

# Welcome

Welcome to the Learning Acceleration Support Opportunities (LASO) 25-26 Cycle 4 application.

This consolidated application streamlines school system's access to grant funding, allotments, and in-kind supports and services across 15 opportunities.

## Introduction

This application includes 15 initiatives available for school systems to apply for in LASO Cycle 4.

To ensure an informed selection, please follow these steps:

- **Review Program Guidelines:** Examine the program guidelines and resources for each initiative to understand its purpose, eligibility requirements, and assurances.
- **Engage Internal Teams:** Consult with key stakeholders (e.g., board, superintendent, district leaders, campus leaders etc.) to determine which initiatives best align with your school system's needs and capacity.
- **Select Initiatives:** Identify the initiatives that best support your local priorities.
- **Complete the Application:** Submit responses only for the initiatives your school system chooses to apply for.

Review each initiative by clicking the links to its program guidelines below:

## Additional Resources and Considerations

### Additional Resources

- [Initiative One-Pagers](#): Provides school systems with a concise summary of each initiative in LASO Cycle 4.
- [Eligibility & Prioritization Matrix](#): Provides eligibility and prioritization criteria that will enable a school system to predict the likelihood of receiving an award.
- [Initiative Selection Tool](#): Provides a Scenario map to guide selection of the right fitting initiative based on need.
- [Role and Responsibilities Insight Tool](#): Identifies the types of responsibilities for each role and show where roles overlap across initiatives.

### Key Considerations for Submission

- Each school system may submit only one application. If multiple applications are submitted, only the most recent submission (based on timestamp) will be accepted.
- The application must be signed by the superintendent to be considered formally submitted. Only signed applications will be scored and considered for award. If the superintendent is unavailable to sign by the deadline, email [LASO@texas.tea.gov](mailto:LASO@texas.tea.gov) for guidance.
- School systems have 60 days to complete the application. The application opens on October 3, 2025, and must be submitted by December 3, 2025, at 5:00 PM CT.

## Leadership and Instructional Foundations for Texas (LIFT)

### Initiative Description:

LIFT (Leadership and Instructional Foundations for Texas) is a three-year program designed to support Texas school systems in building the instructional and systems-level capacity needed to deliver high-quality learning experiences for all students. LIFT brings together the highest leverage components of Strong Foundations, Texas Instructional Leadership, and Texas Lesson Study, providing comprehensive support for school systems to adopt **high-quality instructional material (HQIM)** and implement **Bluebonnet Learning (BL)** over multiple years.

Review the Eligibility Criteria and Initiative Assurances listed below and indicate the school system’s acceptance.

### Eligibility Criteria:

As the applicant, the school system hereby agrees to:

- Commit to selecting and implementing a [State Board of Education \(SBOE\)](#)-approved high-quality instructional material (HQIM) in the 2027–28 school year.

OR

- Commit to implementing a Bluebonnet Learning (BL) product in the 2026–27 school year.

*Note: Participation in other grant programs does not disqualify applicants but may be considered during prioritization.*

### Initiative Assurances:

As the applicant, the school system hereby agrees to:

- Commit to (with Board approval) implementing a Bluebonnet Learning (BL) product in the 2026–27 school year (if applying to the “Implementation Phase”) OR committing to selecting and implementing a State Board of Education (SBOE)-approved high-quality instructional material (HQIM) in the 2027–28 school year (if applying to the “Planning Phase”).
- Contract with an Approved Provider from the LASO Cycle 4 State Approved Provider List for LIFT.
- Submit Approved Provider contracts and required funding summary reports to TEA.
- Secure approval from the Superintendent and Chief Academic Officer (or equivalent leader) to participate in the program.
- Appoint a designated LIFT lead as the primary point of contact and identify at least two additional contacts.  
*Note: The primary point of contact should be the equivalent of a senior academic team member or principal manager.*
- Participate in required TEA-led activities, including a grant kick-off and communities of practice.
- Engage relevant school system and campus leaders, including special programs leadership, as well as teachers, instructional coaches, and special population educators in upfront training, implementation support, and coaching.
- Participate in a needs assessment of current instructional practices and materials.
- Establish or refine systems for instructional leadership, schoolwide routines, and observation and feedback.
- Submit all required grant deliverables, including instructional framework artifacts, implementation plans, school system-level instructional materials transition plan, campus-level implementation action plans, classroom, campus, and school system-level observation data and student outcomes data and progress updates as requested by the Approved Provider or the TEA.
- Participate in TEA-administered surveys and/or focus groups, as requested.
- Use grant funds in alignment with the required allocation structure and ensuring all expenditures support the goals of the LIFT program.
- Permit Approved Providers access to campuses to provide in-person support.
- Ensure teachers have sufficient planning time and use the required protocols.
- Provide print materials for all participating teachers and students.
- Follow the year-long scope and sequence for the instructional materials.
- Meet the minimum number of instructional minutes for the instructional materials.
- Ensure that a number of instructional leaders, aligned with the school system size, will actively participate in monthly implementation support and coaching provided by the Approved Provider.
- Ensure that the school system cabinet regularly engages in data reflection/performance management routines.

1. Does the school system agree to meet the Eligibility Criteria and Initiative Assurances listed above?

- Yes  
 No

## Leadership and Instructional Foundations for Texas (LIFT) (cont.)

### Initiative Specific Questions for the Leadership and Instructional Foundations for Texas (LIFT) Grant

For each content area below, please indicate your school system’s current intention regarding the implementation of high-quality instructional materials (HQIM).

The LIFT grant provides monthly implementation support and coaching from a State-Approved Provider. By applying for this grant, your organization is committing to active participation in this support, specifically for instructional leaders – both at the campus and school system levels. Each participating campus must have one leader receiving coaching. Each of the participating campus and school system leaders must be directly involved in supporting teachers with the implementation of selected instructional materials. Additionally, the school system leader must be directly involved in supporting the campus leaders.

4. How many campus principals will the school system commit to receiving monthly implementation support and coaching visits from the Approved Provider?

Total number of principals to be coached :

5. How many school system-based instructional leaders (e.g. principal managers, executive director of instruction, associate superintendent) will the school system commit to receiving monthly implementation support and coaching visits from the Approved Provider?

Total number of leaders to be coached:

6. Does the school system commit to having, or working towards having, 165+ instructional days in the 2026-2027 academic year?

- Yes
- No

7. Has the school system implemented a CER OER product in previous academic years?

- Yes
- No

## LIFT School Improvement PLC (LIFT SI PLC)

### Initiative Description:

The LIFT School Improvement PLC Support grant is a targeted, Title I-funded initiative designed to enhance implementation support for campuses participating in the Leadership and Instructional Foundations for Texas (LIFT) program that are also identified for School Improvement. This grant provides additional resources, such as expanded PLC facilitation, increased observation and feedback, and individualized coaching to strengthen instructional systems and ensure effective use of high-quality instructional materials (HQIM). The goal is to deepen and sustain effective instructional practices by reinforcing the conditions necessary for strong HQIM implementation, ultimately improving student outcomes on federally identified campuses.

Review the Eligibility Criteria, Initiative Assurances, and Initiative Requirements listed below and indicate the school system's acceptance.

### Eligibility Criteria:

As the applicant, the school system hereby agrees to:

- Eligible campuses include campuses that are Title I served with a 2025 federal accountability identification, including Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support (ATS). Comprehensive campuses in their second year of identification (Comprehensive Reidentified or Comprehensive Progress) are also eligible. Campuses must remain in operation during the grant cycle and remain Title I served for the 2026-27 school year.

*Note: A school system is eligible to apply to both Leadership and Instructional Foundations for Texas (LIFT) and LIFT SI PLC Support grants, but if both are awarded, the school system must select the same Approved Provider for both LIFT and the LIFT SI PLC Support grant.*

### Initiative Assurances:

As the applicant, the school system hereby agrees to:

- Implement a Bluebonnet Learning (BL) product in the 2026–27 school year.
- Secure approval from the Superintendent and Chief Academic Officer (or equivalent leader) to participate in the program.
- Contract with the same provider from the LASO Cycle 4 State Approved Provider list that is providing technical assistance for the LIFT program for PLC supports.
- Engage relevant school system and campus leaders, as well as teachers and instructional coaches, in upfront training, implementation support, and coaching.

*Note: These individuals must be in addition to and distinct from leaders receiving coaching through the LIFT program.*

- Submit all required grant deliverables for each school year for the life of the grant.
- Submit provider contracts and required funding summary reports to TEA.
- Appoint a designated lead as the primary point of contact and identify at least two additional contacts.
- Permit Approved Providers access to campuses to provide in-person support.
- Ensure teachers have sufficient planning time and use the required protocols.
- Provide print materials for all participating teachers and students.
- Follow the year-long scope and sequence for instructional materials.
- Meet the minimum number of instructional minutes for the instructional materials.
- Use grant funds in alignment with the required allocation structure and ensure all expenditures support the goals of the LIFT program.
- Participate in required TEA-led activities, including a grant kick-off.

### Initiative Requirements:

As the applicant, the school system hereby agrees to:

- Provide an additional campus leader—distinct from those supported through the LIFT Program—who will directly support teachers or campus leaders implementing the selected instructional materials.

1. Does the school system agree to meet the Eligibility Criteria, Initiative Assurances, and Initiative Requirements listed above?

- Yes
- No

## School Improvement Curriculum and Instruction Support Grant (SI CISG)

### Initiative Description:

This grant provides direct funds to school systems to support the implementation of State Board of Education (SBOE)-approved high-quality instructional materials (HQIM) that are not part of the Bluebonnet Learning suite. The goal is to ensure that campuses in School Improvement have access to rigorous, TEKS-aligned instructional materials that support high-quality instruction.

Review the Eligibility Criteria and Initiative Assurances listed below and indicate the school system’s acceptance.

### Eligibility Criteria:

As the applicant, the school system hereby agrees to:

- Campuses the school system are submitting for consideration are federally identified and Title-I serving.
- Seeking support for implementing SBOE approved instructional materials that are not Bluebonnet Learning products.

### Initiative Assurances:

As the applicant, the school system hereby agrees to:

- Secure approval from the Superintendent and Chief Academic Officer (or equivalent leader) to participate in the program.
- Implement a State Board of Education (SBOE)-approved high-quality instructional material (HQIM) that is not part of the Bluebonnet Learning suite, in alignment with TEA guidance and the goals of the grant program OR implement curriculum and instruction improvements in grades 6–12 English Language Arts and Reading (ELAR) and grades 9–12 Mathematics (excluding Algebra I, Algebra II, and Geometry).
- Contract with a single Approved Provider from the LASO Cycle 4 State Approved Provider list.
- Submit Approved Provider contracts and required funding summary reports to TEA.
- Appoint a designated lead as the primary point of contact and identify at least two additional contacts.
- Participate in required TEA-led activities, including a grant kick-off.

## Advanced Placement Computer Science Principles (APCSP)

### Initiative Description:

The APCSP Grant program is designed to meet workforce demands and provide valuable student pathways to high-wage and in-demand careers. According to the College Board, students who took an APCSP course were twice as likely to continue along a computer science pathway. Students who took an APCSP course in high school were three times more likely to major in computer science in college, with this data being consistent across various demographics. With the LASO 4 APCSP Grant funds, Texas public schools can begin to build, expand, and sustain a computer science pathway.

Review the Eligibility Criteria, Initiative Assurances, and Initiative Requirements listed below and indicate the school system's acceptance.

### Eligibility Criteria:

- All Texas school systems are eligible.

### Initiative Assurances:

As the applicant, the school system hereby agrees to:

- Contract with an Approved Provider from the LASO Cycle 4 Approved Provider List for curriculum and training.
- Adhere to all Statutory and TEA Program Requirements and Assurances as noted in the 2025-2026 APCSP Grant Program Guidelines.
- Adhere to all APCSP Grant performance measures as noted in the 2025-2026 APCSP Grant Program Guidelines.
- Use grant funds only for APCSP classroom supplies and technology, teacher training, and directly related expenses for implementing an APCSP course.
- Administer the APCSP exam to district-enrolled students participating in the APCSP course, at no cost to the student.

### Initiative Requirements:

As the applicant, the school system hereby agrees to:

- Complete the necessary district process to obtain school board approval to include the APCSP course in the district's course catalog for the 2026-2027 school year.
- Provide the APCSP course exam to enrolled students free of charge.
- Provide the technology, equipment and any additional resources required for a successfully functioning APCSP course.
- Publicize the APCSP course offering to relevant stakeholders, high school students and their parents/guardians.
- Recruit, onboard, and arrange for professional development for certified teachers to teach the APCSP course.
- Provide a description of how the funds will be used, if awarded.
- Continue providing the current level or increase the number of APCSP course opportunities.
- Provide the number of district campuses that will offer the APCSP grant opportunity and the number of teachers to be trained.
- Provide the necessary student support structures to prepare enrolled students to score 3 or higher on the APCSP exam.

1. Does the school system agree to meet the Eligibility Criteria, Initiative Assurances, and Initiative Requirements listed above?

- Yes
- No

## PREP Residency Preservice Program Allotment

### Allotment Opportunity:

The PREP Residency Preservice Program empowers school systems to play a central role in cultivating a pipeline of well-prepared, highly qualified teachers by embedding paid preservice teacher residency candidates directly into classrooms of highly qualified host teachers. Through close collaboration with educator preparation programs, participating school systems support teacher residents in earning an enhanced standard teaching certificate while gaining hands-on experience on campuses across the school system. By expanding the reach and effectiveness of residency models, the PREP Residency Preservice Program enhances instructional capacity and increases student access to skilled educators—ultimately advancing educational outcomes.

1. Does the school system wish to be considered for this Allotment Opportunity?

- Yes  
 No

The applicant must agree to train its resident cooperating teachers via the Texas Mentorship Training.

TEA anticipates proposing rule to further defining cooperating teachers for the purpose of PREP Residency Preservice Program by adopting the definition of host teacher currently in TAC §228.95.

#### Roles

- **Resident Cooperating (Host) Teacher:** For the PREP Preservice Residency Program, statute defines a cooperating teacher as a classroom teacher who is a school system employee; has at least three full school years of teaching experience with a superior record of assisting students in achieving improvement in student performance; and is paired with one or more teacher candidates (new TEC §21.902).
- **PREP Mentorship Training Requirements:** Summer 2026, Fall 2026, Winter 2026-27 and Spring 2027 (24-30 total hours)

School systems must self-report the estimated number of resident cooperating teachers that would attend training for SY 2026-27.

7. How many host teachers does the school system estimate will attend the training? (*Min: 1, Max: 40*).

*Note: This should correlate to the anticipated number of residents the school system will have in SY 2026-27.*

40

## PREP Grow Your Own (GYO) Program Allotment

### Allotment Opportunity:

Review the program descriptions for both PREP GYO and PREP Residency Preservice Program and choose your answer below:

*Note: Per TEC §21.906(c), school systems may participate in the PREP GYO Program only if they have been approved to participate in a partnership preservice program (PREP Residency Preservice Program). School systems must apply for the PREP Residency Preservice Program*

1. Does the school system wish to be considered for this Allotment Opportunity?

- Yes  
 No

## PREP Grow Your Own (GYO) Program Allotment

### Initiative Description:

The PREP Grow Your Own (GYO) Program enables school systems, through partnering with qualified institutions of higher education and educator preparation programs, to establish innovative staffing pipelines that prepare and retain educators and thereby, increase student access to high-quality classroom teachers. The PREP GYO program provides funding through which participating school systems support (A) school system employees who do not hold a teaching certificate in completing a bachelor's degree and enrolling in a preparation program to ultimately become a certified teacher while employed by the school system and (B) high school students in completing career and technical education courses that help prepare the students to become classroom teachers. Funding may be used to implement the PREP Grow Your Own Program and pay tuition and fees for participating students or employees.

Review the Eligibility Criteria and Initiative Assurances listed below and indicate the school system's acceptance.

### Eligibility Criteria:

As the applicant, the school system hereby agrees to:

- Any school system, which includes open-enrollment charter schools, and SB 1882 Operating Partners who read and agree to the requirements in relevant sections of the Texas Education and Texas Administrative codes cited in these guidelines is eligible for the PREP Allotment.
- School systems may participate in the PREP GYO Program only if they have been approved to participate in a partnership preservice program. For the LASO 4 application cycle, school systems must apply for and also participate in the PREP Residency Preservice Program.

## Initiative Assurances:

As the applicant, the school system hereby agrees to:

- Read and abide by TEC §21.906 (PREP Grow Your Own Program).
- Read and abide by TEC §48.157 (PREP Program Allotment).
- Read and abide by TAC sections related to the PREP Grow Your Own (GYO) Program, which will be posted to the Texas Register for public comment during the 2025-26 school year and become effective prior to the start of the 2026-27 school year.

**Note:** TEA anticipates sharing specific dates related to rulemaking in fall 2025.

- Appoint a representative to engage in all required PREP Allotment & PREP Grow Your Own Program communications.
- Form a written agreement partnership with an institution of higher education and educator preparation program, as applicable, to support PREP GYO Program implementation. The partnership to adhere to program assurances and submit information to the agency upon request by August 2026:
  - School system employees who do not hold a teaching certificate in completing a bachelor's degree to enable the person to enroll in an educator preparation program and become a certified teacher while employed by the school system, and if applicable.
  - High-school students in completing career and technical education courses that help prepare the students to become classroom teachers.
- Form a written agreement partnership with an institution of higher education or educator preparation program by the SY 2026-27 that supports (A) school system employees who do not hold a teaching certificate in completing a bachelor's degree to enable the person to enroll in an educator preparation program and become a certified teacher while employed by the school system, and if applicable (B) high school students in completing career and technical education courses that help prepare the students to become classroom teachers.

1. Does the school system agree to meet the Eligibility Criteria and Initiative Assurances listed above?

- Yes  
 No

## PREP Mentorship Program Allotment

### Allotment Opportunity:

The Preparing and Retaining Educators through Partnership (PREP) Program Allotment aims to strengthen the quality of teacher recruitment, preparation, and mentorship, leading to increased educator effectiveness and retention. The PREP Program Allotment provides funding for various partnerships and school systems may apply for funding for the PREP Residency Preservice Program, Grow Your Own Program, and the Mentorship Program through this LASO IV Application. Through this allotment, school systems may also apply for Strategic Staffing funding to support the implementation and reach of the PREP Program Allotment. The 89th Texas Legislature established the PREP Program Allotment via House Bill 2, which was signed into law by Governor Abbott on June 20, 2025.

1. Does the school system wish to be considered for this Allotment Opportunity?

- Yes
- No

## PREP Mentorship Program Allotment

### Initiative Description:

The Preparing and Retaining Educators Through Partnership (PREP) Mentorship Program provides school systems interested in implementing high-quality new teacher mentorship programs with funding to 1) provide, at minimum, a \$1,000 stipend to the mentor teacher (per beginning teacher), 2) train all required school system mentorship staff via the Texas Mentorship Training, and 3) provide release time for mentor teacher and beginning teacher mentoring activities. Any remaining funds may be used on strategic staffing training. The overarching purpose of this allotment is to increase the effectiveness and retention of beginning teachers across Texas.

Review the Eligibility Criteria and Initiative Assurances listed below and indicate the school system's acceptance.

### Eligibility Criteria:

As the applicant, the school system hereby agrees to:

- Any school system, which includes open-enrollment charter schools, and SB 1882 Operating Partners who read and agree to the requirements in relevant sections of the Texas Education and Texas Administrative codes cited in these guidelines is eligible for the PREP Allotment.

### Initiative Assurances:

As the applicant, the school system hereby agrees to:

- Read and abide by TEC §21.907 (PREP Mentorship Program).
- Read and abide by TEC §48.157 (PREP Program Allotment).
- Read and abide by TAC sections related to the PREP Mentorship Program, which will be posted to the Texas Register for public comment during the 2025-26 school year and become effective prior to the start of the 2026-27 school year.

### Roles

- **Mentor Teacher:** A teacher who, to the extent practicable, teaches in the same school, subject, and/or grade level of the beginning teachers

they mentor, completes a mentor teacher training program established by TEA, has at least three years of teaching experience, and demonstrates instructional and leadership skills under TEC §21.458 and §21.907.

- **School system and/or Campus Leader:** Any appropriate district and campus employees who work with the classroom teacher or supervise the classroom teacher under TEC, §21.458

#### PREP Mentorship Training Requirements

- **Pathway 1 (Mentoring Educator) Training:**

- This pathway is intended for mentoring educators, such as mentor teachers, who provide direct mentoring to beginning teachers.
- Pathway 1 training will occur in Summer 2026, Fall 2026, Winter 2026-27, and Spring 2027 for a total of 24-30 hours.

- **Pathway 2 (School system & Campus Leader) Design Sessions:**

- This pathway is intended for school system and campus leaders who will be planning & implementing mentorship programs (e.g., program managers, district mentoring staff, campus principals, etc.).
- Pathway 2 design sessions will occur in Spring 2026, Summer 2026, Fall 2026, and Spring 2027 for a total of 15-16 hours.

\* **Note:** Per TEC §21.458, appropriate school system and campus employees who work with the beginning teachers or supervise beginning teachers are required to attend mentorship training. This requirement may be fulfilled by either Texas Mentorship Training Pathway 1 or Pathway 2; these individuals may attend both Pathways 1 and 2, if desired.

5. School systems must self-report the estimated number of mentor teachers and school system & campus leaders that would attend Pathway 1 training for Year 1 implementation (SY 2026-27). See 'Roles' definition above.

## Texas Strategic Staffing for Residencies (TSS) Grant

### Initiative Description:

The Texas Strategic Staffing for Residencies Grant focuses on making staffing and scheduling decisions driven by immediate and long-term instructional needs. This is a two-year grant designed to provide in-kind technical assistance and other support to school systems and educator preparation program (EPP) partnerships to design and implement paid, year-long, high-quality, and sustainable teacher residencies across SY 2026-27 and SY 2027-28. The grant provides partial funding for at least one school system staff member to oversee the program, including coordination between the school system, technical assistance provider, and EPP.

Review the Eligibility Criteria, Initiative Assurances, and Initiative Requirements listed below and indicate the school system's acceptance.

### Eligibility Criteria:

As the applicant, the school system hereby agrees to:

- Have a signed [EPP Verification Form](#) (template posted with the application) from each EPP partner that has a State Board of Educator Certification (SBEC)-approved Texas Teacher Residency Preparation Route ([TTRPR](#)).
- Not a recipient of the SY 2024-25 Sustainable Residency Continuation Grant (see award list [here](#)).
- Not a recipient of the SY 2025-27 Texas Strategic Staffing Grant for Sustainable Paid Teacher Residency Program (see award list [here](#)).

## Initiative Assurances:

As the applicant, the school system hereby agrees to:

### • General Initiative Assurances

- Appoint a School System Strategic Staffing Lead who will serve at least 20% of their time and effort to oversee the Texas Strategic Staffing for Residencies Grant and as the point of contact for the ESC technical assistance provider? Note: School System Strategic Staffing Lead, in conjunction with the ESC, will coordinate with other school system staff on the design and implementation teams to schedule grant activities and complete program deliverables.
- Develop clear companion guides, which include parameters for the selected strategic staffing model and communication plans, and share them with all stakeholders involved with resident placement in the school system and educator preparation programs (EPPs).
- Share data, such as historic teacher vacancies or student characteristic data, with the ESC technical assistance provider to inform design and implementation year decisions.
- Submit data to TEA on grant implementation and outcomes including, but not limited to the following:
  - Number of teacher residents participating in the year-long paid teacher residency.
  - School placement of residents during their residency year.
  - Selected strategic staffing models.
  - Resident and host teacher compensation.
  - Characteristics of teacher residents participating in the program.
  - Number and type of teacher certifications awarded to teacher residents.

### • Sustainable Funding for Residencies

- Design and implement a strategic staffing model plan that will ensure that the teacher residency model will be sustainably funded by the school system by school year (SY) 2028-29.

*Note: the plan must include sustainable funding for teacher residents and host teacher stipends/salaries.*

### • School System and EPP Partnerships

- Establish a partnership with at least one EPP that has been approved by the SBEC to offer the Texas Teacher Residency Preparation Route (TTRPR).
- Sign a letter of commitment or a memorandum of understanding (MOU) with the ESC technical assistance provider. The EPP(s) must also confirm their commitment to the strategic staffing design and implementation process with the applicant.
- Set shared goals for school system paid resident placements in mutually beneficial staffing model positions.
- Hold structured governance meetings at least quarterly to analyze teacher resident data and develop plans for teacher residency continuous improvement during the SY 2027-28 residency implementation year.
- Work collaboratively with your EPP partner(s) to design a strategic staffing model and corresponding stipend amounts.
- Adhere to all educator preparation program requirements for residency in the Texas Administrative Code (TAC) Chapter 228.
- Provide preferential hiring, to the greatest extent possible, to teacher residents who have successfully completed the teacher residency program and received enhanced standard certification.

### • Technical Assistance for Design and Implementation

- Work with an ESC technical assistance provider for the SY 2026-27 and 2027-28 school years to make key decisions and design structures that enable internal capacity to continue the strategic staffing models without the support of the technical assistance provider in SY 2028-29 and beyond.
- Ensure that a designated team of leaders from the school system, campuses, and EPP(s) will actively participate in strategic staffing model training and technical assistance support activities beginning in SY 2026-27.
- Attend sustainability meetings with their technical assistance provider each semester of SY 2027-28 (implementation year) to determine sustainable strategic staffing model and funding sources, as applicable, after the life of the grant.
- Manages or directly supports the school system's PREP Residency Preservice Program if awarded the PREP Residency Preservice Program Allotment.

## Initiative Requirements:

As the applicant, the school system hereby agrees to:

- The school system has **NOT** participated in either the 2024-2025 Sustainable Residency Continuation Grant or the 2025-2027 Texas Strategic Staffing Grant for Sustainable, Paid Teacher Residency Program.

1. Does the school system agree to meet the Eligibility Criteria, Initiative Assurances, and Initiative Requirements listed above?

- Yes

## Virtual and Hybrid Program Accelerator (VHPA)

### Initiative Description:

The Virtual and Hybrid Program Accelerator (VHPA) enables school systems and open-enrollment charter schools to design and launch high-quality virtual and hybrid programs or campuses, as defined under Texas Education Code (TEC) Chapter 30B. The goal of the program is to establish schools that are intentionally structured to achieve A or B accountability ratings and deliver rigorous, engaging instruction tailored to meet the diverse needs of students across Texas. Through VHPA, participating school systems receive funding and technical assistance to develop flexible, personalized learning models that support students requiring adaptable education pathways. The program also enables school systems to implement innovative staffing strategies, expand course offerings, and increase access to high-quality instruction statewide.

Review the Eligibility Criteria, Initiative Assurances, and Initiative Requirements listed below and indicate the school system's acceptance.

### Eligibility Criteria:

As the applicant, the school system hereby agrees to:

- Have not participated in a previous VHPA cycle.

### Initiative Assurances:

As the applicant, the school system hereby agrees to:

- Program leads of awarded applicants have at least 16 hours of release time built into their weekly schedules to plan and create the virtual or hybrid program or campus.
- Ensure that the program or designated campus leader possesses relevant experience or can exhibit the competencies necessary to lead a virtual or hybrid program or campus effectively.
- Design and manage strategic initiatives that improve instructional quality and student engagement, and they are committed to building their capacity to support high-quality virtual and hybrid models.
- As part of the program commitment for Year 1 of VHPA, submit a comprehensive launch plan for a full-time virtual or hybrid program or apply for authorization to operate a virtual or hybrid campus to operate in 2027-2028 school year.

*Note: If the school system does not meet participation expectations or disengage from VHPA, they may have their membership from the VHPA terminated and forfeit any access to remaining funding.*

### Initiative Requirements:

As the applicant, the school system hereby agrees to:

- Establish a dedicated VHPA Team responsible for developing and implementing the full-time virtual or hybrid campus or program.
- Collaborate with a TEA-assigned technical assistance (TA) provider and participate in TA-supported activities such as cohort workshops, monthly coaching calls, step backs, planning sessions, or implementation deliverables.
- Ensure adaptability and dedication in program model design to align with research-based practices for high-quality virtual and hybrid models.
- By the end of Year 1 of VHPA support, launch a full-time virtual or hybrid program or apply for authorization to operate a full-time virtual or hybrid campus beginning the 2027-2028 school year.

*Note: For full-time virtual or hybrid campuses, Year 2 of VHPA TA support and funds are contingent upon the full-time virtual or hybrid campus receiving authorization.*

- Ensure that any partnership with a private or third-party vendor preserves the school system’s ability to design, adapt, and implement the virtual or hybrid program to meet local needs.
- Disclose any vendor-imposed services, limitations that may affect program flexibility, instructional design, or operational decision-making.
- If selecting a private or third-party provider to operate the school, collaborate with the designated technical assistance partner to develop a comprehensive provider selection plan that includes:
  - Defined criteria for evaluating potential providers.
  - Detailed cost analysis and breakdown of services.
  - Consideration of the provider’s historical performance (e.g., student academic outcomes).
- If selecting a private or third-party provider to operate the program or campus, formalize and monitor the partnership with a third-party provider by:
  - Submitting memoranda of understanding (MOU) or formal agreements outlining responsibilities of both the provider and the school system or charter.
  - Establishing a system for progress monitoring, including required reports on student engagement and academic progress.
  - Defining action items if the provider fails to meet success criteria for the campus or program.
- Complete all required deliverables and meeting milestones by the scheduled timeline specified by the VHPA, including:
  - Define a clear and compelling rationale for launching the virtual or hybrid program/campus, including the specific student population or campus it will serve.
  - Present evidence of community interest in a virtual or hybrid learning option, including data collected through surveys, focus groups, or other engagement methods.
  - Develop and implement comprehensive plans to achieve program objectives, including an academic plan that outlines curriculum, instructional methods, approaches for monitoring student progress, and support strategies for special populations and at-risk students.
  - Develop and iterate plans regarding staffing models, school culture, family engagement, and student support.
  - Update operations such as staffing, schedules, finances, technology, and cybersecurity to support virtual or hybrid models.
  - Provide a professional development plan for instructional staff that includes training specific to virtual and hybrid instruction, along with ongoing, job-embedded coaching to strengthen instructional quality and student engagement.
  - Present evidence of training and development for teachers and leaders to ensure high-quality virtual or hybrid instruction.
  - Use data to monitor student engagement and academic progress, ensuring alignment with grade-level standards and research-based instructional strategies specific to virtual and hybrid learning.
  - Engage in three improvement cycle sessions using data to inform ongoing development. school systems will share data that reflects program implementation and outcomes. This may include student engagement, progress toward grade-level mastery in virtual and hybrid courses (BOY, MOY, EOY), teacher instructional practices and growth in serving virtual and hybrid learners, and leader support for professional learning communities and job-embedded coaching.
  - Obtain formal approval from the school system’s governing board to launch a virtual or hybrid program/campus and ensure this approval is secured prior to applying for authorization. For virtual/hybrid campuses, ensure this approval is secured prior to applying for authorization.
  - Submit a detailed plan or contract outlining the scope of services, responsibilities, and decision-making authority in any private or third-party vendor partnership supporting the virtual or hybrid program/campus (*if applicable*).
  - Submit a comprehensive launch plan and either implement a virtual or hybrid program or apply for authorization to operate a virtual or hybrid campus that is expected to begin operating in the 2027-2028 school year.

1. Does the school system agree to meet the Eligibility Criteria, Initiative Assurances, and Initiative Requirements listed above?

- Yes
- No

3. What type of delivery format is the school system planning on?

- Program
- Campus
- TBD

4. What type of program is the school system planning on opening?

- Virtual
- Hybrid
- TBD

5. How does the school system envision instructions to delivered in the program?

- Asynchronous only
- Synchronous only
- Both asynchronous and synchronous
- Undecided

6. Will the school system be in Year 1 of the school system wide adoption of HQIM in core subjects?

- Yes
- No

7. Current or anticipated student enrollment number in the virtual/hybrid program or campus?

1100

8. Describe how the school system calculated the enrollment number above.

*(i.e. current number of students enrolled, number of interested students via family survey)*

Enrollment in our online classes varies from about 1000 - about 1200 across terms. 1100 represents the midpoint between these numbers.

9. Which best describes where the school system is in the virtual/hybrid program?

- Are in the planning phase and currently do not have a virtual or hybrid program, but intend to launch in SY26-27.
- Have a plan and will be ready to launch a virtual/hybrid program this school year (SY26-27) with some additional

support.

- Are currently running a virtual and hybrid program and would like feedback and support to build on it to launch a more robust program in SY27-28.
- Are in the planning phase and currently do not have a virtual or hybrid program but intend to apply for authorization to operate a virtual or hybrid campus in the SY27-28.
- Have a plan and will be ready to launch a virtual/hybrid program this school year (SY26-27). With some additional support, we plan to apply for authorization to operate a virtual or hybrid campus in the SY27-28.
- Are currently running a virtual and hybrid program and would like feedback and support to build on it and establish a virtual or hybrid campus in SY27-28.
- Are exploring virtual and hybrid learning options within our school system but unsure about the program type and timeline to launch.

10. Describe how your virtual or hybrid program/campus aligns with the school system's broader strategic goals or improvement plans.

Goal 1 - Student Learning Engage students through relevant instruction and assessment sparking curiosity and critical thinking meeting individual academic needs as they impact their world now and in the future. The expansion of our virtual program will increase our district's ability to meet the individual needs of students. Online courses in our district are often used for acceleration for students to advance their long-term academic goals - but they also provide opportunities to serve students in unique or trying circumstances. Further building out our catalog and additional student supports will create avenues to customize learning solutions to individual students' needs. Goal 2 - Student Experience Create safe engaging environments where students experience a sense of belonging and well-being and are challenged by learning opportunities inside and outside of the classroom. One of the main reasons students cite for choosing online courses in our district is the ability to further pursue extracurricular or outside-of-school experiences. Our online classes allow students to complete their core curricular requirements in a flexible setting that meets their individual scheduling needs. For example some of our students start businesses pursue careers as professional athletes or want to fully commit themselves to participate in a sport or fine art over multiple years of their high school career. Expanding our existing program will increase abilities to meet the needs of these students and provide opportunities for them to grow in and outside of the academic realm. Goal 3 - Resource Stewardship (Financial) Manage resources in a fiscally responsible way as stewards of our community's time talent and dollars. Online courses provide unique avenues to address some of the course catalog and staffing issues faced by our district. For example in light of recent budget cuts our district scaled by language elective offerings at many of our high schools. Sourcing student enrollment from across the district will provide enough numbers to justify providing a diverse array of language options to our students. Goal 4 - Resource Stewardship (Human Resources) Recruit retain and develop the talents of dedicated teachers and staff to engage and inspire learners and leaders. Expanding our virtual program creates new opportunities for teachers to grow in their practice. The online environment encourages innovation and gives staff room to design instruction in ways that aren't always possible on a traditional campus. As we develop more courses we also strengthen the support systems around our teachers—clear structures shared resources and professional learning that help them feel confident and successful. A stronger virtual program ultimately gives our educators a place to refine their skills and extend their impact across the district. Additionally the structure of online learning creates more opportunities for our teachers to collaborate and develop their skillsets in a vibrant professional learning community – something we do weekly with our full-time virtual staff during the school year. Goal 5 - Community Engagement Build ONELISD a connected culture of community engagement and purposeful communications. A more robust virtual program deepens our connection with families and the broader community. Flexible online options allow us to respond to students whose schedules or circumstances make traditional settings challenging and help families stay engaged in their child's progress. As we expand our catalog we also expand our touchpoints with parents counselors and community partners. This continued growth strengthens the sense of partnership that defines ONELISD and reinforces our commitment to meeting students where they are whatever their needs may be.

11. Describe what knowledge or experience the school system's leadership team brings to designing and supporting high-quality virtual or hybrid instruction.

Lewisville ISD has a strong base in technological solutions. Our technology department is well-versed in supporting the technical needs of a large number of students and student devices. Specific to the VLA program

we have a core team of full-time and adjunct teachers who are experts in online learning and course design. We have begun partnering with our digital learning department to explore educational applications of emerging artificial intelligence technologies which will provide further opportunities to enrich course design and tailor learning experiences to students' individual needs. Lewisville ISD has a strong foundation of high quality courses - and we have further explored and developed our courses this year to ensure that they meet the National Standards for Quality Online Courses.

12. Describe what research, data, or stakeholder input informed the school system's decision to pursue a virtual or hybrid model.

Coming out of the COVID era there was a large community contingent that requested a fully online education option and we were not able to accommodate their request. SB 569 provides an avenue to meet their needs. Further our data show an ever-increasing demand for online learning in Lewisville ISD. For example our fall term 1 student enrollment were 774 in 2023 969 in 2024 and 1165 in 2025. In fact we have had to cap enrollment in most of our courses this year due to high demand. This growth represents a long-term trend of increased demand for online courses in our school district. We expect demand to continue to increase over the short and long term and we want to be able to provide our students and families with online educational options that meet their needs and long-term goals.

13. Which best describes the school system's key areas of need for the virtual/hybrid program?

*Note: Answers provided will not limit the type of support the school system will receive if accepted into the program. Instead, this information will be used to better understand the school system's key area of need.*

- Aligned, effective vision and model that is responsive to family and student needs.
- Family engagement, communication, and/or recruitment plan.
- Staffing and/or teacher/staff recruitment plan.
- Plan for communicating clear administrator, teacher, student, and family roles within a virtual/hybrid model. *(and wherever needed, support for shifting mindsets)*
- Instructional framework for designing high-quality virtual and hybrid courses aligned to research-based practices.
- Student attendance and engagement plan.
- School Culture and student well-being plan.
- Plan for supporting special populations and at-risk students.
- Student onboarding sessions, including learning strategies and support for cultivating mindsets rooted in the science of learning, self-directed learning skills, how to use digital tools, and help-seeking during asynchronous and/or synchronous instruction.
- Teacher development *(PD and ongoing job-embedded coaching)* to deliver high-quality instruction and learning experiences in a virtual/hybrid model.
- High-Quality Instructional Materials. *(for core curriculum and adjusted for virtual/hybrid learning)*
- Data collection and progress monitoring systems.
- Technology Strategy and Data Privacy Framework. *(including hardware, connectivity, digital tools, and cybersecurity policies)*
- Master schedule that is appropriately set up for virtual or hybrid learning.

14. Describe which additional topics, areas of support, or identified gaps would be most helpful to strengthen the school system's virtual or hybrid model.

We are most concerned about the proposed attendance requirements for virtual and hybrid programs per the SB 569 overview from TEA: <https://tea.texas.gov/about-tea/news-and-multimedia/correspondence/taa-letters/sb-569-overview-virtual-and-hybrid-learning-guidance-for-the-2025-2026-school-year> The middle column of the table addresses programs. These attendance requirements are reminiscent of COVID era attendance requirements. Recording attendance under these methods was time-consuming for many teachers; some reported spending 1-2 hours daily combing through data in our systems to complete attendance. If this attendance guidance does not change we will need a technical solution to automate as much of this process as is possible. A further challenge that we have struggled to navigate is test-proctoring. We have had to default to administering midterm and final exams in person because we have been unable to find satisfactory test-proctoring software with appropriate and robust functionality on our student devices (iPads). We have work-arounds in place but we could use assistance in locating and implementing effective test-proctoring software and procedures - particularly if we see an influx of students who do not live in our zone and cannot realistically take tests in person.

15. Describe which curriculum the school system is currently using, or planning to use for virtual learning for core courses.

Apex (Edmentum) serves as the core digital textbook for most of our courses and we have been overall pleased with the curriculum and the technical reliability of the platform. Most of our courses also include custom activities and assessments authored by our teachers in our Canvas learning management system and a few of our courses were fully designed in-house. We plan to continue this model - relying on a foundation of Apex curriculum supplemented by course materials and assessments we author in-house.

16. Which content is the school system considering when adopting new instructional materials or curriculum for virtual learning? (*choose all that apply*)

*Note: Curriculum adoption is not a requirement of the program, but rather an optional support; the response to this question will help us better understand the school system's needs.*

### Confirmation of Application

I have reviewed and acknowledge that the LASO 4 application I am submitting today is for the following Initiatives:

- Leadership & Instructional Foundations for Texas (LIFT)
- LIFT Add-On: School Improvement PLC Support (LIFT SI PLC)
- School Improvement Curriculum and Instruction Support Grant (SI CISG)
- AP Computer Science Principles (APCSP)
- PREP Residency Preservice Program
- PREP Grow Your Own (GYO) Program
- PREP Mentorship Program
- Texas Strategic Staffing for Residencies (TSS) Grant
- Virtual and Hybrid Program Accelerator (VHPA)

*Note: Only last submitted application will be accepted as the Final LASO 4 application.*
