grade-level training.
10 X 4 X \$125.00 = \$5,000.00
Extra Duty Days for Social Studies Benchmark Development: 3 Social Studies educators compensated for 2 days at \$100.00/day to develop TEKS-aligned benchmarks supporting program goals. (include details on how to allocate).
3 X 2 X \$100.00 = \$600.00 + 8400
Amount: \$14,000.00

2. Professional and Contracted Services-Include a description of the cost(s) and a dollar amount. If you will not be budgeting in this class/object code, please enter "N/A" or "\$0."

N/A

3. Supplies and Materials-Include a description of the cost(s) and a dollar amount. If you will not be budgeting in this class/object code, please enter "N/A" or "\$0."

Two-year subscription for Newsela with Formative add-on, ensuring TEKS-aligned interactive resources for Grades 7–8 Social Studies and ELAR classrooms. Includes costs for professional development (PD) provided by Newsela and Formative consultants, including in-person and virtual training sessions focused on data-driven instruction and cross-curricular strategies.
2-year subscription. COST = \$40,000.00
Materials for four in-person PD days, including chart paper, markers, and sticky notes, at \$250 per session to support collaborative learning and instructional planning.
4 PD Days x \$190.63 supplies and materials = \$1000.00
Headphones for students in four classrooms to use the program 24 students X 4 classroom = 7,095.36
iPads for program four classrooms X 5 per room (total) = \$11,579.00
Amount: \$59,674.36

4. Other Operating Costs-Include a description of the cost(s) and a dollar amount. If you will not be budgeting in this class/object code, please enter "N/A" or "\$0."

NA

5. Capital Outlay-Include a description of the cost(s) and a dollar amount. If you will not be budgeting in this class/object code, please enter "N/A" or "\$0."

NA

Program Description PS3014 - Program Narrative

6. Total Grant Award Requested-Be sure to include the sum of the amounts in all class/object codes and any administrative costs in this total. Only a dollar amount will be accepted for this answer. Maximum amount allowed is \$300,000.

\$300,000

G. Additional TEA Program Requirements

1. Applicants must (a) specify how they will select and support teachers and other support staff to implement the interactive online learning grant. (b) Describe how the LEA will ensure teacher commitment.

LVISD will implement the program in all 7th–8th-grade Social Studies and ELAR classrooms by selecting an implementation team composed of Social Studies and ELAR teacher leaders, dual language coaches, Master Team Reach Teachers, Blended Learning Team, and Multi-Classroom Leaders, with experience in data-driven practices and literacy integration. This team will help provide targeted professional development, job-embedded coaching, and CTM support for data analysis and instructional planning. Once trained, the implementation team will directly support all Social Studies and ELAR teachers, leading learning walks, modeling best practices, and facilitating campus-based training.

(b) The implementation team will ensure teacher commitment by guiding their peers in effectively integrating Newsela's tools and analytics into classroom instruction. These team members will lead collaborative efforts to co-develop lessons, model best practices, and provide direct support during the program rollout. The rollout will be phased to familiarize teachers with the platform and demonstrate its instructional value, starting with Newsela's TEKS-aligned articles and interactive features. Advanced tools, such as real-time analytics, differentiation capabilities, language support, and writing prompts, will be used to help teachers gradually build mastery without feeling overwhelmed. Ongoing coaching and structured CTM feedback will foster collaboration and provide a forum for data and strategies.

2. Describe how the LEA will ensure successful cross-curricular implementation of the program in each of the 2026-2027 and 2027-2028 school years.

In Year 1 (2026–27), the program's initial implementation will focus on building foundational practices, including integrating shared reading passages aligned with SS and ELAR TEKS, adopting common instructional practices to address ELAR and Social Studies literacy skills, and incorporating these practices into the district's Blended Learning Plan. Social Studies and ELAR teachers will co-develop lessons in CTMs, protected planning times, and district planning days, leveraging Newsela's differentiated resources and formative tools. Teachers will implement quarterly benchmarks modeled on STAAR formats, using data to guide instructional adjustments and identify areas for targeted intervention. Leadership updates will ensure accountability and provide feedback for refinement. In Year 2 (2027–2028), the program will expand to include advanced cross-curricular strategies, such as integrating writing prompts and extended-response activities across Social Studies and ELAR content. Teachers will deepen collaboration through CTMs by refining lesson alignment, addressing emerging challenges, and sharing best practices district-wide. Quarterly benchmarks will continue, with an emphasis on increasing growth for high-priority learning standards and reducing gaps for emergent bilingual learners. Sustainability will be reinforced by embedding these practices into routine planning and leveraging data insights to inform district-wide initiatives. Leadership updates will maintain fidelity.

Program Description PS3014 - Program Narrative

H. Statutory Requirements

1. LEAs must select (not develop) and implement an effective interactive online learning model(s) in grade 7 Texas history, grade 8 U.S. history and/or high school U.S. history for cross-curricular instruction in English language arts and Texas history and/or U.S. history that is aligned to the Texas Essential Knowledge and Skills (TEKS). (a) Identify the interactive online learning application(s) that will be implemented and (b) provide a description of the program(s).

(a) The interactive online learning applications to be implemented are Newsela Social Studies, Newsela Writing, and Formative.
(b) Newsela Social Studies provides a curated selection of articles, primary sources, and multimedia resources aligned to the TEKS standards for U.S. history, Texas history and ELA. Each resource is leveled for differentiated learning and includes embedded quizzes and performance tasks to enhance content understanding and literacy skills. Formative provides a comprehensive platform for creating, assigning, and monitoring assessments, enabling real-time feedback and data-driven instruction. Together, these tools support cross-curricular instruction and empower teachers to address students' diverse needs through engaging, TEKS-aligned resources.

2. LEAs must implement the interactive online learning model(s) in grade 7 Texas history, grade 8 U.S. history and/or high school U.S. history. What three history classes or combination of these history classes are identified for the implementation of the interactive online learning model(s)?

The program will be implemented across Grades 7–8 Social Studies (4 classes) and ELAR classrooms(4 classes), encompassing Grade 7 Texas History, Grade 8 U.S. History, and English Language Arts.

3. LEAs must select and implement an interactive online learning model(s) that includes tools to effectively monitor the progress of each individual student. (a) Describe the progress monitoring tool(s) included with the interactive online learning model(s) and how the LEA will use the monitoring tool(s) to ensure satisfactory student progress. (b) Include how the LEA will use the progress monitoring tool(s) to support struggling learners and students who may be off track. (c) Describe the interventions that will be implemented to help struggling learners.

(a) Progress monitoring tools include Newsela's real-time analytics and Formative's assessment platform for tracking individual student performance on reading comprehension, writing tasks, and Social Studies content mastery.
(b) The LEA will use these tools to analyze trends, identify struggling learners, and tailor instruction to address specific gaps. CTMs will regularly review this data to adjust instructional strategies and provide targeted support.
(c) Interventions for struggling learners will include scaffolded texts, small group instruction, text-to-speech options, and individualized teacher feedback based on analytics and benchmark results. The strategies and tools will also be embedded in the district/campus blending learning plan.

4. LEAs must select and implement an interactive online learning model(s) that includes quarterly benchmarks that are automatically scored. (a) Describe the quarterly benchmarks included in the interactive online learning model(s). (b) Include how the school(s) will use this data to support student learning and to evaluate the effectiveness of the interactive online learning model(s) that was implemented.

The quarterly benchmarks in this program will use Formative's assessment platform to provide comprehensive evaluations aligned with the TEKS standards for Social Studies and ELAR. These benchmarks will include automatically scored multiple-choice questions, text-evidence-based responses, and short-constructed writing tasks to assess critical reading, analytical writing, and historical understanding. The Newsela platform successfully integrates historical content to challenge students to synthesize information and articulate their ideas. Formative will enhance the process by allowing teachers to design, administer, and score benchmarks, including real-time feedback and detailed analytics to track individual student progress. The JH campus will use data from quarterly benchmarks to identify trends in student performance, monitor growth, and evaluate mastery of TEKS. Teachers will analyze benchmark results during Collaborative Team Meetings (CTMs) to identify strengths, address gaps, refine instructional strategies, and develop plans to incorporate into the blended learning campus plan. This data will guide targeted interventions, such as assigning scaffolded texts, differentiated writing tasks, and small-group instruction to support struggling learners, which will be incorporated into the district Blended Learning Plan and used during Tier 2 and Tier 3 intervention times. Benchmark data will also provide leadership teams with insights to evaluate the program's effectiveness.

Organization: LA VEGA ISD
Campus/Site: N/A

2026-2028 Interactive Online Learning Grant, Cycle 3

Program Description PS3014 - Program Narrative

5. LEAs must select and implement an interactive online learning model(s) that includes both audio narration and video components. (a) Describe the audio and video components included in the interactive online learning model(s). (b) Explain how the school(s) will use these tools to engage students in the effective interactive online learning model(s).

Newsela integrates audio narration and video components across its platform to support student engagement and accessibility. All articles feature text-to-speech functionality available in both English and Spanish, allowing students to listen while reading, which supports auditory learners and emergent bilinguals.

Additionally, the platform includes instructional videos that provide visual context for historical events and concepts. Videos are accompanied by interactive prompts, transcripts, and quizzes to enhance comprehension and encourage active participation. LVISD will use audio narration to support diverse learners, including students with disabilities, auditory learners, and emergent bilinguals. This feature allows all students to access grade-level content regardless of their reading proficiency. Instructional videos will bring historical topics to life, providing visual and contextual reinforcement that deepens comprehension. Teachers will pair video content with writing tasks to engage students in analyzing and synthesizing information from multiple sources, promoting active learning and critical thinking. By integrating these multimedia tools into daily instruction, schools will create dynamic and inclusive learning environments that cater to diverse needs and learning styles.

6. LEAs must select and implement an interactive online learning model(s) that is offered in both English and Spanish. (a) Describe the components of the interactive online learning model(s) that are provided in Spanish. (b) Explain how your LEA will use the interactive online learning model(s) with English- and Spanish-speaking students.

Newsela provides a wide range of Spanish-language resources, including leveled articles, quizzes, writing prompts, and text-to-speech functionality. Human translators meticulously translate Spanish-language versions of articles to ensure academic rigor and accuracy. Each Spanish-language article is available at five differentiated reading levels, accompanied by TEKS-aligned quizzes and writing tasks. Additionally, Spanish audio narration supports emergent bilingual students by offering scaffolded access to content. The "En Español" section of Newsela makes it easy for students and teachers to navigate Spanish-language resources.

LVISD will use Newsela's bilingual resources to support dual-language instruction and ensure equitable access for English- and Spanish-speaking students.

Spanish-speaking learners will use Spanish-language articles to build content knowledge while developing English proficiency. Teachers will strategically assign Spanish-language content and transition students to English materials as their language skills improve. Newsela assignments in both languages will enable students to develop critical thinking while demonstrating their understanding of Social Studies and ELAR content. Furthermore, the availability of Spanish-language materials will encourage family engagement, as parents can access and discuss assignments in their native language, fostering a collaborative approach to student success.

2026-2028 Interactive Online Learning Grant, Cycle 3

**Program Budget
 BS6001 - Program Budget Summary and Support**

Statutory Authority: General Appropriations Act, Article III, Rider 72, 89th Texas Legislature

Part 1: Available Funding

Available Funding	
Description	26-28 Interactive Online
1. Fund/SSA Code	429
2. Planning Amount	
3. Final Amount	
4. Carryover	
5. Reallocation	
Total Funds Available	

Part 2: Budget Summary

A. Budgeted Costs		
Description	Class/ Object Code	26-28 Interactive Online
1. Consolidated Administrative Funds		<input type="radio"/> Yes <input type="radio"/> No
2. Payroll Costs	6100	\$14,000
3. Professional and Contracted Services	6200	\$0
4. Supplies and Material	6300	\$59,675
5. Other Operating Costs	6400	\$0
6. Debt Services	6500	\$0
7. Capital Outlay	6600	\$0
8. Operating Transfers Out	8911	
Total Direct Costs		\$73,675
9. Indirect Costs		
Total Budgeted Costs		\$73,675
Total Funds Available Minus Total Costs		-\$73,675
10. Payments to Member Districts of SSA	6493	

B. Pre-Award Costs

Part 2B Pre-Award Costs is hidden because it does not apply to the funding source(s) for this grant application.

C. Breakout of Direct Admin Costs

Part 2C Breakout of Direct Admin Costs is hidden because it does not apply to the funding source(s) for this grant application.

2026-2028 Interactive Online Learning Grant, Cycle 3

**Program Budget
 BS6101 - Payroll Costs**

Part 1: Total Payroll Costs

Payroll costs entered on BS6001	
Total Payroll Costs	26-28 Interactive Online
	\$14,000

Part 2: Number and Type of Positions

A. Administrative Support or Clerical Staff	
Position Type	26-28 Interactive Online
1. Administrative support or clerical staff (integral to program)	

B. LEA Positions	
Position Type	26-28 Interactive Online
1. Professional staff	<input type="checkbox"/>
2. Paraprofessionals	<input type="checkbox"/>
3. Administrative support or clerical staff (paid by LEA indirect cost)	<input type="checkbox"/>

C. Campus Positions	
Position Type	26-28 Interactive Online
1. Professional staff	<input type="checkbox"/>
2. Paraprofessionals	<input type="checkbox"/>
3. Administrative support or clerical staff (paid by LEA indirect cost)	<input type="checkbox"/>

Part 3: Substitute, Extra-Duty, Benefits

Substitute, Extra-Duty, Benefits	
1. For schoolwide personnel (includes staff salary, extra-duty pay/beyond normal hours, and substitutes for staff positions at schoolwide campuses)	<input type="checkbox"/>
2. Extra duty pay/beyond normal hours for positions not indicated above	<input type="checkbox"/>
3. Substitutes for public and charter school teachers not indicated above	<input type="checkbox"/>
4. Stipends for positions not indicated above	<input type="checkbox"/>

Part 4: Confirmation of Payroll Requirements

Confirmation of Payroll Requirements
1. <input type="checkbox"/> The grantee certifies the federally funded portion of this position and duties are reasonable, necessary, allowable and allocable under the applicable federal fund source. The grantee further certifies that it is in compliance with the federal supplement, not supplant provision applicable to each federal fund source. The grantee assures the grant-funded portion of this position and duties meet the purpose, goals, and objectives of the federal fund source. Documentation must be maintained locally by the grantee that clearly demonstrates the allowable and supplemental nature of the position, as required by each federal fund source, and will provide such documentation to TEA upon request.
