

Welcome

Welcome to the Learning Acceleration Support Opportunities (LASO) 25-26 Cycle 4 application.

This consolidated application streamlines school system's access to grant funding, allotments, and in-kind supports and services across 15 opportunities.

Introduction

This application includes 15 initiatives available for school systems to apply for in LASO Cycle 4.

To ensure an informed selection, please follow these steps:

- **Review Program Guidelines:** Examine the program guidelines and resources for each initiative to understand its purpose, eligibility requirements, and assurances.
- **Engage Internal Teams:** Consult with key stakeholders (e.g., board, superintendent, district leaders, campus leaders etc.) to determine which initiatives best align with your school system's needs and capacity.
- **Select Initiatives:** Identify the initiatives that best support your local priorities.
- **Complete the Application:** Submit responses only for the initiatives your school system chooses to apply for.

Review each initiative by clicking the links to its program guidelines below:

Additional Resources and Considerations

Additional Resources

- [Initiative One-Pagers](#): Provides school systems with a concise summary of each initiative in LASO Cycle 4.
- [Eligibility & Prioritization Matrix](#): Provides eligibility and prioritization criteria that will enable a school system to predict the likelihood of receiving an award.
- [Initiative Selection Tool](#): Provides a Scenario map to guide selection of the right fitting initiative based on need.
- [Role and Responsibilities Insight Tool](#): Identifies the types of responsibilities for each role and show where roles overlap across initiatives.

Key Considerations for Submission

- Each school system may submit only one application. If multiple applications are submitted, only the most recent submission (based on timestamp) will be accepted.
- The application must be signed by the superintendent to be considered formally submitted. Only signed applications will be scored and considered for award. If the superintendent is unavailable to sign by the deadline, email LASO@texas.tea.gov for guidance.
- School systems have 60 days to complete the application. The application opens on October 3, 2025, and must be submitted by December 3, 2025, at 5:00 PM CT.

Leadership and Instructional Foundations for Texas (LIFT)

Initiative Description:

LIFT (Leadership and Instructional Foundations for Texas) is a three-year program designed to support Texas school systems in building the instructional and systems-level capacity needed to deliver high-quality learning experiences for all students. LIFT brings together the highest leverage components of Strong Foundations, Texas Instructional Leadership, and Texas Lesson Study, providing comprehensive support for school systems to adopt **high-quality instructional material (HQIM)** and implement **Bluebonnet Learning (BL)** over multiple years.

Review the Eligibility Criteria and Initiative Assurances listed below and indicate the school system’s acceptance.

Eligibility Criteria:

As the applicant, the school system hereby agrees to:

- Commit to selecting and implementing a [State Board of Education \(SBOE\)](#)-approved high-quality instructional material (HQIM) in the 2027–28 school year.

OR

- Commit to implementing a Bluebonnet Learning (BL) product in the 2026–27 school year.

Note: Participation in other grant programs does not disqualify applicants but may be considered during prioritization.

Initiative Assurances:

As the applicant, the school system hereby agrees to:

- Commit to (with Board approval) implementing a Bluebonnet Learning (BL) product in the 2026–27 school year (if applying to the “Implementation Phase”) OR committing to selecting and implementing a State Board of Education (SBOE)-approved high-quality instructional material (HQIM) in the 2027–28 school year (if applying to the “Planning Phase”).
- Contract with an Approved Provider from the LASO Cycle 4 State Approved Provider List for LIFT.
- Submit Approved Provider contracts and required funding summary reports to TEA.
- Secure approval from the Superintendent and Chief Academic Officer (or equivalent leader) to participate in the program.
- Appoint a designated LIFT lead as the primary point of contact and identify at least two additional contacts.
Note: The primary point of contact should be the equivalent of a senior academic team member or principal manager.
- Participate in required TEA-led activities, including a grant kick-off and communities of practice.
- Engage relevant school system and campus leaders, including special programs leadership, as well as teachers, instructional coaches, and special population educators in upfront training, implementation support, and coaching.
- Participate in a needs assessment of current instructional practices and materials.
- Establish or refine systems for instructional leadership, schoolwide routines, and observation and feedback.
- Submit all required grant deliverables, including instructional framework artifacts, implementation plans, school system-level instructional materials transition plan, campus-level implementation action plans, classroom, campus, and school system-level observation data and student outcomes data and progress updates as requested by the Approved Provider or the TEA.
- Participate in TEA-administered surveys and/or focus groups, as requested.
- Use grant funds in alignment with the required allocation structure and ensuring all expenditures support the goals of the LIFT program.
- Permit Approved Providers access to campuses to provide in-person support.
- Ensure teachers have sufficient planning time and use the required protocols.
- Provide print materials for all participating teachers and students.
- Follow the year-long scope and sequence for the instructional materials.
- Meet the minimum number of instructional minutes for the instructional materials.
- Ensure that a number of instructional leaders, aligned with the school system size, will actively participate in monthly implementation support and coaching provided by the Approved Provider.
- Ensure that the school system cabinet regularly engages in data reflection/performance management routines.

Advanced Placement Computer Science Principles (APCSP)

Initiative Description:

The APCSP Grant program is designed to meet workforce demands and provide valuable student pathways to high-wage and in-demand careers. According to the College Board, students who took an APCSP course were twice as likely to continue along a computer science pathway. Students who took an APCSP course in high school were three times more likely to major in computer science in college, with this data being consistent across various demographics. With the LASO 4 APCSP Grant funds, Texas public schools can begin to build, expand, and sustain a computer science pathway.

Review the Eligibility Criteria, Initiative Assurances, and Initiative Requirements listed below and indicate the school system's acceptance.

Eligibility Criteria:

- All Texas school systems are eligible.

Initiative Assurances:

As the applicant, the school system hereby agrees to:

- Contract with an Approved Provider from the LASO Cycle 4 Approved Provider List for curriculum and training.
- Adhere to all Statutory and TEA Program Requirements and Assurances as noted in the 2025-2026 APCSP Grant Program Guidelines.
- Adhere to all APCSP Grant performance measures as noted in the 2025-2026 APCSP Grant Program Guidelines.
- Use grant funds only for APCSP classroom supplies and technology, teacher training, and directly related expenses for implementing an APCSP course.
- Administer the APCSP exam to district-enrolled students participating in the APCSP course, at no cost to the student.

Initiative Requirements:

As the applicant, the school system hereby agrees to:

- Complete the necessary district process to obtain school board approval to include the APCSP course in the district's course catalog for the 2026-2027 school year.
- Provide the APCSP course exam to enrolled students free of charge.
- Provide the technology, equipment and any additional resources required for a successfully functioning APCSP course.
- Publicize the APCSP course offering to relevant stakeholders, high school students and their parents/guardians.
- Recruit, onboard, and arrange for professional development for certified teachers to teach the APCSP course.
- Provide a description of how the funds will be used, if awarded.
- Continue providing the current level or increase the number of APCSP course opportunities.
- Provide the number of district campuses that will offer the APCSP grant opportunity and the number of teachers to be trained.
- Provide the necessary student support structures to prepare enrolled students to score 3 or higher on the APCSP exam.

1. Does the school system agree to meet the Eligibility Criteria, Initiative Assurances, and Initiative Requirements listed above?

- Yes
 No

Advanced Placement Computer Science Principles (APCSP) (cont.)

Initiative Specific Questions for the Advanced Placement Computer Science Principles (APCSP) Grant.

1. If this grant is awarded, briefly describe how the school system plans to use the funds provided with this grant.

Continue to recruit and build out our AP classes. Seek additional training for our AP teacher. Provide better MS support to prepare students before they enter high school so they are ready to be successful.

2. Does the school system currently offer College Board Advanced Placement courses for student enrollment?

- Yes
- No

3. Does the school system currently offer an APCSP course on one or more campuses?

- Yes
- No

4. Has the school system participated in any other APCSP grant opportunities?

- Yes
- No

5. If awarded, how many of the school system's campuses will offer the APCSP course? (Min: 1, Max: Not to exceed the number of available campuses)

1

6. If awarded, how many teachers will be trained during the summer of 2026 to teach one or more sections of the APCSP course in fall 2026?

PREP Residency Preservice Program Allotment

Allotment Opportunity:

The PREP Residency Preservice Program empowers school systems to play a central role in cultivating a pipeline of well-prepared, highly qualified teachers by embedding paid preservice teacher residency candidates directly into classrooms of highly qualified host teachers. Through close collaboration with educator preparation programs, participating school systems support teacher residents in earning an enhanced standard teaching certificate while gaining hands-on experience on campuses across the school system. By expanding the reach and effectiveness of residency models, the PREP Residency Preservice Program enhances instructional capacity and increases student access to skilled educators—ultimately advancing educational outcomes.

1. Does the school system wish to be considered for this Allotment Opportunity?

The applicant must agree to train its resident cooperating teachers via the Texas Mentorship Training.

TEA anticipates proposing rule to further defining cooperating teachers for the purpose of PREP Residency Preservice Program by adopting the definition of host teacher currently in TAC §228.95.

Roles

- **Resident Cooperating (Host) Teacher:** For the PREP Preservice Residency Program, statute defines a cooperating teacher as a classroom teacher who is a school system employee; has at least three full school years of teaching experience with a superior record of assisting students in achieving improvement in student performance; and is paired with one or more teacher candidates (new TEC §21.902).
- **PREP Mentorship Training Requirements:** Summer 2026, Fall 2026, Winter 2026-27 and Spring 2027 (24-30 total hours)

School systems must self-report the estimated number of resident cooperating teachers that would attend training for SY 2026-27.

7. How many host teachers does the school system estimate will attend the training? (*Min: 1, Max: 40*).

Note: This should correlate to the anticipated number of residents the school system will have in SY 2026-27.

Roles

- **Mentor Teacher:** A teacher who, to the extent practicable, teaches in the same school, subject, and/or grade level of the beginning teachers they mentor, completes a mentor teacher training program established by TEA, has at least three years of teaching experience, and demonstrates instructional and leadership skills under TEC §21.458 and §21.907.
- **School system and/or Campus Leader:** Any appropriate district and campus employees who work with the classroom teacher or supervise the classroom teacher under TEC, §21.458

PREP Mentorship Training Requirements

- **Pathway 1 (Mentoring Educator) Training:**
 - This pathway is intended for mentoring educators, such as mentor teachers, who provide direct mentoring to beginning teachers.
 - Pathway 1 training will occur in Summer 2026, Fall 2026, Winter 2026-27, and Spring 2027 for a total of 24-30 hours.
- **Pathway 2 (School system & Campus Leader) Design Sessions:**
 - This pathway is intended for school system and campus leaders who will be planning & implementing mentorship programs (*e.g., program managers, district mentoring staff, campus principals, etc.*).
 - Pathway 2 design sessions will occur in Spring 2026, Summer 2026, Fall 2026, and Spring 2027 for a total of 15-16 hours.

** Note: Per TEC §21.458, appropriate school system and campus employees who work with the beginning teachers or supervise beginning teachers are required to attend mentorship training. This requirement may be fulfilled by either Texas Mentorship Training Pathway 1 or Pathway 2; these individuals may attend both Pathways 1 and 2, if desired.*

5. School systems must self-report the estimated number of mentor teachers and school system & campus leaders that would attend Pathway 1 training for Year 1 implementation (SY 2026-27). See '**Roles**' definition above.

Texas Strategic Staffing for Residencies (TSS) Grant

Initiative Description:

The Texas Strategic Staffing for Residencies Grant focuses on making staffing and scheduling decisions driven by immediate and long-term instructional needs. This is a two-year grant designed to provide in-kind technical assistance and other support to school systems and educator preparation program (EPP) partnerships to design and implement paid, year-long, high-quality, and sustainable teacher residencies across SY 2026-27 and SY 2027-28. The grant provides partial funding for at least one school system staff member to oversee the program, including coordination between the school system, technical assistance provider, and EPP.

Review the Eligibility Criteria, Initiative Assurances, and Initiative Requirements listed below and indicate the school system's acceptance.

Eligibility Criteria:

As the applicant, the school system hereby agrees to:

- Have a signed [EPP Verification Form](#) (template posted with the application) from each EPP partner that has a State Board of Educator Certification (SBEC)-approved Texas Teacher Residency Preparation Route ([TTRPR](#)).
- Not a recipient of the SY 2024-25 Sustainable Residency Continuation Grant (see award list [here](#)).
- Not a recipient of the SY 2025-27 Texas Strategic Staffing Grant for Sustainable Paid Teacher Residency Program (see award list [here](#)).

Initiative Assurances:

As the applicant, the school system hereby agrees to:

- **General Initiative Assurances**
 - Appoint a School System Strategic Staffing Lead who will serve at least 20% of their time and effort to oversee the Texas Strategic Staffing for Residencies Grant and as the point of contact for the ESC technical assistance provider? Note: School System Strategic Staffing Lead, in conjunction with the ESC, will coordinate with other school system staff on the design and implementation teams to schedule grant activities and complete program deliverables.
 - Develop clear companion guides, which include parameters for the selected strategic staffing model and communication plans, and share them with all stakeholders involved with resident placement in the school system and educator preparation programs (EPPs).
 - Share data, such as historic teacher vacancies or student characteristic data, with the ESC technical assistance provider to inform design and implementation year decisions.
 - Submit data to TEA on grant implementation and outcomes including, but not limited to the following:
 - Number of teacher residents participating in the year-long paid teacher residency.
 - School placement of residents during their residency year.
 - Selected strategic staffing models.
 - Resident and host teacher compensation.
 - Characteristics of teacher residents participating in the program.
 - Number and type of teacher certifications awarded to teacher residents.
- **Sustainable Funding for Residencies**
 - Design and implement a strategic staffing model plan that will ensure that the teacher residency model will be sustainably funded by the school system by school year (SY) 2028-29.
Note: the plan must include sustainable funding for teacher residents and host teacher stipends/salaries.
- **School System and EPP Partnerships**
 - Establish a partnership with at least one EPP that has been approved by the SBEC to offer the Texas Teacher Residency Preparation Route (TTRPR).
 - Sign a letter of commitment or a memorandum of understanding (MOU) with the ESC technical assistance provider. The EPP(s) must also confirm their commitment to the strategic staffing design and implementation process with the applicant.
 - Set shared goals for school system paid resident placements in mutually beneficial staffing model positions.
 - Hold structured governance meetings at least quarterly to analyze teacher resident data and develop plans for teacher residency continuous improvement during the SY 2027-28 residency implementation year.
 - Work collaboratively with your EPP partner(s) to design a strategic staffing model and corresponding stipend amounts.
 - Adhere to all educator preparation program requirements for residency in the Texas Administrative Code (TAC) Chapter 228.

- Provide preferential hiring, to the greatest extent possible, to teacher residents who have successfully completed the teacher residency program and received enhanced standard certification.
- **Technical Assistance for Design and Implementation**
 - Work with an ESC technical assistance provider for the SY 2026-27 and 2027-28 school years to make key decisions and design structures that enable internal capacity to continue the strategic staffing models without the support of the technical assistance provider in SY 2028-29 and beyond.
 - Ensure that a designated team of leaders from the school system, campuses, and EPP(s) will actively participate in strategic staffing model training and technical assistance support activities beginning in SY 2026-27.
 - Attend sustainability meetings with their technical assistance provider each semester of SY 2027-28 (implementation year) to determine sustainable strategic staffing model and funding sources, as applicable, after the life of the grant.
 - Manages or directly supports the school system’s PREP Residency Preservice Program if awarded the PREP Residency Preservice Program Allotment.

Initiative Requirements:

As the applicant, the school system hereby agrees to:

- The school system has **NOT** participated in either the 2024-2025 Sustainable Residency Continuation Grant or the 2025-2027 Texas Strategic Staffing Grant for Sustainable, Paid Teacher Residency Program.

1. Does the school system agree to meet the Eligibility Criteria, Initiative Assurances, and Initiative Requirements listed above?

Integration with the Teacher Incentive Allotment (TIA) Framework: Although Sunnyvale ISD is currently in its planning year for TIA the district is designing its local designation system to align with mentor and residency teacher effectiveness. Once implemented the TIA will provide a sustainable funding source to compensate high-performing mentor teachers who support residents. Embedding residency mentorship within the TIA framework will reduce reliance on grant funds while rewarding instructional excellence and retention. Virtual and Hybrid Program Accelerator (VHPA)

Initiative Description:

The Virtual and Hybrid Program Accelerator (VHPA) enables school systems and open-enrollment charter schools to design and launch high-quality virtual and hybrid programs or campuses, as defined under Texas Education Code (TEC) Chapter 30B. The goal of the program is to establish schools that are intentionally structured to achieve A or B accountability ratings and deliver rigorous, engaging instruction tailored to meet the diverse needs of students across Texas. Through VHPA, participating school systems receive funding and technical assistance to develop flexible, personalized learning models that support students requiring adaptable education pathways. The program also enables school systems to implement innovative staffing strategies, expand course offerings, and increase access to high-quality instruction statewide.

Review the Eligibility Criteria, Initiative Assurances, and Initiative Requirements listed below and indicate the school system's acceptance.

Eligibility Criteria:

As the applicant, the school system hereby agrees to:

- Have not participated in a previous VHPA cycle.

Initiative Assurances:

As the applicant, the school system hereby agrees to:

- Program leads of awarded applicants have at least 16 hours of release time built into their weekly schedules to plan and create the virtual or

hybrid program or campus.

- Ensure that the program or designated campus leader possesses relevant experience or can exhibit the competencies necessary to lead a virtual or hybrid program or campus effectively.
- Design and manage strategic initiatives that improve instructional quality and student engagement, and they are committed to building their capacity to support high-quality virtual and hybrid models.
- As part of the program commitment for Year 1 of VHPA, submit a comprehensive launch plan for a full-time virtual or hybrid program or apply for authorization to operate a virtual or hybrid campus to operate in 2027-2028 school year.

Note: If the school system does not meet participation expectations or disengage from VHPA, they may have their membership from the VHPA terminated and forfeit any access to remaining funding.

Initiative Requirements:

As the applicant, the school system hereby agrees to:

- Establish a dedicated VHPA Team responsible for developing and implementing the full-time virtual or hybrid campus or program.
- Collaborate with a TEA-assigned technical assistance (TA) provider and participate in TA-supported activities such as cohort workshops, monthly coaching calls, step backs, planning sessions, or implementation deliverables.
- Ensure adaptability and dedication in program model design to align with research-based practices for high-quality virtual and hybrid models.
- By the end of Year 1 of VHPA support, launch a full-time virtual or hybrid program or apply for authorization to operate a full-time virtual or hybrid campus beginning the 2027-2028 school year.

Note: For full-time virtual or hybrid campuses, Year 2 of VHPA TA support and funds are contingent upon the full-time virtual or hybrid campus receiving authorization.

- Ensure that any partnership with a private or third-party vendor preserves the school system's ability to design, adapt, and implement the virtual or hybrid program to meet local needs.
- Disclose any vendor-imposed services, limitations that may affect program flexibility, instructional design, or operational decision-making.
- If selecting a private or third-party provider to operate the school, collaborate with the designated technical assistance partner to develop a comprehensive provider selection plan that includes:
 - Defined criteria for evaluating potential providers.
 - Detailed cost analysis and breakdown of services.
 - Consideration of the provider's historical performance (e.g., student academic outcomes).
- If selecting a private or third-party provider to operate the program or campus, formalize and monitor the partnership with a third-party provider by:
 - Submitting memoranda of understanding (MOU) or formal agreements outlining responsibilities of both the provider and the school system or charter.
 - Establishing a system for progress monitoring, including required reports on student engagement and academic progress.
 - Defining action items if the provider fails to meet success criteria for the campus or program.
- Complete all required deliverables and meeting milestones by the scheduled timeline specified by the VHPA, including:
 - Define a clear and compelling rationale for launching the virtual or hybrid program/campus, including the specific student population or campus it will serve.
 - Present evidence of community interest in a virtual or hybrid learning option, including data collected through surveys, focus groups, or other engagement methods.
 - Develop and implement comprehensive plans to achieve program objectives, including an academic plan that outlines curriculum, instructional methods, approaches for monitoring student progress, and support strategies for special populations and at-risk students.
 - Develop and iterate plans regarding staffing models, school culture, family engagement, and student support.
 - Update operations such as staffing, schedules, finances, technology, and cybersecurity to support virtual or hybrid models.
 - Provide a professional development plan for instructional staff that includes training specific to virtual and hybrid instruction, along with ongoing, job-embedded coaching to strengthen instructional quality and student engagement.
 - Present evidence of training and development for teachers and leaders to ensure high-quality virtual or hybrid instruction.
 - Use data to monitor student engagement and academic progress, ensuring alignment with grade-level standards and research-based instructional strategies specific to virtual and hybrid learning.
 - Engage in three improvement cycle sessions using data to inform ongoing development. School systems will share data that reflects program implementation and outcomes. This may include student engagement, progress toward grade-level mastery in virtual and hybrid courses (BOY, MOY, EOY), teacher instructional practices and growth in serving virtual and hybrid learners, and leader support for professional learning communities and job-embedded coaching.
 - Obtain formal approval from the school system's governing board to launch a virtual or hybrid program/campus and ensure this approval is secured prior to applying for authorization. For virtual/hybrid campuses, ensure this approval is secured prior to applying for authorization.
 - Submit a detailed plan or contract outlining the scope of services, responsibilities, and decision-making authority in any private or third-party vendor partnership supporting the virtual or hybrid program/campus (*if applicable*).
 - Submit a comprehensive launch plan and either implement a virtual or hybrid program or apply for authorization to operate a virtual or hybrid campus that is expected to begin operating in the 2027-2028 school year.

1. Does the school system agree to meet the Eligibility Criteria, Initiative Assurances, and Initiative Requirements listed above?

4. What type of program is the school system planning on opening?

- Virtual
- Hybrid
- TBD

5. How does the school system envision instructions to delivered in the program?

- Asynchronous only
- Synchronous only
- Both asynchronous and synchronous
- Undecided

6. Will the school system be in Year 1 of the school system wide adoption of HQIM in core subjects?

- Yes

No

7. Current or anticipated student enrollment number in the virtual/hybrid program or campus?

100

8. Describe how the school system calculated the enrollment number above.

(i.e. current number of students enrolled, number of interested students via family survey)

The enrollment number was determined through a combination of student interest surveys and staff input. First we surveyed students to measure the level of interest and identify those who would likely select the program or course. In addition teachers and staff provided insight based on current course requests academic plans and student readiness. We reviewed this information along with existing enrollment trends to arrive at a projected enrollment total that reflects both student demand and staff expertise regarding student placement.

9. Which best describes where the school system is in the virtual/hybrid program?

- Are in the planning phase and currently do not have a virtual or hybrid program, but intend to launch in SY26-27.
- Have a plan and will be ready to launch a virtual/hybrid program this school year (SY26-27) with some additional support.
- Are currently running a virtual and hybrid program and would like feedback and support to build on it to launch a more robust program in SY27-28.
- Are in the planning phase and currently do not have a virtual or hybrid program but intend to apply for authorization to operate a virtual or hybrid campus in the SY27-28.
- Have a plan and will be ready to launch a virtual/hybrid program this school year (SY26-27). With some additional support, we plan to apply for authorization to operate a virtual or hybrid campus in the SY27-28.
- Are currently running a virtual and hybrid program and would like feedback and support to build on it and establish a virtual or hybrid campus in SY27-28.
- Are exploring virtual and hybrid learning options within our school system but unsure about the program type and timeline to launch.

10. Describe how your virtual or hybrid program/campus aligns with the school system's broader strategic goals or improvement plans.

Our hybrid program directly supports the school system's strategic commitment to college and career readiness by providing students with learning experiences that build independence problem solving and digital literacy. The flexible structure allows us to be responsive to the needs of our community by offering options that accommodate varying schedules learning preferences and life circumstances. In addition the program promotes student choice empowering learners to select pathways and instructional formats that best support their goals. By aligning our instructional design with individualized learning plans and ongoing progress monitoring the virtual and hybrid program remains rooted in student success while reinforcing our broader goals for academic preparedness and future readiness.

11. Describe what knowledge or experience the school system's leadership team brings to designing and supporting high-quality virtual or hybrid instruction.

The leadership team brings strong experience and practical knowledge in supporting virtual and hybrid learning. The Executive Director of Teaching and Learning has served as a virtual college instructor for more than ten years and has previously overseen dual credit virtual coursework in larger districts providing a deep understanding of effective online instructional design and student support systems. The P-TECH Coordinator has experience working directly with teachers who provide hybrid and online instruction and is skilled in coaching lesson planning and ensuring alignment to course outcomes in flexible learning environments. In addition the district librarian has extensive experience in instructional technology and will provide ongoing support to teachers in selecting digital tools

integrating media resources
and building engaging virtual learning experiences. Together
this leadership team is well-prepared to guide
train
and support educators in maintaining high-quality virtual and hybrid instruction that meets the needs of students.

12. Describe what research, data, or stakeholder input informed the school system's decision to pursue a virtual or hybrid model.

he decision to pursue a virtual or hybrid model was informed by direct feedback from families
students
and staff who expressed a need for more flexible learning options. Community and parent requests consistently indicated that changing student
needs
work schedules
extracurricular commitments
and individual learning preferences require greater adaptability than a traditional schedule alone can provide. Enrollment and course request
data also reflected growing student interest in alternative learning pathways. Additionally
the district reviewed research and programming in surrounding school systems and community colleges
noting that many are expanding virtual and hybrid offerings to better support college and career readiness. To remain competitive and
responsive to our community
the district chose to implement a model that maintains high academic expectations while providing students with meaningful choice and
flexibility.

13. Which best describes the school system's key areas of need for the virtual/hybrid program?

Note: Answers provided will not limit the type of support the school system will receive if accepted into the program. Instead, this information will be used to better understand the school system's key area of need.

- Aligned, effective vision and model that is responsive to family and student needs.
- Family engagement, communication, and/or recruitment plan.
- Staffing and/or teacher/staff recruitment plan.
- Plan for communicating clear administrator, teacher, student, and family roles within a virtual/hybrid model. *(and wherever needed, support for shifting mindsets)*
- Instructional framework for designing high-quality virtual and hybrid courses aligned to research-based practices.
- Student attendance and engagement plan.
- School Culture and student well-being plan.
- Plan for supporting special populations and at-risk students.
- Student onboarding sessions, including learning strategies and support for cultivating mindsets rooted in the science of learning, self-directed learning skills, how to use digital tools, and help-seeking during asynchronous and/or synchronous instruction.
- Teacher development *(PD and ongoing job-embedded coaching)* to deliver high-quality instruction and learning experiences in a virtual/hybrid model.
- High-Quality Instructional Materials. *(for core curriculum and adjusted for virtual/hybrid learning)*
- Data collection and progress monitoring systems.
- Technology Strategy and Data Privacy Framework. *(including hardware, connectivity, digital tools, and cybersecurity policies)*
- Master schedule that is appropriately set up for virtual or hybrid learning.

14. Describe which additional topics, areas of support, or identified gaps would be most helpful to strengthen the school system's virtual or hybrid model.

First
professional learning focused on best practices for student engagement in online environments would help teachers design lessons that
maintain interaction
accountability
and connection. Second
expanded training in digital assessment tools would support teachers in monitoring student progress and responding to learning needs in real
time. Third
continued access to high-quality digital curriculum resources and platforms would ensure consistency and rigor across courses. Finally
ongoing opportunities to gather feedback from students

families
and staff will be important in refining scheduling
communication systems
and instructional support so the program remains flexible
responsive
and aligned to student success.

15. Describe which curriculum the school system is currently using, or planning to use for virtual learning for core courses.

For the first year of implementation
the school system plans to use teacher-created curriculum for the limited number of core courses offered in the virtual model. Teachers will design their courses using our district curriculum framework and pacing guides
and will supplement instruction with high-quality digital resources and instructional tools to support student learning. This approach allows us to maintain alignment with our existing standards-based curriculum while ensuring that instruction remains authentic and responsive to student needs. As the program develops
we will review student performance data
teacher feedback
and student input to determine which additional curriculum platforms or structured digital course materials may be beneficial for long-term expansion. This phased approach supports thoughtful growth and continuous improvement of the virtual learning program.

16. Which content is the school system considering when adopting new instructional materials or curriculum for virtual learning? (*choose all that apply*)

Note: Curriculum adoption is not a requirement of the program, but rather an optional support; the response to this question will help us better understand the school system's needs.
