

Welcome

Welcome to the Learning Acceleration Support Opportunities (LASO) 25-26 Cycle 4 application.

This consolidated application streamlines school system's access to grant funding, allotments, and in-kind supports and services across 15 opportunities.

Introduction

This application includes 15 initiatives available for school systems to apply for in LASO Cycle 4.

To ensure an informed selection, please follow these steps:

- **Review Program Guidelines:** Examine the program guidelines and resources for each initiative to understand its purpose, eligibility requirements, and assurances.
- **Engage Internal Teams:** Consult with key stakeholders (e.g., board, superintendent, district leaders, campus leaders etc.) to determine which initiatives best align with your school system's needs and capacity.
- **Select Initiatives:** Identify the initiatives that best support your local priorities.
- **Complete the Application:** Submit responses only for the initiatives your school system chooses to apply for.

Review each initiative by clicking the links to its program guidelines below:

Curriculum & Instruction Serving Grants

- [Leadership & Instructional Foundations for Texas \(LIFT\)](#)
 - *LIFT merges programs formerly known as Strong Foundations- SF, Texas Instructional Leadership- TIL, and Texas Lesson Study- TXLS*
- [LIFT Add-On: School Improvement PLC Support \(LIFT SI PLC\)](#)
 - *(available only for Title I Comprehensive, Targeted, and Addtl Targeted)*
- [School Improvement Curriculum and Instruction Support Grant \(SI CISG\)](#)
 - *(available only for Title I Comprehensive, Targeted, and Addtl Targeted)*
- [Blended Learning Grant \(BLG\)](#)
 - *Two Cohorts: Academic – Math or RLA cohort and Strategic Operations Cohort*
- [AP Computer Science Principles \(APCSP\)](#)

Education and Training

- [PREP Program Allotment](#)
 - [PREP Residency Preservice Program](#)
 - [PREP Grow Your Own \(GYO\) Program](#)
 - [PREP Mentorship Program](#)
- [Texas Strategic Staffing for Residencies \(TSS\) Grant](#)

Additional Resources and Considerations

Additional Resources

- [Initiative One-Pagers](#): Provides school systems with a concise summary of each initiative in LASO Cycle 4.
- [Eligibility & Prioritization Matrix](#): Provides eligibility and prioritization criteria that will enable a school system to predict the likelihood of receiving an award.
- [Initiative Selection Tool](#): Provides a Scenario map to guide selection of the right fitting initiative based on need.
- [Role and Responsibilities Insight Tool](#): Identifies the types of responsibilities for each role and show where roles overlap across initiatives.

Key Considerations for Submission

- Each school system may submit only one application. If multiple applications are submitted, only the most recent submission (based on timestamp) will be accepted.
- The application must be signed by the superintendent to be considered formally submitted. Only signed applications will be scored and considered for award. If the superintendent is unavailable to sign by the deadline, email LASO@texas.tea.gov for guidance.
- School systems have 60 days to complete the application. The application opens on October 3, 2025, and must be submitted by December 3, 2025, at 5:00 PM CT.

School System Calendar

For the 2026–27 school year, select the option that best describes your school system’s instructional calendar:

- 165 or more instructional days
- Fewer than 165 instructional days
- Fewer than 165 instructional days in 2026–27, but planning to transition to 165 or more days in a future year

LASO Cycle 4 Assurances

As the applicant, the school system hereby agrees to:

- Commit to all assurances associated with the initiatives they intend to apply for.
Failure to agree to these assurances may prevent the school system from completing the application or being considered for awards.

- Ensure the superintendent approves participation in all selected initiatives.

If assurances are not met or the school system disengages from the supports/initiatives provided, TEA may impose conditions on the award, including terminating participation or reducing awarded funds.

- Meet the [General and Fiscal Guidelines](#).

The school system certifies its commitment to all assurances listed above?

Advanced Placement Computer Science Principles (APCSP)

Initiative Description:

The APCSP Grant program is designed to meet workforce demands and provide valuable student pathways to high-wage and in-demand careers. According to the College Board, students who took an APCSP course were twice as likely to continue along a computer science pathway. Students who took an APCSP course in high school were three times more likely to major in computer science in college, with this data being consistent across various demographics. With the LASO 4 APCSP Grant funds, Texas public schools can begin to build, expand, and sustain a computer science pathway.

Review the Eligibility Criteria, Initiative Assurances, and Initiative Requirements listed below and indicate the school system's acceptance.

Eligibility Criteria:

- All Texas school systems are eligible.

Initiative Assurances:

As the applicant, the school system hereby agrees to:

- Contract with an Approved Provider from the LASO Cycle 4 Approved Provider List for curriculum and training.
- Adhere to all Statutory and TEA Program Requirements and Assurances as noted in the 2025-2026 APCSP Grant Program Guidelines.
- Adhere to all APCSP Grant performance measures as noted in the 2025-2026 APCSP Grant Program Guidelines.
- Use grant funds only for APCSP classroom supplies and technology, teacher training, and directly related expenses for implementing an APCSP course.
- Administer the APCSP exam to district-enrolled students participating in the APCSP course, at no cost to the student.

Initiative Requirements:

As the applicant, the school system hereby agrees to:

- Complete the necessary district process to obtain school board approval to include the APCSP course in the district's course catalog for the 2026-2027 school year.
- Provide the APCSP course exam to enrolled students free of charge.
- Provide the technology, equipment and any additional resources required for a successfully functioning APCSP course.
- Publicize the APCSP course offering to relevant stakeholders, high school students and their parents/guardians.
- Recruit, onboard, and arrange for professional development for certified teachers to teach the APCSP course.
- Provide a description of how the funds will be used, if awarded.
- Continue providing the current level or increase the number of APCSP course opportunities.
- Provide the number of district campuses that will offer the APCSP grant opportunity and the number of teachers to be trained.
- Provide the necessary student support structures to prepare enrolled students to score 3 or higher on the APCSP exam.

1. Does the school system agree to meet the Eligibility Criteria, Initiative Assurances, and Initiative Requirements listed above?

- Yes
 No

Advanced Placement Computer Science Principles (APCSP) (cont.)

Initiative Specific Questions for the Advanced Placement Computer Science Principles (APCSP) Grant.

1. If this grant is awarded, briefly describe how the school system plans to use the funds provided with this grant.

Our district is committed to expanding access to AP Computer Science Principles. With one current teacher we seek support to enhance curriculum technology and materials for student success. Grant funds will strengthen student support systems to enhance AP exam outcomes and foster sustainability by increasing teacher capacity and future enrollment thereby ensuring the long-term growth of computer science opportunities across the district and improving overall CCMR outcomes.

2. Does the school system currently offer College Board Advanced Placement courses for student enrollment?

- Yes
 No

3. Does the school system currently offer an APCSP course on one or more campuses?

- Yes
 No

4. Has the school system participated in any other APCSP grant opportunities?

- Yes
 No

5. If awarded, how many of the school system's campuses will offer the APCSP course? (Min: 1, Max: Not to exceed the number of available campuses)

3

6. If awarded, how many teachers will be trained during the summer of 2026 to teach one or more sections of the APCSP course in fall 2026?

Additional Days School Year Planning & Execution Program (ADSY PEP): Full Year Redesign and Summer Learning Cohorts

Initiative Description:

The Additional Days School Year (ADSY) Grant is a voluntary, three-year grant initiative designed to support school systems and open-enrollment charter schools in developing and sustaining high-quality ADSY programs.

The ADSY grant provides participating local education agencies (LEAs) with comprehensive support to design programs that are grounded in research and aligned with evidence-based practices that improve student outcomes. The program structure includes:

- Year 1: Planning - School systems engage in a year-long planning process with TEA-approved technical assistance providers to design a strategic, research-aligned ADSY model tailored to their local context.
- Years 2-3: Implementation Refinement and Continuous Improvement - School systems receive ongoing support to strengthen program quality, monitor outcomes, and make data-informed adjustments to ensure long-term success and sustainability.

This structured approach builds school system capacity in program design, strategic planning, and change management. It ensures that additional instructional days are effectively implemented and aligned with school system priorities to maximize academic impact.

School systems participating in the Grade 6- 8 Expansion opportunity pilot will follow a slightly shorter timeline, with grant support lasting for two years.

School systems will be able to select between two ADSY models, Full Year and Summer, to receive planning and implementation support aligned with research-based best practices.

Review the Eligibility Criteria and Initiative Assurances listed below and indicate the school system’s acceptance.

Eligibility Criteria:

As the applicant, the school system hereby agrees to:

- Participating campuses must operate on a 175-day instructional calendar or have a board-approved plan to implement such a calendar by the 2026–2027 school year.
- Campus must be implementing an IMRA-approved product as their Tier 1 during the regular school year.

Note: For Campuses That Have Not Previously Accessed ADSY Funding Under the ADSY Planning and Execution Program (PEP)

- The participating campus must serve students in one or more grade levels within PK–5.

Note: Previously Participated in ADSY PEP and Seek to Expand to Grades 6–8

- The participating campus(es) must serve students in one or more grade levels within 6-8.

Initiative Assurances:

As the applicant, the school system hereby agrees to:

- Assign a qualified and experienced project manager with district-level decision-making authority who can align campus-based actions with district goals, and who will:
 - Attend all Learning Community professional development workshops.
 - Participate in calls with the designated approved provider.
 - Lead the District’s ADSY PEP steering committee.
 - Ensure timely and high-quality completion of the LEA’s ADSY PEP strategic plan and deliverables.

- Form a cross-departmental Steering Committee that meets at least monthly and includes representatives from both the Finance and Curriculum & Instruction teams to guide strategic planning.
- Attend and actively participate in all required grant orientation meetings, Professional Development sessions, Technical Assistance (TA) meetings, and maintain open, responsive communication with the assigned TA provider throughout the grant period.
- Complete the comprehensive ADSY PEP Strategic Plan using the provided planning resources and templates, and submit it by the designated deadlines.
- Understand that continuation in the ADSY PEP grant is contingent upon demonstrated effort to implement feedback, adherence to all grant requirements, and evidence of yearly progress.
- Failure to secure board approval of an ADSY-eligible calendar (defined as a 175-day base instructional calendar with 75,600 operational minutes) for the 2026–2027 school year at participating campuses will result in ineligibility to continue in ADSY PEP.
- Maintain the annual ADSY-eligible calendar approval process at participating campuses for the full duration of the grant, and acknowledge that failure to secure board approval in future years during the ADSY PEP grant cycle will result in ineligibility for continued funding, if available.

1. Does the school system agree to meet the Eligibility Criteria and Initiative Assurances listed above?

- Yes
- No

Additional Days School Year Planning & Execution Program (ADSY PEP): Full Year Redesign and Summer Learning Cohorts (cont.)

ADSY Calendar Requirement:

Additional Days School Year funding is the foundation of the ADSY grant and includes an eligibility requirement of conducting a minimum of 175-day instructional calendar at the participating campuses.

1. Does the school system agree to the ADSY grant requirement of implementing and maintaining a base academic calendar of 175 instructional days and 75,600 operational minutes, and adding at least 25 Additional Days (aligned to the approved model) to the calendar at the eligible campuses for the full duration of the grant?

- Yes
- No

Additional Days School Year Planning & Execution Program (ADSY PEP): Full Year Redesign and Summer Learning Cohorts (cont.)

ADSY Pathway:

1. Has the school system previously participated in the ADSY Full Year or Summer Cohort?

- Yes
- No

2. Which ADSY Cohort will the school system be applying to:

- ADSY Summer
- ADSY Full Year

Additional Days School Year Planning & Execution Program (ADSY PEP): Full Year Redesign and Summer Learning Cohorts (cont.)

New PK–5 Campus Participation

1. Select up to three ADSY-eligible campuses serving grades **PK-5** that the school system is applying for:

A W ORR EL - CP-(212905124)

PEETE EL-(212905115)

2. Do **all of the selected campuses** above currently operate on a 175-day instructional day calendar (not including staff development waivers) for the 2025-2026 school year?

- Yes
- No

2a. Upload the board-approved calendar.

Note: Upload a PDF file using the following naming convention - [School System or Campus Name].[Initiative Acronym].[Document Name].pdf

3. Is the school system currently implementing an IMRA-approved, full-subject Tier 1 HQIM for Math at the campuses anticipated to participate in the ADSY grant?

- Yes
- No

4. What is the full name of the Math instructional material(s)

Accelerate Learning - StemScopes

5. Is the school system currently implementing an IMRA-approved, full-subject Tier 1 HQIM for RLA at the campuses anticipated to participate in the ADSY grant?

- Yes
- No

6. What is the full name of the RLA instructional material(s)

Amplify Skills

Additional Days School Year Planning & Execution Program (ADSY PEP): Full Year Redesign and Summer Learning Cohorts (cont.)

Initiative Specific Requirements for the ADSY Full Year Cohort

Note: School systems that agree with program specific requirements will be prioritized.

1. Does the school system agree to add between 25 and 30 additional instructional days (ADSY days) to the campus's base ADSY-eligible academic calendar, for all students enrolled at the campus?

Note: ADSY days must be separate days from regular instructional calendar days.

- Yes
- No

2. Does the school system agree to ensure that 75% of their ADSY days are placed between August and March of the implementation years?

- Yes
- No

3. Does the school system agree to assign a teacher who meets its certification requirements to deliver instruction across the 200+ instructional days (175 base days plus 25–30 additional full days)?

- Yes
- No

4. Does the school system agree that as part of their planning year, they must develop and implement a strategic master scheduling plan that includes two critical ADSY Full Year shifts for students:

- Structured brain breaks for students during the regular school year
- Enrichment

- Yes
- No

5. Does the school system agree to use the tools and resources provided to conduct a desk audit to verify teacher planning time allocations at the campus prior to the ADSY Full Year, and to demonstrate a measurable percentage increase in teacher planning time during subsequent ADSY Full Year implementation years?

- Yes
- No

Additional Days School Year Planning & Execution Program (ADSY PEP): Full Year Redesign and Summer Learning Cohorts (cont.)

Initiative Specific Questions for both Cohorts

1. Does the school system currently have a formal partnership in a written agreement with an SBEC-approved educator preparation program (EPP)?

- Yes
- No

2. Are any of the campuses in this ADSY application currently on the [Resource Campus Eligibility List](#)?

- Yes
- No

2a. Will the school system submit a letter of intent this Fall 2025 to pursue the Resource Campus Designation Process?

- Yes
- No

PREP Residency Preservice Program Allotment

Allotment Opportunity:

The PREP Residency Preservice Program empowers school systems to play a central role in cultivating a pipeline of well-prepared, highly qualified teachers by embedding paid preservice teacher residency candidates directly into classrooms of highly qualified host teachers. Through close collaboration with educator preparation programs, participating school systems support teacher residents in earning an enhanced standard teaching certificate while gaining hands-on experience on campuses across the school system. By expanding the reach and effectiveness of residency models, the PREP Residency Preservice Program enhances instructional capacity and increases student access to skilled educators—ultimately advancing educational outcomes.

1. Does the school system wish to be considered for this Allotment Opportunity?

- Yes
- No

Review the Eligibility Criteria and Initiative Assurances listed below and indicate the school system’s acceptance.

Eligibility Criteria:

As the applicant, the school system hereby agrees to:

- Any school system, which includes open-enrollment charter schools, and SB 1882 Operating Partners who read and agree to the requirements in relevant sections of the Texas Education and Texas Administrative codes cited in these guidelines is eligible for the PREP Allotment.
- School systems who are partnered with an Educator Preparation Program (EPP) approved by the State Board of Educator Certification (SBEC) to offer the teacher residency route must have formal written partnership agreement(s) with the EPP(s). School systems will have residents for SY 26-27.

Initiative Assurances:

As the applicant, the school system hereby agrees to:

- Read and abide by TEC §21.902 (PREP Preservice Program).
- Read and abide by TEC §21.904 (PREP Residency Preservice Program).
- Read and abide by TEC §48.157 (PREP Program Allotment).
- Read and abide by TAC related to the PREP Residency Preservice Program, which will be posted in the Texas Register for public comment during the 2025-26 school year and become effective prior to the start of the 2026-27 school year.

Note: TEA anticipates sharing specific dates related to rulemaking in Fall 2025.

For more details regarding Texas Education Code TEC §21.904 (PREP Residency Preservice Program) and TEC §§21.902, 48.157 see: [PREP RESIDENCY LASO 4 Pop Out Document](#).

- Appoint a representative to engage in all required PREP Allotment & PREP Residency Preservice Program communications.
- Have a written agreement with an educator preparation program for PREP Residency Preservice Program implementation by the 2026-2027 school year.

1. Does the school system agree to meet the Eligibility Criteria and Initiative Assurances listed above?

- Yes
- No

The applicant must agree to train its resident cooperating teachers via the Texas Mentorship Training.

TEA anticipates proposing rule to further defining cooperating teachers for the purpose of PREP Residency Preservice Program by adopting the definition of host teacher currently in TAC §228.95.

Roles

- **Resident Cooperating (Host) Teacher:** For the PREP Preservice Residency Program, statute defines a cooperating teacher as a classroom teacher who is a school system employee; has at least three full school years of teaching experience with a superior record of assisting students in achieving improvement in student performance; and is paired with one or more teacher candidates (new TEC §21.902).
- **PREP Mentorship Training Requirements:** Summer 2026, Fall 2026, Winter 2026-27 and Spring 2027 (24-30 total hours)

School systems must self-report the estimated number of resident cooperating teachers that would attend training for SY 2026-27.

7. How many host teachers does the school system estimate will attend the training? (*Min: 1, Max: 40*).

Note: This should correlate to the anticipated number of residents the school system will have in SY 2026-27.

PREP Grow Your Own (GYO) Program Allotment

Allotment Opportunity:

Review the program descriptions for both PREP GYO and PREP Residency Preservice Program and choose your answer below:

Note: Per TEC §21.906(c), school systems may participate in the PREP GYO Program only if they have been approved to participate in a partnership preservice program (PREP Residency Preservice Program). School systems must apply for the PREP Residency Preservice Program

1. Does the school system wish to be considered for this Allotment Opportunity?

- Yes
- No

PREP Grow Your Own (GYO) Program Allotment

Initiative Description:

The PREP Grow Your Own (GYO) Program enables school systems, through partnering with qualified institutions of higher education and educator preparation programs, to establish innovative staffing pipelines that prepare and retain educators and thereby, increase student access to high-quality classroom teachers. The PREP GYO program provides funding through which participating school systems support (A) school system employees who do not hold a teaching certificate in completing a bachelor's degree and enrolling in a preparation program to ultimately become a certified teacher while employed by the school system and (B) high school students in completing career and technical education courses that help prepare the students to become classroom teachers. Funding may be used to implement the PREP Grow Your Own Program and pay tuition and fees for participating students or employees.

Review the Eligibility Criteria and Initiative Assurances listed below and indicate the school system's acceptance.

Eligibility Criteria:

As the applicant, the school system hereby agrees to:

- Any school system, which includes open-enrollment charter schools, and SB 1882 Operating Partners who read and agree to the requirements in relevant sections of the Texas Education and Texas Administrative codes cited in these guidelines is eligible for the PREP Allotment.
- School systems may participate in the PREP GYO Program only if they have been approved to participate in a partnership preservice program. For the LASO 4 application cycle, school systems must apply for and also participate in the PREP Residency Preservice Program.

Initiative Assurances:

As the applicant, the school system hereby agrees to:

- Read and abide by TEC §21.906 (PREP Grow Your Own Program).
- Read and abide by TEC §48.157 (PREP Program Allotment).
- Read and abide by TAC sections related to the PREP Grow Your Own (GYO) Program, which will be posted to the Texas Register for public comment during the 2025-26 school year and become effective prior to the start of the 2026-27 school year.

Note: TEA anticipates sharing specific dates related to rulemaking in fall 2025.

For more details regarding Texas Education Code TEC §21.906 (PREP Grow Your Own Program) and TEC §48.157 (PREP Program Allotment) see: [PREP GYO LASO 4 Pop Out Document](#).

- Appoint a representative to engage in all required PREP Allotment & PREP Grow Your Own Program communications.
- Form a written agreement partnership with an institution of higher education and educator preparation program, as applicable, to support PREP GYO Program implementation. The partnership to adhere to program assurances and submit information to the agency upon request by August 2026:
 - School system employees who do not hold a teaching certificate in completing a bachelor's degree to enable the person to enroll in an educator preparation program and become a certified teacher while employed by the school system, and if applicable.
 - High-school students in completing career and technical education courses that help prepare the students to become classroom teachers.
- Form a written agreement partnership with an institution of higher education or educator preparation program by the SY 2026-27 that supports (A) school system employees who do not hold a teaching certificate in completing a bachelor's degree to enable the person to enroll in an educator preparation program and become a certified teacher while employed by the school system, and if applicable (B) high school students in completing career and technical education courses that help prepare the students to become classroom teachers.

1. Does the school system agree to meet the Eligibility Criteria and Initiative Assurances listed above?

The PREP Grow Your Own (GYO) Program is designed to form partnerships that support the following:

- High school students in completing career and technical education courses that help prepare the students to become classroom teachers.
- School system employees who do not hold a teaching certificate in completing a bachelor's degree to enable the person to enroll in an educator preparation program and become a certified teacher while employed by the school system.

Note: Funding will be determined by each participating employee (TEC §48.157(b)(4)) and can be used to pay tuition and fees for high school students and employees participating in the program.

3. Which programming is the school system aiming to support through the PREP Grow Your Own (GYO) Program?

- Supporting school system employees with completing their bachelor's degree and earning teacher certification
- Supporting employees and high school education & training

4. How many employees does the school system anticipate participating in the PREP Grow Your Own (GYO) Program?

(Min: 1, Max: 40 as per TEC §48.157 PREP Program Allotment)

5. The TEA may provide in-kind technical support for PREP Grow Your Own (GYO) Program planning and implementation. If these supports were made available, would the school system be interested in joining a webinar to learn more about them?

Note: If selecting yes, the primary and additional points of contact will be contacted with more information.

Virtual and Hybrid Program Accelerator (VHPA)

Initiative Description:

The Virtual and Hybrid Program Accelerator (VHPA) enables school systems and open-enrollment charter schools to design and launch high-quality virtual and hybrid programs or campuses, as defined under Texas Education Code (TEC) Chapter 30B. The goal of the program is to establish schools that are intentionally structured to achieve A or B accountability ratings and deliver rigorous, engaging instruction tailored to meet the diverse needs of students across Texas. Through VHPA, participating school systems receive funding and technical assistance to develop flexible, personalized learning models that support students requiring adaptable education pathways. The program also enables school systems to implement innovative staffing strategies, expand course offerings, and increase access to high-quality instruction statewide.

Review the Eligibility Criteria, Initiative Assurances, and Initiative Requirements listed below and indicate the school system's acceptance.

Eligibility Criteria:

As the applicant, the school system hereby agrees to:

- Have not participated in a previous VHPA cycle.

Initiative Assurances:

As the applicant, the school system hereby agrees to:

- Program leads of awarded applicants have at least 16 hours of release time built into their weekly schedules to plan and create the virtual or hybrid program or campus.
- Ensure that the program or designated campus leader possesses relevant experience or can exhibit the competencies necessary to lead a virtual or hybrid program or campus effectively.
- Design and manage strategic initiatives that improve instructional quality and student engagement, and they are committed to building their capacity to support high-quality virtual and hybrid models.
- As part of the program commitment for Year 1 of VHPA, submit a comprehensive launch plan for a full-time virtual or hybrid program or apply for authorization to operate a virtual or hybrid campus to operate in 2027-2028 school year.

Note: If the school system does not meet participation expectations or disengage from VHPA, they may have their membership from the VHPA terminated and forfeit any access to remaining funding.

Initiative Requirements:

As the applicant, the school system hereby agrees to:

- Establish a dedicated VHPA Team responsible for developing and implementing the full-time virtual or hybrid campus or program.
- Collaborate with a TEA-assigned technical assistance (TA) provider and participate in TA-supported activities such as cohort workshops, monthly coaching calls, step backs, planning sessions, or implementation deliverables.
- Ensure adaptability and dedication in program model design to align with research-based practices for high-quality virtual and hybrid models.
- By the end of Year 1 of VHPA support, launch a full-time virtual or hybrid program or apply for authorization to operate a full-time virtual or hybrid campus beginning the 2027-2028 school year.

Note: For full-time virtual or hybrid campuses, Year 2 of VHPA TA support and funds are contingent upon the full-time virtual or hybrid campus receiving authorization.

- Ensure that any partnership with a private or third-party vendor preserves the school system's ability to design, adapt, and implement the virtual or hybrid program to meet local needs.
- Disclose any vendor-imposed services, limitations that may affect program flexibility, instructional design, or operational decision-making.
- If selecting a private or third-party provider to operate the school, collaborate with the designated technical assistance partner to develop a comprehensive provider selection plan that includes:
 - Defined criteria for evaluating potential providers.
 - Detailed cost analysis and breakdown of services.
 - Consideration of the provider's historical performance (e.g., student academic outcomes).
- If selecting a private or third-party provider to operate the program or campus, formalize and monitor the partnership with a third-party provider by:
 - Submitting memoranda of understanding (MOU) or formal agreements outlining responsibilities of both the provider and the school system or charter.
 - Establishing a system for progress monitoring, including required reports on student engagement and academic progress.
 - Defining action items if the provider fails to meet success criteria for the campus or program.
- Complete all required deliverables and meeting milestones by the scheduled timeline specified by the VHPA, including:
 - Define a clear and compelling rationale for launching the virtual or hybrid program/campus, including the specific student population or campus it will serve.
 - Present evidence of community interest in a virtual or hybrid learning option, including data collected through surveys, focus groups, or other engagement methods.
 - Develop and implement comprehensive plans to achieve program objectives, including an academic plan that outlines curriculum, instructional methods, approaches for monitoring student progress, and support strategies for special populations and at-risk students.
 - Develop and iterate plans regarding staffing models, school culture, family engagement, and student support.
 - Update operations such as staffing, schedules, finances, technology, and cybersecurity to support virtual or hybrid models.
 - Provide a professional development plan for instructional staff that includes training specific to virtual and hybrid instruction, along with ongoing, job-embedded coaching to strengthen instructional quality and student engagement.
 - Present evidence of training and development for teachers and leaders to ensure high-quality virtual or hybrid instruction.
 - Use data to monitor student engagement and academic progress, ensuring alignment with grade-level standards and research-based instructional strategies specific to virtual and hybrid learning.

- Engage in three improvement cycle sessions using data to inform ongoing development. school systems will share data that reflects program implementation and outcomes. This may include student engagement, progress toward grade-level mastery in virtual and hybrid courses (BOY, MOY, EOY), teacher instructional practices and growth in serving virtual and hybrid learners, and leader support for professional learning communities and job-embedded coaching.
- Obtain formal approval from the school system’s governing board to launch a virtual or hybrid program/campus and ensure this approval is secured prior to applying for authorization. For virtual/hybrid campuses, ensure this approval is secured prior to applying for authorization.
- Submit a detailed plan or contract outlining the scope of services, responsibilities, and decision-making authority in any private or third-party vendor partnership supporting the virtual or hybrid program/campus *(if applicable)*.
- Submit a comprehensive launch plan and either implement a virtual or hybrid program or apply for authorization to operate a virtual or hybrid campus that is expected to begin operating in the 2027-2028 school year.

1. Does the school system agree to meet the Eligibility Criteria, Initiative Assurances, and Initiative Requirements listed above?

- TBD

4. What type of program is the school system planning on opening?

- Virtual
- Hybrid
- TBD

5. How does the school system envision instructions to be delivered in the program?

- Asynchronous only
- Synchronous only
- Both asynchronous and synchronous
- Undecided

6. Will the school system be in Year 1 of the school system wide adoption of HQIM in core subjects?

- Yes
- No

7. Current or anticipated student enrollment number in the virtual/hybrid program or campus?

100

8. Describe how the school system calculated the enrollment number above.

(i.e. current number of students enrolled, number of interested students via family survey)

Based on current student enrolled in our RISE academy we are hoping to capture students who could benefit from a flexible schedule and online. Based on the current program formula for staffing and engagement rates and surveying the broader Tyler ISD community for demand (parents students who might switch) we hope to add these anticipated students in addition to those who are already part of the campus programming. We are also considering the need to pilot the virtual/hybrid program with a subset of students (e.g. incoming 9th grade or upperclassmen) to test workflows attendance systems and student supports for efficiency and sustainability.

9. Which best describes where the school system is in the virtual/hybrid program?

- Are in the planning phase and currently do not have a virtual or hybrid program, but intend to launch in SY26-27.
- Have a plan and will be ready to launch a virtual/hybrid program this school year (SY26-27) with some additional support.
- Are currently running a virtual and hybrid program and would like feedback and support to build on it to launch a more robust program in SY27-28.
- Are in the planning phase and currently do not have a virtual or hybrid program but intend to apply for authorization to operate a virtual or hybrid campus in the SY27-28.
- Have a plan and will be ready to launch a virtual/hybrid program this school year (SY26-27). With some additional support, we plan to apply for authorization to operate a virtual or hybrid campus in the SY27-28.
- Are currently running a virtual and hybrid program and would like feedback and support to build on it and establish a virtual or hybrid campus in SY27-28.
- Are exploring virtual and hybrid learning options within our school system but unsure about the program type and timeline to launch.

10. Describe how your virtual or hybrid program/campus aligns with the school system's broader strategic goals or improvement plans.

Our virtual/hybrid program would directly support the district's strategic priorities by expanding access to rigorous flexible learning pathways that meet the needs of diverse learners. The model aligns with our goals of increasing student engagement closing achievement gaps and providing personalized learning opportunities. It also reinforces our commitment to college- and career-readiness by offering AP CTE and accelerated coursework beyond traditional scheduling constraints. Additionally the program supports improvement plan targets by addressing attendance challenges providing alternative learning options for students with unique needs and ensuring equitable access to high-quality instruction regardless of campus or zip code.

11. Describe what knowledge or experience the school system's leadership team brings to designing and supporting high-quality virtual or

hybrid instruction.

The district leadership team brings expertise in virtual and hybrid instruction grounded in experience implementing blended learning models managing districtwide digital platforms and supporting teachers in high-quality instructional practices. Leaders have overseen technology integration initiatives provided professional development on online pedagogy and led campus improvement efforts that include data-driven instruction progress monitoring and differentiated student supports. Several team members have prior experience managing remote learning systems designing flexible scheduling and ensuring compliance with state requirements. Other campuses in the district also receive Blended Learning grants through School Action Fund. This collective experience positions the team to design launch and sustain a high-quality virtual/hybrid program aligned to TEA expectations.

12. Describe what research, data, or stakeholder input informed the school system's decision to pursue a virtual or hybrid model.

The decision to pursue a virtual/hybrid model is grounded in multiple data sources including attendance trends student mobility patterns and parent interest surveys indicating demand for flexible learning options. Student achievement and engagement data showed that some learners thrive in more personalized or asynchronous environments. Research on blended and competency-based learning including TEA guidance and national models such as digital learning best practices informed the program design. Stakeholder input from families teachers principals and district advisory committees further affirmed the need for a structured virtual/hybrid pathway that increases access supports student well-being and provides high-quality instruction aligned with district goals.

13. Which best describes the school system's key areas of need for the virtual/hybrid program?

Note: Answers provided will not limit the type of support the school system will receive if accepted into the program. Instead, this information will be used to better understand the school system's key area of need.

- Aligned, effective vision and model that is responsive to family and student needs.
- Family engagement, communication, and/or recruitment plan.
- Staffing and/or teacher/staff recruitment plan.
- Plan for communicating clear administrator, teacher, student, and family roles within a virtual/hybrid model. *(and wherever needed, support for shifting mindsets)*
- Instructional framework for designing high-quality virtual and hybrid courses aligned to research-based practices.
- Student attendance and engagement plan.
- School Culture and student well-being plan.
- Plan for supporting special populations and at-risk students.
- Student onboarding sessions, including learning strategies and support for cultivating mindsets rooted in the science of learning, self-directed learning skills, how to use digital tools, and help-seeking during asynchronous and/or synchronous instruction.
- Teacher development *(PD and ongoing job-embedded coaching)* to deliver high-quality instruction and learning experiences in a virtual/hybrid model.
- High-Quality Instructional Materials. *(for core curriculum and adjusted for virtual/hybrid learning)*
- Data collection and progress monitoring systems.
- Technology Strategy and Data Privacy Framework. *(including hardware, connectivity, digital tools, and cybersecurity policies)*
- Master schedule that is appropriately set up for virtual or hybrid learning.

14. Describe which additional topics, areas of support, or identified gaps would be most helpful to strengthen the school system's virtual or hybrid model.

To strengthen our virtual/hybrid model the district would benefit from additional support in developing high-quality asynchronous coursework aligned to TEKS deepening teacher capacity in online instructional design and enhancing progress-monitoring systems specific to virtual learning environments. Additional guidance on staffing models scheduling flexibility and sustainability planning would help the district refine long-term implementation. We also seek support in strengthening family engagement systems for virtual learners ensuring consistent communication structures and developing clear metrics for monitoring attendance engagement and mastery in a hybrid setting.

15. Describe which curriculum the school system is currently using, or planning to use for virtual learning for core courses.

The district plans to adopt TEKS-aligned digital curriculum resources that meet state recommendations for high-quality virtual instruction. While we do not currently have a robust HQIM portfolio at the high school level we intend to leverage state-approved and evidence-based materials that provide clear instructional pathways embedded assessments and options for both synchronous and asynchronous learning. Curriculum selections will prioritize rigor accessibility features for diverse learners and seamless integration with the district's LMS. As part of implementation the district will review the TEA Vetted Resources list and other state-supported platforms to ensure the virtual program uses materials aligned with best practices and meets all LASO requirements.

16. Which content is the school system considering when adopting new instructional materials or curriculum for virtual learning? (*choose all that apply*)

Note: Curriculum adoption is not a requirement of the program, but rather an optional support; the response to this question will help us better understand the school system's needs.
