Blended Learning Grant (BLG)

Initiative Description:

The Blended Learning Grant opportunity has two distinct cohorts and associated purposes that applicants will select from, as described below.

The **Blended Learning Academic Cohort** will support school systems and open-enrollment charter schools through a planning stage to design and subsequently implement a high-quality blended learning model in math (through Math Innovation Zones - MIZ) and Reading Language-Arts (RLA) aligned with Bluebonnet Math or Reading as their Tier 1 instruction.

The **Blended Learning Strategic Operations Cohort** will support school systems and open-enrollment charter schools in leveraging a blended learning model to make a strategic operational shift to scheduling, staffing and/or budgets. This shift will seek to make robust operational changes to optimize campus staffing models for teachers while maximizing academic impact for students. The grant is available to school system that have successfully completed a planning phase of either Math Innovation Zones or RLA Blended Learning grants. Applicants will select a blended model that will require significant operational and staffing shifts to rethink time in a teacher-centric way at the participating campus(es).

Note: Both cohorts must choose a specific blended model, integrating a tier one curriculum with a digital supplemental product, from the options [here](#). A participating campus's master schedule may need to be adjusted to accommodate the time blocks required.

For which **Blended Learning Grant Cohort** is the school system applying?
