

Welcome

Welcome to the Learning Acceleration Support Opportunities (LASO) 25-26 Cycle 4 application.

This consolidated application streamlines school system's access to grant funding, allotments, and in-kind supports and services across 15 opportunities.

Introduction

This application includes 15 initiatives available for school systems to apply for in LASO Cycle 4.

To ensure an informed selection, please follow these steps:

- **Review Program Guidelines:** Examine the program guidelines and resources for each initiative to understand its purpose, eligibility requirements, and assurances.
- **Engage Internal Teams:** Consult with key stakeholders (e.g., board, superintendent, district leaders, campus leaders etc.) to determine which initiatives best align with your school system's needs and capacity.
- **Select Initiatives:** Identify the initiatives that best support your local priorities.
- **Complete the Application:** Submit responses only for the initiatives your school system chooses to apply for.

Review each initiative by clicking the links to its program guidelines below:

Additional Resources and Considerations

Additional Resources

- [Initiative One-Pagers](#): Provides school systems with a concise summary of each initiative in LASO Cycle 4.
- [Eligibility & Prioritization Matrix](#): Provides eligibility and prioritization criteria that will enable a school system to predict the likelihood of receiving an award.
- [Initiative Selection Tool](#): Provides a Scenario map to guide selection of the right fitting initiative based on need.
- [Role and Responsibilities Insight Tool](#): Identifies the types of responsibilities for each role and show where roles overlap across initiatives.

Key Considerations for Submission

- Each school system may submit only one application. If multiple applications are submitted, only the most recent submission (based on timestamp) will be accepted.
- The application must be signed by the superintendent to be considered formally submitted. Only signed applications will be scored and considered for award. If the superintendent is unavailable to sign by the deadline, email LASO@texas.tea.gov for guidance.
- School systems have 60 days to complete the application. The application opens on October 3, 2025, and must be submitted by December 3, 2025, at 5:00 PM CT.

Leadership and Instructional Foundations for Texas (LIFT)

Initiative Description:

LIFT (Leadership and Instructional Foundations for Texas) is a three-year program designed to support Texas school systems in building the instructional and systems-level capacity needed to deliver high-quality learning experiences for all students. LIFT brings together the highest leverage components of Strong Foundations, Texas Instructional Leadership, and Texas Lesson Study, providing comprehensive support for school systems to adopt **high-quality instructional material (HQIM)** and implement **Bluebonnet Learning (BL)** over multiple years.

Review the Eligibility Criteria and Initiative Assurances listed below and indicate the school system’s acceptance.

Eligibility Criteria:

As the applicant, the school system hereby agrees to:

- Commit to selecting and implementing a [State Board of Education \(SBOE\)](#)-approved high-quality instructional material (HQIM) in the 2027–28 school year.

OR

- Commit to implementing a Bluebonnet Learning (BL) product in the 2026–27 school year.

Note: Participation in other grant programs does not disqualify applicants but may be considered during prioritization.

Initiative Assurances:

As the applicant, the school system hereby agrees to:

- Commit to (with Board approval) implementing a Bluebonnet Learning (BL) product in the 2026–27 school year (if applying to the “Implementation Phase”) OR committing to selecting and implementing a State Board of Education (SBOE)-approved high-quality instructional material (HQIM) in the 2027–28 school year (if applying to the “Planning Phase”).
- Contract with an Approved Provider from the LASO Cycle 4 State Approved Provider List for LIFT.
- Submit Approved Provider contracts and required funding summary reports to TEA.
- Secure approval from the Superintendent and Chief Academic Officer (or equivalent leader) to participate in the program.
- Appoint a designated LIFT lead as the primary point of contact and identify at least two additional contacts.
Note: The primary point of contact should be the equivalent of a senior academic team member or principal manager.
- Participate in required TEA-led activities, including a grant kick-off and communities of practice.
- Engage relevant school system and campus leaders, including special programs leadership, as well as teachers, instructional coaches, and special population educators in upfront training, implementation support, and coaching.
- Participate in a needs assessment of current instructional practices and materials.
- Establish or refine systems for instructional leadership, schoolwide routines, and observation and feedback.
- Submit all required grant deliverables, including instructional framework artifacts, implementation plans, school system-level instructional materials transition plan, campus-level implementation action plans, classroom, campus, and school system-level observation data and student outcomes data and progress updates as requested by the Approved Provider or the TEA.
- Participate in TEA-administered surveys and/or focus groups, as requested.
- Use grant funds in alignment with the required allocation structure and ensuring all expenditures support the goals of the LIFT program.
- Permit Approved Providers access to campuses to provide in-person support.
- Ensure teachers have sufficient planning time and use the required protocols.
- Provide print materials for all participating teachers and students.
- Follow the year-long scope and sequence for the instructional materials.
- Meet the minimum number of instructional minutes for the instructional materials.
- Ensure that a number of instructional leaders, aligned with the school system size, will actively participate in monthly implementation support and coaching provided by the Approved Provider.
- Ensure that the school system cabinet regularly engages in data reflection/performance management routines.

1. Does the school system agree to meet the Eligibility Criteria and Initiative Assurances listed above?

- Yes
 No

Initiative Specific Questions for the Leadership and Instructional Foundations for Texas (LIFT) Grant

For each content area below, please indicate your district’s current intention regarding the implementation of high-quality instructional materials (HQIM).

You may select different options for each content area.

K–5 English or Spanish Language Arts and Reading (ELAR/SLAR)

1. For which activity are you seeking LIFT technical assistance support in K-5 ELAR or SLAR?

- Implement **Bluebonnet Learning K–5 ELAR** in 2026–27 and/or **Bluebonnet Learning K-5 SLAR** if approved by SBOE
 Select an **SBOE-approved HQIM** during the planning year in 2026-27 and implement that HQIM in 2027-28
 Neither of the above

K–5 Mathematics

2. For which activity are you seeking LIFT technical assistance support in K-5 Math?

- Implement **Bluebonnet Learning K–5 Math** in 2026–27 and/or **Bluebonnet Learning K-5 Math (Spanish)** if SBOE approved

- Select an **SBOE-approved HQIM** in 2026-27 during the planning year in 2026-27 and implement that HQIM in 2027-28
- Neither of the above

Secondary Mathematics

3. For which activity are you seeking LIFT technical assistance support in 6-8 and/or Algebra I Mathematics, or Geometry or Algebra II if approved by SBOE?

- Implement **Bluebonnet Learning Secondary Math** in 2026–27
- Select an **SBOE-approved HQIM** during the planning year in 2026-27 and implement that HQIM in 2027-28
- Neither of the above

Leadership and Instructional Foundations for Texas (LIFT) (cont.)

Initiative Specific Questions for the Leadership and Instructional Foundations for Texas (LIFT) Grant

For each content area below, please indicate your school system’s current intention regarding the implementation of high-quality instructional materials (HQIM).

The LIFT grant provides monthly implementation support and coaching from a State-Approved Provider. By applying for this grant, your organization is committing to active participation in this support, specifically for instructional leaders – both at the campus and school system levels. Each participating campus must have one leader receiving coaching. Each of the participating campus and school system leaders must be directly involved in supporting teachers with the implementation of selected instructional materials. Additionally, the school system leader must be directly involved in supporting the campus leaders.

4. How many campus principals will the school system commit to receiving monthly implementation support and coaching visits from the Approved Provider?

Total number of principals to be coached :

5. How many school system-based instructional leaders (e.g. principal managers, executive director of instruction, associate superintendent) will the school system commit to receiving monthly implementation support and coaching visits from the Approved Provider?

Total number of leaders to be coached:

6. Does the school system commit to having, or working towards having, 165+ instructional days in the 2026-2027 academic year?

- Yes
- No

7. Has the school system implemented a CER OER product in previous academic years?

- Yes
- No

Blended Learning Grant (BLG)

Initiative Description:

The Blended Learning Grant opportunity has two distinct cohorts and associated purposes that applicants will select from, as described below.

The **Blended Learning Academic Cohort** will support school systems and open-enrollment charter schools through a planning stage to design and subsequently implement a high-quality blended learning model in math (through Math Innovation Zones - MIZ) and Reading Language-Arts (RLA) aligned with Bluebonnet Math or Reading as their Tier 1 instruction.

The **Blended Learning Strategic Operations Cohort** will support school systems and open-enrollment charter schools in leveraging a blended learning model to make a strategic operational shift to scheduling, staffing and/or budgets. This shift will seek to make robust operational changes to optimize campus staffing models for teachers while maximizing academic impact for students. The grant is available to school system that have successfully completed a planning phase of either Math Innovation Zones or RLA Blended Learning grants. Applicants will select a blended model that will require significant operational and staffing shifts to rethink time in a teacher-centric way at the participating campus(es).

Note: Both cohorts must choose a specific blended model, integrating a tier one curriculum with a digital supplemental product, from the options [here](#). A participating campus's master schedule may need to be adjusted to accommodate the time blocks required.

For which **Blended Learning Grant Cohort** is the school system applying?

- Academic Cohort (School systems new to Blended Learning Grants)
- Strategic Operations Cohort (School systems from previous TEA Blended Learning Grants, including both math and non-math programs)

Review the Eligibility Criteria listed below and indicate the school system's acceptance.

Eligibility Criteria:

- **Blended Learning Academic Cohort:** School Systems who have previously participated or are currently participating in a strong Tier 1 math and/or reading curriculum planning through a TEA initiative (i.e. LASO 2 Strong Foundations and LASO 1 Strong Foundations).
- **Blended Learning Strategic Operations Cohort:** School Systems who have previously participated in TEA Blended Learning Grants. Applicants must have shown high usage in approved supplemental products in math and/or reading language arts for grades K-8 in spring of 2025.

1. Does the school system agree to meet the Eligibility Criteria listed above?

- Yes
- No

Blended Learning Grant (BLG) (cont.)

Initiative Assurances for the Blended Learning Grant (BLG):

As the applicant, the school system hereby agrees to:

- Designate and provide a school system level project manager who will be available to dedicate approximately 50% of their time to designing and implementing the blended learning plan and who has decision making authority to act on developed plan.
- Designate and share with both the TEA and vendors a school system level lead/sponsor for communications, logistics, and usage monitoring. They also agree that this information is updated and maintained throughout the grant.
- Designate and share with TEA and vendors a campus level lead/sponsor for communications, logistics, and usage monitoring. They also

agree this is updated and maintained throughout the grant.

- Work with a third-party vendor to complete a technology audit for a landscape analysis of supplemental products currently purchased and/or used at campuses.
- Implement, with fidelity, a digital adaptive software program in grade levels selected to participate in the Blended Learning Grant.
- Submit fidelity of planning deliverables prior to the beginning of the first school year, including but not limited to the following:
 - Master Schedule
 - Assessment Calendar
 - Stakeholder Engagement Plan
 - Professional Learning Calendars
- Complete execution deliverables in program implementation during the grant period, including but not limited to the following:
 - Student usage progress towards the selected adaptive software program recommended metrics.
 - Sharing student TSDS unique IDs with select software product vendor for TEA quarterly reports.
 - Sharing unit assessment data from core curriculum.
 - Complete all required training(s) to build competency with the adaptive software product.
 - Completing all required research surveys throughout the grant program period.
- Participate in required communities of practice and any additional grant program meetings.
- Use a digital supplemental program, approved through the IMRA and/or Ratio Waiver List (RWL), and Bluebonnet Math and/or Reading for Tier 1 instruction.
- Complete all required training(s) to build competency in the online curriculum.
- Complete annual reflection and revision plans in implementation years to continuously improve upon blended learning and/or strategic operations planning.
- Adhere to all statutory requirements in TEC Sections 28.020 and 29.924 including, but not limited to:
 - Develop a plan to implement a blended learning model according to statute requirements.
 - Implement the model across at least one full grade level at the campus and expand to other grade levels and/or campuses.
 - Require teachers to differentiate instruction for all students in a grade level using a research-backed blended learning model.
 - Provide teachers and other relevant personnel with professional development opportunities regarding blended learning.
 - Require the use of a proficiency-based assessment.

Initiative Specific Assurances for the Blended Learning Academic Cohort:

As the applicant, the school system hereby agrees to:

- Submit strategic planning deliverables in the first year of implementation, such as a master schedule, assessment calendar, stakeholder engagement plan, professional learning calendars, etc.
- Complete blended learning execution requirements in program implementation, including student progress on selected online curriculum, unit assessment data from Bluebonnet curriculum, and evidence of training completion.

1. Does the school system agree to meet all Initiative Specific Assurances listed above?

- Yes
 No

Blended Learning Grant (BLG) (cont.)

Initiative Requirements for the Blended Learning Grant (BLG):

As the applicant, the school system hereby agrees to:

- Agree that your participating campuses will serve all grade levels within the K-8 Math or K-5 RLA grade bands by the end of the grant period.
- Agree to complete all required training(s) to build competency in the online curriculum.
- Agree to complete annual reflection and revision plans in implementation years to continuously improve upon blended learning and/or strategic operations planning.
- Agree to implement the digital adaptive software program in grade levels selected to participate in the Blended Learning grant.
- Agree to adhere to all statutory requirements in TEC Sections 28.020 and 29.924 including, but not limited to:
 - Develop a plan to implement a blended learning model according to statute requirements.
 - Implement the model across at least one full grade level at the campus and expand to other grade levels and/or campuses.
 - Require teachers to differentiate instruction for all students in a grade level using a research-backed blended learning model.

- Provide teachers and other relevant personnel with professional development opportunities regarding blended learning.
- Require the use of a proficiency-based assessment.

Initiative Specific Requirements for the Blended Learning Academic Cohort:

As the applicant, the school system hereby agrees to:

- Agree to implement a Math and/or RLA blended products with Bluebonnet Math or Bluebonnet Reading.
- Agree to identify which SBOE approved Tier 1 curriculum product and supplemental product that will be implemented with a blended learning model from the following options (may choose more than one option):
 - K-5 Math | Bluebonnet with *[IMRA supplemental approved product]*
 - 6-8 Math | Bluebonnet with *[IMRA supplemental approved product]*
 - HS Math | Bluebonnet with *[IMRA supplemental approved product]*
 - K-5 Reading | Bluebonnet with *[approved product]*
- Agree to implement the above Tier 1 curriculum and supplemental products for their selected grade-levels and student population.
- Agree to submit strategic planning deliverables in the first year of implementation, such as a master schedule, assessment calendar, technology audit report, stakeholder engagement plan, professional learning calendars, etc.
- Agree to complete blended learning implementation requirements, including student progress on selected online curriculum, sharing student TSDS unique ID with selected software product, unit assessment data from Tier 1 High Quality Instructional Material (HQIM) curriculum, and evidence of training completion.

PREP Residency Preservice Program Allotment

Allotment Opportunity:

The PREP Residency Preservice Program empowers school systems to play a central role in cultivating a pipeline of well-prepared, highly qualified teachers by embedding paid preservice teacher residency candidates directly into classrooms of highly qualified host teachers. Through close collaboration with educator preparation programs, participating school systems support teacher residents in earning an enhanced standard teaching certificate while gaining hands-on experience on campuses across the school system. By expanding the reach and effectiveness of residency models, the PREP Residency Preservice Program enhances instructional capacity and increases student access to skilled educators—ultimately advancing educational outcomes.

1. Does the school system wish to be considered for this Allotment Opportunity?

- Yes
 No

The applicant must agree to train its resident cooperating teachers via the Texas Mentorship Training.

TEA anticipates proposing rule to further defining cooperating teachers for the purpose of PREP Residency Preservice Program by adopting the definition of host teacher currently in TAC §228.95.

Roles

- **Resident Cooperating (Host) Teacher:** For the PREP Preservice Residency Program, statute defines a cooperating teacher as a classroom teacher who is a school system employee; has at least three full school years of teaching experience with a superior record of assisting students in achieving improvement in student performance; and is paired with one or more teacher candidates (new TEC §21.902).
- **PREP Mentorship Training Requirements:** Summer 2026, Fall 2026, Winter 2026-27 and Spring 2027 (24-30 total hours)

School systems must self-report the estimated number of resident cooperating teachers that would attend training for SY 2026-27.

7. How many host teachers does the school system estimate will attend the training? (*Min: 1, Max: 40*).

Note: This should correlate to the anticipated number of residents the school system will have in SY 2026-27.

 No

PREP Grow Your Own (GYO) Program Allotment

Initiative Description:

The PREP Grow Your Own (GYO) Program enables school systems, through partnering with qualified institutions of higher education and educator preparation programs, to establish innovative staffing pipelines that prepare and retain educators and thereby, increase student access to high-quality classroom teachers. The PREP GYO program provides funding through which participating school systems support (A) school system employees who do not hold a teaching certificate in completing a bachelor's degree and enrolling in a preparation program to ultimately

become a certified teacher while employed by the school system and (B) high school students in completing career and technical education courses that help prepare the students to become classroom teachers. Funding may be used to implement the PREP Grow Your Own Program and pay tuition and fees for participating students or employees.

Review the Eligibility Criteria and Initiative Assurances listed below and indicate the school system's acceptance.

Eligibility Criteria:

As the applicant, the school system hereby agrees to:

- Any school system, which includes open-enrollment charter schools, and SB 1882 Operating Partners who read and agree to the requirements in relevant sections of the Texas Education and Texas Administrative codes cited in these guidelines is eligible for the PREP Allotment.
- School systems may participate in the PREP GYO Program only if they have been approved to participate in a partnership preservice program. For the LASO 4 application cycle, school systems must apply for and also participate in the PREP Residency Preservice Program.

Initiative Assurances:

As the applicant, the school system hereby agrees to:

- Read and abide by TEC §21.906 (PREP Grow Your Own Program).
- Read and abide by TEC §48.157 (PREP Program Allotment).
- Read and abide by TAC sections related to the PREP Grow Your Own (GYO) Program, which will be posted to the Texas Register for public comment during the 2025-26 school year and become effective prior to the start of the 2026-27 school year.

Note: TEA anticipates sharing specific dates related to rulemaking in fall 2025.

For more details regarding Texas Education Code TEC §21.906 (PREP Grow Your Own Program) and TEC §48.157 (PREP Program Allotment) see: [PREP GYO LASO 4 Pop Out Document](#).

- Appoint a representative to engage in all required PREP Allotment & PREP Grow Your Own Program communications.
- Form a written agreement partnership with an institution of higher education and educator preparation program, as applicable, to support PREP GYO Program implementation. The partnership to adhere to program assurances and submit information to the agency upon request by August 2026:
 - School system employees who do not hold a teaching certificate in completing a bachelor's degree to enable the person to enroll in an educator preparation program and become a certified teacher while employed by the school system, and if applicable.
 - High-school students in completing career and technical education courses that help prepare the students to become classroom teachers.
- Form a written agreement partnership with an institution of higher education or educator preparation program by the SY 2026-27 that supports (A) school system employees who do not hold a teaching certificate in completing a bachelor's degree to enable the person to enroll in an educator preparation program and become a certified teacher while employed by the school system, and if applicable (B) high school students in completing career and technical education courses that help prepare the students to become classroom teachers.

The PREP Grow Your Own (GYO) Program is designed to form partnerships that support the following:

- High school students in completing career and technical education courses that help prepare the students to become classroom teachers.
- School system employees who do not hold a teaching certificate in completing a bachelor’s degree to enable the person to enroll in an educator preparation program and become a certified teacher while employed by the school system.

Note: Funding will be determined by each participating employee (TEC §48.157(b)(4)) and can be used to pay tuition and fees for high school students and employees participating in the program.

3. Which programming is the school system aiming to support through the PREP Grow Your Own (GYO) Program?

- Supporting school system employees with completing their bachelor’s degree and earning teacher certification
- Supporting employees and high school education & training

4. How many employees does the school system anticipate participating in the PREP Grow Your Own (GYO) Program?

(Min: 1, Max: 40 as per TEC §48.157 PREP Program Allotment)

40

5. The TEA may provide in-kind technical support for PREP Grow Your Own (GYO) Program planning and implementation. If these supports were made available, would the school system be interested in joining a webinar to learn more about them?

Note: If selecting yes, the primary and additional points of contact will be contacted with more information.

PREP Mentorship Program Allotment

Allotment Opportunity:

The Preparing and Retaining Educators through Partnership (PREP) Program Allotment aims to strengthen the quality of teacher recruitment, preparation, and mentorship, leading to increased educator effectiveness and retention. The PREP Program Allotment provides funding for various partnerships and school systems may apply for funding for the PREP Residency Preservice Program, Grow Your Own Program, and the Mentorship Program through this LASO IV Application. Through this allotment, school systems may also apply for Strategic Staffing funding to support the implementation and reach of the PREP Program Allotment. The 89th Texas Legislature established the PREP Program Allotment via House Bill 2, which was signed into law by Governor Abbott on June 20, 2025.

1. Does the school system wish to be considered for this Allotment Opportunity?

- Yes

PREP Mentorship Program Allotment

Initiative Description:

The Preparing and Retaining Educators Through Partnership (PREP) Mentorship Program provides school systems interested in implementing high-quality new teacher mentorship programs with funding to 1) provide, at minimum, a \$1,000 stipend to the mentor teacher (per beginning teacher), 2) train all required school system mentorship staff via the Texas Mentorship Training, and 3) provide release time for mentor teacher and beginning teacher mentoring activities. Any remaining funds may be used on strategic staffing training. The overarching purpose of this allotment is to increase the effectiveness and retention of beginning teachers across Texas.

Review the Eligibility Criteria and Initiative Assurances listed below and indicate the school system’s acceptance.

Eligibility Criteria:

As the applicant, the school system hereby agrees to:

- Any school system, which includes open-enrollment charter schools, and SB 1882 Operating Partners who read and agree to the requirements in relevant sections of the Texas Education and Texas Administrative codes cited in these guidelines is eligible for the PREP Allotment.

Initiative Assurances:

As the applicant, the school system hereby agrees to:

- Read and abide by TEC §21.907 (PREP Mentorship Program).
- Read and abide by TEC §48.157 (PREP Program Allotment).
- Read and abide by TAC sections related to the PREP Mentorship Program, which will be posted to the Texas Register for public comment during the 2025-26 school year and become effective prior to the start of the 2026-27 school year.

Note: The TEA anticipates sharing specific dates related to rulemaking in fall 2025.

For more details regarding Texas Education Code TEC §21.907 (PREP Mentorship Program) and TEC §48.157 (PREP Program Allotment) see: [PREP MENTORSHIP LASO 4 Pop-Out Document](#).

Roles

- **Mentor Teacher:** A teacher who, to the extent practicable, teaches in the same school, subject, and/or grade level of the beginning teachers they mentor, completes a mentor teacher training program established by TEA, has at least three years of teaching experience, and demonstrates instructional and leadership skills under TEC §21.458 and §21.907.
- **School system and/or Campus Leader:** Any appropriate district and campus employees who work with the classroom teacher or supervise the classroom teacher under TEC, §21.458

PREP Mentorship Training Requirements

- **Pathway 1 (Mentoring Educator) Training:**

- This pathway is intended for mentoring educators, such as mentor teachers, who provide direct mentoring to beginning teachers.
- Pathway 1 training will occur in Summer 2026, Fall 2026, Winter 2026-27, and Spring 2027 for a total of 24-30 hours.

- **Pathway 2 (School system & Campus Leader) Design Sessions:**

- This pathway is intended for school system and campus leaders who will be planning & implementing mentorship programs (*e.g., program managers, district mentoring staff, campus principals, etc.*).
- Pathway 2 design sessions will occur in Spring 2026, Summer 2026, Fall 2026, and Spring 2027 for a total of 15-16 hours.

** Note: Per TEC §21.458, appropriate school system and campus employees who work with the beginning teachers or supervise beginning teachers are required to attend mentorship training. This requirement may be fulfilled by either Texas Mentorship Training Pathway 1 or Pathway 2; these individuals may attend both Pathways 1 and 2, if desired.*

5. School systems must self-report the estimated number of mentor teachers and school system & campus leaders that would attend Pathway 1 training for Year 1 implementation (SY 2026-27). See 'Roles' definition above.

Texas Strategic Staffing for Residencies (TSS) Grant

Initiative Description:

The Texas Strategic Staffing for Residencies Grant focuses on making staffing and scheduling decisions driven by immediate and long-term instructional needs. This is a two-year grant designed to provide in-kind technical assistance and other support to school systems and educator preparation program (EPP) partnerships to design and implement paid, year-long, high-quality, and sustainable teacher residencies across SY 2026-27 and SY 2027-28. The grant provides partial funding for at least one school system staff member to oversee the program, including coordination between the school system, technical assistance provider, and EPP.

Review the Eligibility Criteria, Initiative Assurances, and Initiative Requirements listed below and indicate the school system's acceptance.

Eligibility Criteria:

As the applicant, the school system hereby agrees to:

- Have a signed [EPP Verification Form](#) (template posted with the application) from each EPP partner that has a State Board of Educator Certification (SBEC)-approved Texas Teacher Residency Preparation Route ([TTRPR](#)).
- Not a recipient of the SY 2024-25 Sustainable Residency Continuation Grant (see award list [here](#)).
- Not a recipient of the SY 2025-27 Texas Strategic Staffing Grant for Sustainable Paid Teacher Residency Program (see award list [here](#)).

Initiative Assurances:

As the applicant, the school system hereby agrees to:

• General Initiative Assurances

- Appoint a School System Strategic Staffing Lead who will serve at least 20% of their time and effort to oversee the Texas Strategic Staffing for Residencies Grant and as the point of contact for the ESC technical assistance provider? Note: School System Strategic Staffing Lead, in conjunction with the ESC, will coordinate with other school system staff on the design and implementation teams to schedule grant activities and complete program deliverables.
- Develop clear companion guides, which include parameters for the selected strategic staffing model and communication plans, and share them with all stakeholders involved with resident placement in the school system and educator preparation programs (EPPs).
- Share data, such as historic teacher vacancies or student characteristic data, with the ESC technical assistance provider to inform design and implementation year decisions.
- Submit data to TEA on grant implementation and outcomes including, but not limited to the following:
 - Number of teacher residents participating in the year-long paid teacher residency.
 - School placement of residents during their residency year.
 - Selected strategic staffing models.
 - Resident and host teacher compensation.
 - Characteristics of teacher residents participating in the program.
 - Number and type of teacher certifications awarded to teacher residents.

• Sustainable Funding for Residencies

- Design and implement a strategic staffing model plan that will ensure that the teacher residency model will be sustainably funded by the school system by school year (SY) 2028-29.

Note: the plan must include sustainable funding for teacher residents and host teacher stipends/salaries.

• School System and EPP Partnerships

- Establish a partnership with at least one EPP that has been approved by the SBEC to offer the Texas Teacher Residency Preparation Route (TTRPR).
- Sign a letter of commitment or a memorandum of understanding (MOU) with the ESC technical assistance provider. The EPP(s) must also confirm their commitment to the strategic staffing design and implementation process with the applicant.
- Set shared goals for school system paid resident placements in mutually beneficial staffing model positions.
- Hold structured governance meetings at least quarterly to analyze teacher resident data and develop plans for teacher residency continuous improvement during the SY 2027-28 residency implementation year.
- Work collaboratively with your EPP partner(s) to design a strategic staffing model and corresponding stipend amounts.
- Adhere to all educator preparation program requirements for residency in the Texas Administrative Code (TAC) Chapter 228.
- Provide preferential hiring, to the greatest extent possible, to teacher residents who have successfully completed the teacher residency program and received enhanced standard certification.

• Technical Assistance for Design and Implementation

- Work with an ESC technical assistance provider for the SY 2026-27 and 2027-28 school years to make key decisions and design structures that enable internal capacity to continue the strategic staffing models without the support of the technical assistance provider in SY 2028-29 and beyond.
- Ensure that a designated team of leaders from the school system, campuses, and EPP(s) will actively participate in strategic staffing model training and technical assistance support activities beginning in SY 2026-27.
- Attend sustainability meetings with their technical assistance provider each semester of SY 2027-28 (implementation year) to determine sustainable strategic staffing model and funding sources, as applicable, after the life of the grant.
- Manages or directly supports the school system's PREP Residency Preservice Program if awarded the PREP Residency Preservice Program Allotment.

Initiative Requirements:

As the applicant, the school system hereby agrees to:

- The school system has **NOT** participated in either the 2024-2025 Sustainable Residency Continuation Grant or the 2025-2027 Texas Strategic Staffing Grant for Sustainable, Paid Teacher Residency Program.

1. Does the school system agree to meet the Eligibility Criteria, Initiative Assurances, and Initiative Requirements listed above?

1a. Top three responsibilities in their role:

Primary contact for Teacher Incentive Allotment, works collaboratively with the Assessment and Accountability Director to monitor data, Supports the district in implementing teacher advancement initiatives

1b. How often does this person meet with school system executive leadership (e.g., superintendent, assistant superintendent, chief financial officer)?

Daily

1c. How will this person help sustain paid residencies in the school system after the conclusion of this grant?

To ensure the sustainability of paid residencies beyond the grant period the Director will implement a comprehensive strategy that embeds the program into the district's long-term talent development plan. This includes gradually integrating residency costs into the district's operating budget leveraging partnerships with high education institutions and community organizations for shared funding and pursuing additional grants and alternative revenue streams. The Director will also advocate for policy adoption at the district and board levels to ensure residencies be a core component of teacher recruitment and retention. A formal roadmap will be developed during the grant period outlining timelines funding sources and stakeholder roles to ensure the program remains a permanent fixture in the district's workforce strategy.

1d. How will the school system support this role in the event of turnover? Who else will have knowledge and skills for this work?

The school system will provide comprehensive support to ensure continuity and effectiveness in overseeing the strategic staffing initiative even in the event of turnover by establishing processes and documentation that will be maintained in centralized location to allow for seamless transition and minimize disruption. Also setting up cross-department collaboration with district-level teams to sustain progress and provide guidance during leadership changes. Key personnel will receive ongoing training and updates on staffing strategies to ensure multiple team members are equipped to support the work.

The Executive Director of Teaching and Learning brings extensive knowledge in curriculum instruction and workforce development which aligns with the goals of strategic staffing. This expertise ensures informed decision-making and continuity in implementing initiatives that prioritize student achievement and teacher effectiveness.

Pathways in Technology Early College High School (P-TECH)

Initiative Description:

The Pathways in Technology Early College High School (P-TECH) program is an open-enrollment initiative that offers campuses an opportunity to plan to build a P-TECH within their school system. Designed to support underserved and at-risk students, P-TECH schools offer opportunities for students to earn a high school diploma while simultaneously earning industry certifications, and/or an associate degree on or before the sixth anniversary of a student's first day of high school. The P-TECH program requires a campus to maintain a partnership with an institution of higher education (IHE) to provide dual credit opportunities to the P-TECH academy students and with a business/industry partner to provide work-based learning experiences.

Review the Eligibility Criteria and Initiative Assurances listed below and indicate the school system's acceptance.

Eligibility Criteria:

As the applicant, the school system hereby agrees to:

- As the applicant, the school system hereby agrees to serving students in Grades 9–12
 - **or** will begin serving students in Grade 9
 - **or** students in Grades 9 and 10 in the first year of implementation (2027-2028) and will progressively scale up by adding at least one grade level per year after the first year of implementation.
- All current P-TECH planning, provisional or designated campuses are not eligible to apply.
- All recipients of previous P-TECH Planning and Implementation or LASO Grants are ineligible to apply.
- Any campus that has been given CCRSM Needs Improvement status is not eligible to apply.

Initiative Assurances:

As the applicant, the school system hereby agrees to:

- P-TECH campuses must establish recruitment and enrollment processes and requirements that will not exclude or discourage the enrollment of any of the subpopulations of at-risk students, including, but not limited to, students who are of limited English proficiency or who have failed a state-administered assessment.
- P-TECH campuses must provide for a TEA CTE program of study that enables a participating student in grade levels 9–12 to combine high school courses and postsecondary courses. Describe the course of study that the school is planning to offer and how it expands upon current offerings. Include how the course of study will enable a student to combine high school courses and postsecondary courses and identify crosswalks, sequences of courses, degrees/certificates/certifications earned, and work-based education that will be available to students at every grade level. Describe how the selected course of study will address regional workforce needs.
- P-TECH campuses must enter into a MOU with regional industry or business partners in Texas and must meet the following guidelines:
 - Provide 100% of participating students access to appropriate work-based education at every level.
 - Address regional workforce needs.
 - The industry/business partner will give a student who receives work-based training or education from the partner with a P-TECH first priority in interviewing for any jobs for which the student is qualified that are available upon the student's completion of the program.
 - Review the MOU at least every two years and update as necessary the name of the regional industry or business partner and describe how the proposed program will meet the requirements for the partnership with the industry/business partner.
- At TEA's request, P-TECH campuses must submit a data report of leadership team members, meeting dates, and agendas (including attendance) posted on the school's website.
- At TEA's request, P-TECH campuses must submit a data report of enrollment guidelines that follow the enrollment requirements outlined in the statutory requirements of this grant. Enrollment Guidelines should clearly document enrollment policies and practices to include admissions policies of performance-blind, open access systems that encourage and consider applications from all students, or a weighted lottery that factors 10 students who are at-risk as defined by the PEIMS (TEC §29.081) or who are part of the targeted subpopulations for P-TECH.
- At TEA's request, P-TECH campuses must submit a recruitment plan that includes marketing materials (in English/Spanish) and timelines.
- At TEA's request, P-TECH campuses must submit a data report of stakeholder input methods used to obtain input about the implementation of the program from students, parents, community, postsecondary partners, with regular activities to educate students, parents, counselors, community, district staff, and school board members.
- At TEA's request, P-TECH campuses must submit an academic year signed and dated memorandum of understanding (MOU) and course articulation agreement with one or more college partners that fulfills the statutory requirements of this grant. The agreement must address curriculum alignment, instructional material, instructional calendar, courses of study that lead to an associate degree or up to 60 hours of college credit toward a baccalaureate degree, student enrollment and attendance, grading periods and policies, administration of statewide assessments, and data-sharing policies and procedures.
- At TEA's request, P-TECH campuses must submit a plan of wrap-around strategies and services to provide academic, behavioral, and mental health supports for student success to include a plan for academic mentoring of faculty and student supports for intervention and acceleration, counseling, guidance, and student advisory services for academic, and mental health supports, and behavioral and mental health supports such as parent outreach, connections to social services when needed, and peer mentoring.
- The applicant agrees to complete and submit the required CCRSM planning application prior to the beginning of the next school year.

Virtual and Hybrid Program Accelerator (VHPA)

Initiative Description:

The Virtual and Hybrid Program Accelerator (VHPA) enables school systems and open-enrollment charter schools to design and launch high-quality virtual and hybrid programs or campuses, as defined under Texas Education Code (TEC) Chapter 30B. The goal of the program is to establish schools that are intentionally structured to achieve A or B accountability ratings and deliver rigorous, engaging instruction tailored to meet the diverse needs of students across Texas. Through VHPA, participating school systems receive funding and technical assistance to develop flexible, personalized learning models that support students requiring adaptable education pathways. The program also enables school systems to implement innovative staffing strategies, expand course offerings, and increase access to high-quality instruction statewide.

Review the Eligibility Criteria, Initiative Assurances, and Initiative Requirements listed below and indicate the school system's acceptance.

Eligibility Criteria:

As the applicant, the school system hereby agrees to:

- Have not participated in a previous VHPA cycle.

Initiative Assurances:

As the applicant, the school system hereby agrees to:

- Program leads of awarded applicants have at least 16 hours of release time built into their weekly schedules to plan and create the virtual or hybrid program or campus.
- Ensure that the program or designated campus leader possesses relevant experience or can exhibit the competencies necessary to lead a virtual or hybrid program or campus effectively.
- Design and manage strategic initiatives that improve instructional quality and student engagement, and they are committed to building their capacity to support high-quality virtual and hybrid models.
- As part of the program commitment for Year 1 of VHPA, submit a comprehensive launch plan for a full-time virtual or hybrid program or apply for authorization to operate a virtual or hybrid campus to operate in 2027-2028 school year.

Note: If the school system does not meet participation expectations or disengage from VHPA, they may have their membership from the VHPA terminated and forfeit any access to remaining funding.

Initiative Requirements:

As the applicant, the school system hereby agrees to:

- Establish a dedicated VHPA Team responsible for developing and implementing the full-time virtual or hybrid campus or program.
- Collaborate with a TEA-assigned technical assistance (TA) provider and participate in TA-supported activities such as cohort workshops, monthly coaching calls, step backs, planning sessions, or implementation deliverables.
- Ensure adaptability and dedication in program model design to align with research-based practices for high-quality virtual and hybrid

models.

- By the end of Year 1 of VHPA support, launch a full-time virtual or hybrid program or apply for authorization to operate a full-time virtual or hybrid campus beginning the 2027-2028 school year.

Note: For full-time virtual or hybrid campuses, Year 2 of VHPA TA support and funds are contingent upon the full-time virtual or hybrid campus receiving authorization.

- Ensure that any partnership with a private or third-party vendor preserves the school system’s ability to design, adapt, and implement the virtual or hybrid program to meet local needs.
- Disclose any vendor-imposed services, limitations that may affect program flexibility, instructional design, or operational decision-making.
- If selecting a private or third-party provider to operate the school, collaborate with the designated technical assistance partner to develop a comprehensive provider selection plan that includes:
 - Defined criteria for evaluating potential providers.
 - Detailed cost analysis and breakdown of services.
 - Consideration of the provider’s historical performance (e.g., student academic outcomes).
- If selecting a private or third-party provider to operate the program or campus, formalize and monitor the partnership with a third-party provider by:
 - Submitting memoranda of understanding (MOU) or formal agreements outlining responsibilities of both the provider and the school system or charter.
 - Establishing a system for progress monitoring, including required reports on student engagement and academic progress.
 - Defining action items if the provider fails to meet success criteria for the campus or program.
- Complete all required deliverables and meeting milestones by the scheduled timeline specified by the VHPA, including:
 - Define a clear and compelling rationale for launching the virtual or hybrid program/campus, including the specific student population or campus it will serve.
 - Present evidence of community interest in a virtual or hybrid learning option, including data collected through surveys, focus groups, or other engagement methods.
 - Develop and implement comprehensive plans to achieve program objectives, including an academic plan that outlines curriculum, instructional methods, approaches for monitoring student progress, and support strategies for special populations and at-risk students.
 - Develop and iterate plans regarding staffing models, school culture, family engagement, and student support.
 - Update operations such as staffing, schedules, finances, technology, and cybersecurity to support virtual or hybrid models.
 - Provide a professional development plan for instructional staff that includes training specific to virtual and hybrid instruction, along with ongoing, job-embedded coaching to strengthen instructional quality and student engagement.
 - Present evidence of training and development for teachers and leaders to ensure high-quality virtual or hybrid instruction.
 - Use data to monitor student engagement and academic progress, ensuring alignment with grade-level standards and research-based instructional strategies specific to virtual and hybrid learning.
 - Engage in three improvement cycle sessions using data to inform ongoing development. school systems will share data that reflects program implementation and outcomes. This may include student engagement, progress toward grade-level mastery in virtual and hybrid courses (BOY, MOY, EOY), teacher instructional practices and growth in serving virtual and hybrid learners, and leader support for professional learning communities and job-embedded coaching.
 - Obtain formal approval from the school system’s governing board to launch a virtual or hybrid program/campus and ensure this approval is secured prior to applying for authorization. For virtual/hybrid campuses, ensure this approval is secured prior to applying for authorization.
 - Submit a detailed plan or contract outlining the scope of services, responsibilities, and decision-making authority in any private or third-party vendor partnership supporting the virtual or hybrid program/campus (*if applicable*).
 - Submit a comprehensive launch plan and either implement a virtual or hybrid program or apply for authorization to operate a virtual or hybrid campus that is expected to begin operating in the 2027-2028 school year.

1. Does the school system agree to meet the Eligibility Criteria, Initiative Assurances, and Initiative Requirements listed above?

- Yes
- No

3. What type of delivery format is the school system planning on?

- Program
- Campus
- TBD

4. What type of program is the school system planning on opening?

- Virtual
- Hybrid
- TBD

5. How does the school system envision instructions to delivered in the program?

- Asynchronous only
- Synchronous only
- Both asynchronous and synchronous
- Undecided

6. Will the school system be in Year 1 of the school system wide adoption of HQIM in core subjects?

- Yes
- No

7. Current or anticipated student enrollment number in the virtual/hybrid program or campus?

8. Describe how the school system calculated the enrollment number above.

(i.e. current number of students enrolled, number of interested students via family survey)

This number is based on the average number of students who typically select to attend a small school setting off the main campus. Informal parent surveys have also indicated that students benefit from small setting and nontraditional instructional settings.

9. Which best describes where the school system is in the virtual/hybrid program?

- Are in the planning phase and currently do not have a virtual or hybrid program, but intend to launch in SY26-27.
- Have a plan and will be ready to launch a virtual/hybrid program this school year (SY26-27) with some additional support.
- Are currently running a virtual and hybrid program and would like feedback and support to build on it to launch a more robust program in SY27-28.
- Are in the planning phase and currently do not have a virtual or hybrid program but intend to apply for authorization to operate a virtual or hybrid campus in the SY27-28.
- Have a plan and will be ready to launch a virtual/hybrid program this school year (SY26-27). With some additional support, we plan to apply for authorization to operate a virtual or hybrid campus in the SY27-28.
- Are currently running a virtual and hybrid program and would like feedback and support to build on it and establish a virtual or hybrid campus in SY27-28.
- Are exploring virtual and hybrid learning options within our school system but unsure about the program type and timeline to launch.

10. Describe how your virtual or hybrid program/campus aligns with the school system's broader strategic goals or improvement plans.

Our virtual/hybrid campus is strategically aligned with the district's broader improvement plan by advancing equity innovation and academic excellence. The program removes barriers to learning by providing flexible technology-driven instruction that ensures all students—regardless of location health or family circumstances—have access to rigorous TEKS-aligned curriculum. It supports the district's college and career readiness goals by embedding digital literacy and personalized learning pathways that prepare students for success beyond graduation. Through real-time data monitoring and targeted interventions the program strengthens continuous improvement efforts outlined in the district's strategic plan. Additionally it fosters family engagement through virtual communication tools and training sessions empowering parents as partners in student achievement. LASO grant funding will enhance these initiatives by expanding instructional technology professional development and student support systems ensuring sustainability and scalability while driving measurable progress toward district-wide goals.

11. Describe what knowledge or experience the school system's leadership team brings to designing and supporting high-quality virtual or hybrid instruction.

The school system's leadership team brings extensive expertise in designing and supporting high-quality virtual and hybrid instruction. With deep experience in curriculum development and TEKS-aligned instructional design the team ensures academic rigor and equity across all learning environments. Leaders are highly skilled in integrating technology through learning management systems adaptive software and digital collaboration tools while leveraging data analytics for real-time progress monitoring and targeted interventions. They have successfully implemented district-wide professional development initiatives focused on virtual pedagogy classroom management in online settings and strategies for engaging diverse learners. Their proven track record includes fostering personalized learning addressing digital equity challenges and strengthening family engagement through innovative communication platforms. Committed to continuous improvement and compliance with state and federal guidelines the leadership team uses data-driven decision-making to sustain program quality and scalability ensuring that virtual and hybrid instruction aligns with the district's strategic goals and student success priorities.

12. Describe what research, data, or stakeholder input informed the school system's decision to pursue a virtual or hybrid model.

The school system's decision to pursue a virtual/hybrid model was guided by a comprehensive review of student performance data graduation and dropout trends and direct stakeholder feedback. Analysis of historical data revealed that students at risk of dropping out often faced barriers such as health

concerns

family responsibilities

or social-emotional challenges that limited their ability to attend traditional in-person classes. Graduation rate reviews highlighted the need for flexible learning options to keep these students engaged and on track for completion. In addition to quantitative data

stakeholder input played a critical role. Leadership conducted listening sessions and home visits with students and families who expressed reluctance or inability to return to campus

citing work obligations and transportation issues. Teachers and counselors provided insights into the academic and social-emotional needs of these learners

reinforcing the importance of personalized

technology-driven solutions. This feedback

combined with research on best practices for blended learning and digital equity

informed the design of a virtual/hybrid program that prioritizes accessibility

engagement

and academic success for all students.

13. Which best describes the school system's key areas of need for the virtual/hybrid program?

Note: Answers provided will not limit the type of support the school system will receive if accepted into the program. Instead, this information will be used to better understand the school system's key area of need.

- Aligned, effective vision and model that is responsive to family and student needs.
- Family engagement, communication, and/or recruitment plan.
- Staffing and/or teacher/staff recruitment plan.
- Plan for communicating clear administrator, teacher, student, and family roles within a virtual/hybrid model. *(and wherever needed, support for shifting mindsets)*
- Instructional framework for designing high-quality virtual and hybrid courses aligned to research-based practices.
- Student attendance and engagement plan.
- School Culture and student well-being plan.
- Plan for supporting special populations and at-risk students.
- Student onboarding sessions, including learning strategies and support for cultivating mindsets rooted in the science of learning, self-directed learning skills, how to use digital tools, and help-seeking during asynchronous and/or synchronous instruction.
- Teacher development *(PD and ongoing job-embedded coaching)* to deliver high-quality instruction and learning experiences in a virtual/hybrid model.
- High-Quality Instructional Materials. *(for core curriculum and adjusted for virtual/hybrid learning)*
- Data collection and progress monitoring systems.
- Technology Strategy and Data Privacy Framework. *(including hardware, connectivity, digital tools, and cybersecurity policies)*
- Master schedule that is appropriately set up for virtual or hybrid learning.

14. Describe which additional topics, areas of support, or identified gaps would be most helpful to strengthen the school system's virtual or hybrid model.

To strengthen the school system's virtual and hybrid learning model

several key areas of support have been identified. First

expanding digital equity initiatives is critical

including device distribution

reliable internet access

and technical assistance for families. Professional development remains a priority

with advanced training on virtual pedagogy

student engagement strategies

and differentiated instruction for diverse learners. Additional support for social-emotional learning and student engagement is needed to maintain motivation and well-being in online settings

alongside virtual counseling services. Family and community engagement can be enhanced through multilingual resources

workshops

and improved communication systems. Data-driven instruction and assessment tools should be strengthened to enable real-time progress monitoring and targeted interventions. Special populations

including students with disabilities and English learners

require expanded accommodations and assistive technologies. Finally

sustainability and scalability planning is essential
focusing on long-term funding
staffing
and infrastructure
as well as partnerships for technology upgrades and innovative instructional resources.

15. Describe which curriculum the school system is currently using, or planning to use for virtual learning for core courses.

The school system is committed to providing rigorous TEKS-aligned instruction in all core content areas through its virtual learning program. To achieve this we are currently utilizing the Edmentum online learning platform which offers comprehensive digital curricula for English Language Arts Mathematics Science and Social Studies. Edmentum provides interactive lessons formative assessments and adaptive learning tools that allow for personalized instruction tailored to each student's needs. In addition to Edmentum the district supplements instruction with teacher-created resources and district-adopted materials to ensure alignment with local pacing guides and state standards. This blended approach combines high-quality digital content with live virtual sessions collaborative activities and targeted interventions ensuring students receive a robust and engaging learning experience. The platform also supports progress monitoring and data analytics enabling educators to track mastery and provide timely support.

16. Which content is the school system considering when adopting new instructional materials or curriculum for virtual learning? (*choose all that apply*)

Note: Curriculum adoption is not a requirement of the program, but rather an optional support; the response to this question will help us better understand the school system's needs.
